Gentlemen;

Referring to your application to purchase at $ 1.- per acre, under the Irrigation Act, the E.1/2 of the N.W.1/4 of 35 - 16 - 3, west 5th, I am directed by Head Office to say that as the land is vacant there is no objection to its being sold to you at $ 3.- per acre, less the cost of the irrigation works, the value of such improvements will have to be determined by Mr. Dennis, but the price not in any case to be less than $ 1.- per acre.

Sir:-

Referring to your communication of the 5th inst., I see no objections to your paying the indebtedness of $40.00 in connection with your grazing lease in Serip, and also the indebtedness in connection with the purchase of land. The better way for you to do would be to procure your Serip in a $40 and $80 note, which doubtless you can arrange. I am however forwarding a copy of your communication to Head Office for the information of the Department.

Dear Sir:-

I have yours re purchase N.W. 1/4 36 - 18 - 3, and beg to state that F.W.Ings has nothing whatever to do with this transaction, in fact is not aware of it, so that I do not see how he can give quit claim deed where no claim exists. My letter agreeing to the terms of purchase is in my name and the Bank was instructed in writing that in paying in the $120.00 scrip, $40.00 was to be in the name of Ings Bros. and $80.00 in the name of J. Walter Ings. I was unfortunately laid up at the Hospital with "la grippe" or I would have personally looked after the matter. I am about buying out my brother's interest in this Ranche, and it was in anticipation of this that I made the above purchase.

Trusting this explanation will be satisfactory,

Walter Ings, who states that his brother has no interest whatever in the land, and apparently does not desire to request him to Quit Claim something in which he states his brother has no interest whatever. I may say for the information of Head Office that the payment upon this land was made by Mr. Morris, Manager of the Imperial Bank at this point, and at the time the sale was put through it was supposed by this Office ~~kxt~~ that the land was being purchased by Ings Brothers, ~~although~~ nothing was said By Mr. Morris except that Mr. Ings had instructed him to make the payment for him, and the receipt was mailed direct to Messrs. Ings Brothers at High River. If Mr. Morris had instructed the Office to make the receipt out in the name of J. The reason that the Office made out the receipt to the firm was because the original application, dated September 26th, 1899, was

Dear Sir Pearce

I have no word yet of any one driving on [illegible] Patrick was out locating a trail from Calgary to High River but as yet no word of the result

I wish it was over, so that I can get settled up with the C.P.R. I have [illegible] many applications of settlers over one mile land but the Dept. at Ottawa seems to object to my getting any more. So many [illegible] and locating all along Longue Creek that I have to get more land to make our summer range secure. I [illegible] see [illegible] 2. which is in the Porcupine Hills East of the big coulee here. which is five quarter miles from H. River to Lineham. This is in the middle of our summer range. so as after the trail passed us out [illegible] as it [illegible] the [illegible] [illegible] our herding this stock all over near home. I might take the 2/2 sec the South half of

can raise the money. I also bought a purchase of land
of S W 30. T. 2 East of North of High Line. Have you seen
on 6 19. opposite Carlin that I got from the C & E. Ry. I let
you survey it for me. Both these applications were
refused. Our cattle are increasing fast & owing to lack of
the stock we are trying to make ourselves safe.

About some ago in March I think. I purchased the East
1/2 of N W 1/4 Sec. 30. T. 2. Morris of the Provincial
Bank for me. and I gave him written instructions
to pay this in to Saskatoon. in my name. as this purchase.
I was unfortunately laid up. with La Grippe. at the time
that ... by some mistake. I think
of Morris or the Land Office. the receipt was made out in
the name of ... instead of in my name. as the
purchase was entirely on my own. my brother not knowing
anything about it. I got the receipts changed to my
but it was reported to Ottawa in our joint names. and
they now ask me to get a letter from my brother stating that
he has no claim to the land. I am about expecting
from my brother. I have been all ... trying to arrange
terms. We are wanting to come to some arrangement over. but
pending this. to ask him to sign this letter. or even to let him know
of the mistake in the purchase. is simply to give him a cinch
on me. that I dont care to give him. He knows nothing of

to purchase. or that I got the receipt & pay for it.

When we come to terms I have no doubt he will sign the letter. as he has not interest or claim on the land. & I doubt if he knows of the purchase. unless he heard of it thro the Land office. It was a simple & mistake. I was not here & I am also to attend personally to the business.

The Dept. says that until Dept has received [illegible] not entertain any further applications for purchase from me. and want to know what Land I have already applied for.

Besides the land purchased I am 10% of one section I have only applied to purchase the following Govmt. Lands.

East ½. N W ¼. 20. [illegible]

Part S W ¼ 30. 18. 2 " 100 " stone

S W ¼. 6. 19. 2 100

[illegible]

As I think under the Dom: Lands act. I am entitled to purchase 640 acres without [illegible] permission. I cannot understand why my application was refused. It is a serious matter with me. as to have to summer range. means having to [illegible] back more

and I do not suppose he [illegible] to exercise together
of the steelmen already established here.

Or you think you could put in a word for me, by
representing the matter in the proper light. I think a
word from you would have the desired effect.
The Victoria officials do not understand the requirements
of this country as you do. I should have applied
for this land long ago, but could not afford it, now
now, the way things are. A settler may take it any time.

My brother & I are running a livery stable here & if he would
come & join us amicably. I should put it into Court & settle.

Let the matter rest, then I can have the other land. I [illegible]
[illegible] for. I would let this lot stand in Hope Bros. name
but of course would rather not, if I can help it.

I know you will do what you can to help me, and trust
you will not mind my bother. I am pestering you to
With kind regards. Thanking you in anticipation.

In reply to yours of 19th inst. I hope soon to send you the required letter from my brother explaining the mistake about the purchase of E 1/2 of S.W. 1/4 36 - 1 - 3, which should have been in my name alone.

Outside the lands purchased some time ago, in the joint names of J. Walter Ings and Frederick W. Ings, as 10 yr of our lease, the only application made by me for purchase of Govt. lands is as follows.

N. 1/4 of S.W. 1/4	Sec. 30 - 1 - 3,	W. of 5th Mer.	80 acres
S.W. 1/4	" 30 - 1 - 3	"	100 "about
S.W. 1/4	" 6 - 19 - 2	"	160 "
			340 acres

The S.W. 1/4 30 - 19 - 3, East and North of Bird River is about 100 acres, but in my the corner stakes, as the town ship line running North and South between Ranges 2 and 3 has been run and puts a slice of this quarter, as you can see by the township plan as West and South of Bird River.

As I have therefore not applied for the full acreage I am entitled to purchase under the Dom. Lands Act, my application to purchase these lands should be accepted.

Memorandum.

RECEIVED

Mr. Goodeve,

There would appear to be two points raised in this matter of the application of J.Walter Ings to purchase.

1st. Has he already acquired 640 acres of land?

2nd. What is necessary for him to do to warrant the patent for the E.½ of the N.W.¼ 36--18--3 W 5th. to issue to him the application for purchase for same having been made out in the name of J. Walter and Frederick W.Ings.

As regards the 1st. The purchase heretofore made by J.Walter and Frederick W.Ings was not an ordinary purchase but a compromise arrived at , so that without injustice or the appearance thereof their grazing lease could be cancelled. Even if it were an ordinary sale it was made to them jointly as a firm and that does not bar each member of the firm buying individually 640 acres. Even if it did under the circumstances the Governor in Council might be asked to authorise it.

Sub clause 2 of Clause 29 of the Dominion Lands Act has possibly to the uninitiated a good appearance but as you know in practice, having in view the prevention of acquirement of large areas by one individual, it is a dead letter and for all practical purposes might as well be repealed.

The area asked for is not extensive. The

The portion to be sold him of the S.W.¼ 30--18--2 W 5th, is confined to one bank of the North branch of High River. It is intended to traverse same as soon as possible. He has from my knowledge purchased from the C. &E. Railway that portion of section 19--18--2 W.5th lying North of the North branch of High River.

In his letter to me of the 25th ultimo, which is on file No. 579293 he explains why he desires to acquire the S.W.¼ 6--19--2 W.5th, and it appeared a very reasonable request On what grounds could he be refused?

As to the E.½ of the N.W.¼ 36-18-3 W.5th, he explains why he does not wish to obtain the consent of his brother and his reason appears reasonable. If he files an affidavit from Mr. Morris, Manager of the Imperial Bank that he received his instructions from J.W.Ings and that he had no communication or instructions whatever, from F.W.Ings it could not that be sufficient to make sale solely to J.W.Ings. To my knowledge J.Walter Ings has always done the business for Ings brothers, and between the time he first put in his application in December last and the date of his purchase late in March he appears to have decided to dissolve. Had he made the application in his own name in December last it no doubt would have been granted. If, however, this cannot be done as suggested, why not let it lie for the present and carry out to him the sale of the portion of 30--18--2 and 6- 19-2 W.5th.

Respectfully submitted,

Re East half of NW 1/4 36. 18. 3. W of 5th M

As already explained in my previous letter the purchase of this land should have stood in my name and not in the name of Hugo Bros. I was called at the time the payment was made and asked to hand the Bank's money & make the payment for me, giving him a slip stating that the $120 cash was to be paid in as follows $40 on account Hugo Bros. for cash on lease, and $80 on account Hugo Bros. for land above mentioned. I paid the Bank the $120 and they made the payment at the Land Office but by some mistake the payments were credited to Hugo Bros. and the receipts sent me from the Land Office by mail.

Mr. Ings states, as to this latter parcel of land that, although it is reserved for coal mining, there is a question as to its ownership, and as it is of importance for him to secure it, in any event, in order to prevent a stranger acquiring it and shutting off his present coal mining on Indian Creek, he desires to have application filed in time. He also says that it adjoins his ranch.

So far as my records show, I don't think there is any doubt about the legal title of Mr. Ings in regard to this, but actual delay in securing the lands applied for for his own use. As to lands, with the exception of the two parcels mentioned, are clear in the records here, I would recommend that the Dept be requested to obtain from Mr. Ings a formal application on the prescribed form, and the payment owed to it die of or day, as that is such formal application is what here will prove to be satisfactory, the lands may be sold at the upset rate and upon the usual conditions. As to the two legal subdivisions, the matter must be left that Mr. Ings' application for them is kept noted, as that Mr. Burley is being dealt to amount.

Ref. 28067.

Ottawa, 7th May, 1911.

To the Commissioner
of Dominion Lands.

On the 29th March, 1911, the East ½ of the North West ¼ of Section 26, Township 18, Range 2 West of the 4th Meridian was sold to Messrs. J. W. and F. W. Ings, with irrigation conditions attached. There was paid thereon a sum of $80 through the Imperial Bank at Calgary. Mr. J. Walter Ings subsequently, however, stated that this money should have been applied on his (J.W.) account only; that the sale should have stood in his name. We told Mr. Ings to get a statement to that effect from the bank. The Manager of the Imperial Bank stated in a letter of the 5th December that his instructions from Mr. J. Walter Ings were to pay the money for (J.W.)'s account. The sale was reported in the joint names of J.W. Ings and F. W. Ings, and the grant was taken, on the 18th May last, that before a patent could be issued to J. W. Ings alone, the Department would require a letter from his brother, F. W. Ings, stating that he has no interest in this homestead matter. Mr. J. Walter Ings, however, appears to be somewhat averse to asking his brother for this statement. What I consider is a matter that lies between the brothers; and I think that the Department should not alter the sale in the books without, at least, a letter from F. W. Ings authorizing the action requested.

J. Walter Ings has applied on his own account to

Memorandum.

As instructed by you I have looked into the matter referred to in Mr. Goodeve's memo, below. The point is this:

J.Walter Tregs was permitted by H.C.letter of the 11th May, 1901, to purchase a certain portion of 30--1--2 W. 5th M.

The Agent now asks whether your ruling in the case of C.E.Godard, that it was not considered advisable to dispose of forest and lands to ranch companies who have already large tracts of land and water fronts, should not apply equally to Mr. Tregs who has 6 miles of front on the Bow River.

With this file is submitted a protest from Godard against your decision, and reasons therefor.

It would seem that these cases can be best dealt with if a map is prepared showing the dispositions of the lands held and applied for.

Memorandum.

Mr. J. Walter Ings was advised under your instructions on the 8th October last that he might purchase a parcel of land containing about 80 acres lying in the W. ½ of the S. W. ¼ of 30--18--2, W. 5th, East of the High River, but that, as the river had not yet been traversed, he would have to have a survey made thereof at his own expense by a Dominion Lands Surveyor under instructions from the Surveyor-General.

The Agent at Calgary now states that Mr. Ings desires to make a payment on account of the purchase, but that the survey has not yet been made.

In this connection, I beg to refer you to my memorandum of this day's date, submitting a memorandum from Mr. Hubbell containing a list of streams which it would appear necessary to have traversed (file 275601), and to say that, although the township above mentioned is not on the list of lands specified in Mr. Hubbell's memorandum, I think it should be added thereto.

If you approve of this suggestion, Mr. Ings will be told that the Surveyor-General has been instructed to have the river traversed during the present season; and that it will, therefore, be no longer necessary for him to have the survey made at his own expense.

Dear Sir,

I am in receipt of your letter of the 9th instant, with reference to your application to purchase certain lands on the High River.

In reply I ber to state that I find on inquiry that you were advised on the 18th instant that the South East quarter of 2, 19, 3, West of the 5th Meridian, is now available and that you will be permitted to purchase the same on the usual terms. It would appear, however, that it is not possible to cancel the entry of Mr. G. Hicks for the North West quarter of 30, 18, 2, West of the 5th Meridian, on the request of his brother Mr. F. G. Hicks. It would be necessary for the entrant to execute a formal abandonment on the form which was sent to you with the departmental letter of the 13th instant before any action can be taken towards selling you this quarter Section. These remarks also apply to the case

Memorandum:-

Mr. J. Walter Ings was furnished on the 8th October, 1901, to purchase the W.½ of the S.E. of section 30--16--2, west of the meridian, lying east of the river, and he was told that as the river had not been traversed he would be required to have a survey made at his own expense by a Dominion Lands Surveyor. He was subsequently advised on the 21st August, 1901, that the Surveyor General had been instructed to have the river traversed during that season, and it would, therefore, no longer be necessary to have the survey made at his own expense.

Messrs. Hicks Bros. wrote a letter under date of the 14th August last, to purchase this land and requested Inspector's report for that purpose. Instructions from the Minister.

The Agent at Calgary now declines Mr. Townsend Inspector Bryant's report, and I submit for your approval. You will observe that Mr. Bryant states that if the land were sold to any person but Mr. Ings, fraud, it would prevent Mr. Ings from obtaining water for his use.

In view of the favourable Inspector's report and also of the fact that Mr. Ings was the prior applicant and was willing to purchase the land, I think he should be allowed to carry out the sale.

The Commissioner,

With reference to Mr. Ings' letter of the 30th May last, which was received in the Patent Branch on the 15th instant, in which he states that he expects the promise made to him by the late Deputy Minister in his letter of the 22nd July, 1904, ~~that~~ as he has furnished the Abandonment of the homestead entry of Mr. G. Hicks, for the NW¼ 30-18-2 W.5th M., that the land will be sold to him at the rate of $2.00 per acre.

Mr. Hicks' Abandonment of this quarter section was filed in the Department in March last by Mr. Ings and Mr. Hicks' entry was accordingly cancelled and the Agent of Dominion Lands, at Calgary, was advised on the 13th April last to hold this quarter section until he received further advice from the Department. There is also a letter which was addressed to Mr. Ings on the 13th July, 1904, a copy of which was sent to the said Agent at Calgary, in which it was stated that upon the homestead entry for the quarter section being cancelled, the land would be sold to Mr. Ings. Notwithstanding these notifications to the Agent he granted homestead entry on the 12th July last to E.C. Smail for this quarter section, less 3 acres covered by a road, ~~and~~ Mr. Smail previously held under homestead entry the SW¼ 36-18-3 W.5th M., which he abandoned on account of absence of water thereon, and the land was afterwards sold to Mr. Ings.

I am directed to acknowledge the receipt of your letter of the 19th November last, having reference to the S.E. of section 7, Township 13, Range 1, West 4th Meridian, and to reply to state that, as this parcel is the property of the railway available in the event of the latter not purchasing it at the current rate of $[illegible] per acre you are at liberty to enter into negotiations with the railway company for the sale of the land on such terms as may be mutually agreed upon, provided the railway company is willing to sell at a reasonable price. Please see Mr. [illegible]'s letter of this date to ... re[illegible] under Ir[illegible] system to Mr. Lamb, ... the ... [illegible] ... [illegible] ... [illegible]

There has however been no procedure defined for dealing with the applications to purchase, and it would be well if a clear understanding were established as to how these applications should be dealt with.

When an authorization is issued it should be understood by the applicant that he will be required to purchase the Dominion Lands upon which the water is to be placed and the lands should be reserved for him from the date of the authorization, and a note of this reservation made in the records here. He should be given a period of sixty days to make payment of one-fourth of the purchase money at the rate of three dollars ($3.00) per acre and interest should be charged from that date. He should be required to complete the payment at the rate of one dollar (1.00) per acre before the final license is issued, the price of $1.00 per acre to be allowed only on the certificate of the Commissioner of Irrigation that the cost of the works completed by the applicant is equal to $2.00 per acre of the lands purchased.

If such a procedure is followed, I think it will be more satisfactory to the public, and it will make it easier to handle applications properly and quickly in the Department. I have the honour to be,

Respectfully submitted,

Memorandum :-

The procedure in regard to the sale of lands for irrigation purposes does not appear to have been very clearly defined, and it is desirable in the interests of the public and of the proper administration that the matter should be settled definitely some way.

When an application to divert water is [illegible] with the Commissioner of Irrigation and he issues forwards his certificate to the Department, an authorization for the construction of the work from the Department. Before the Commissio the final license it is required that the either acquire title to the lands to be i scheme or else file agreements with th of the water. Memorandum:-

I beg to return your file 2[illegible]47, and with regard to your proposed memorandum to the Deputy Minister, dated the 17th ultimo, submitting certain suggestions with respect to the procedure to be followed in dealing with applications for the purchase of lands under the irrigation system, and to say that I quite agree with you that it is necessary some well defined procedure should be established with regard to these sales.

Since you have asked me to make any comments thereon, I beg to suggest, if you find that I understand the matter correctly, that the second paragraph on page two of your memorandum be altered and made to read somewhat as follows:-

When an application is received for the purchase of lands for irrigation purposes for an area not exceeding 640 acres, otherwise an Order in Council would be necessary to authorize the sale, if such lands are available for the purpose, the Irrigation Commissioner should be asked to report whether he sanctions the sale, and in the meantime a note should be made in the books reserving the lands from disposal, the application to be dealt upon receipt of a favourable report from the Commissioner, and the applicant made to understand that

R.H.Campbell, Esq.,
Chief Clerk,
Timber, Grazing & Irrigation Branch.

that he will be required to purchase the Dominion lands upon which the water is to be placed, and given a period of 10 days from the date of the notification to make the first payment of one-fourth of the purchase money at the rate of $5.00 per acre, interest to be charged from the date the first instalment becomes due. The purchase to be completed before the final lease is issued at the same rate of $5 per acre, less the cost of the construction of the irrigation works as estimated by the Irrigation Commissioner, but in no case the land to be sold at a less figure than $1.00 per acre. When these requirements have been fulfilled and the Irrigation Commissioner duly reported that the purchaser has placed water on at least one-fourth of the area purchased by him, a patent could then be issued to the purchaser for the land so purchased.

It should also be provided, I think, that in the event of the purchaser failing to complete the work within the time specified, unless he has duly applied for an extension of time upon the recommendation of the Irrigation Commissioner, the right will be liable to cancellation, and in the event of cancellation being made, the money paid on account of the purchase would be forfeited to the Crown, which I believe is the plan to be followed in such cases.

Sir,

With reference to your letter of the 16th November last, Ref. 16070, I am directed to say that when the notice of the 30th August last was sent to Mr. J.W. Ings, calling upon him to pay the balance due on the purchase of the E.½ of the N.W.¼ of section 36, township 18, range 3, west 5th meridian, the fact was overlooked that the sale of the said land was subject to the performance of certain conditions under the irrigation system, and such sale cannot, therefore, be completed until the required conditions have been complied with. The money which was recently paid into your office by Mr. Ings, and which appears in your trust account for the month of December last, should, therefore, be refunded to Mr. Ings, and at the same time he should be advised, if he has completed his irrigation works, to notify the Commissioner of Irrigation to that effect in order that the latter may inspect and value such improvements.

Sir,

With reference to your file 18661, relative to the application of Mr. J.W. Ings to acquire the E.½ of the N.W.¼ of sec. 36, tp. 18, rg. 3, West of the 5th Meridian, upon paying an additional $2.00 per acre for the parcel, I beg to say that this matter was brought before the Minister personally on his visit here on the 16th inst., and he decided that, provided the adjacent lands were sold to Mr. Ings under ordinary sale conditions and not under the irrigation system, the Department would sell him the E.½ of the N.W.¼ of sec. 36, without irrigation conditions, at the rate of $5.00 per acre. The Minister further instructed that your Department should be advised of this decision.

Upon enquiry at the Dominion Lands Office here it was found that the adjacent lands were sold to Mr. Ings apparently under ordinary conditions and not under the irrigation system.

December 3rd, 1907,

Sir:-

In your letter of the 5th of April last, your file 1948, Mr. J.W. Ings is quoted as follows with reference to an irrigation ditch constructed and operated by him.

"E.½ N.W.¼ 36. 18. 3. W 5th.

"I am duly in receipt of your favor of March 25th re "this land. I purchased this land in March 1900 with the "intention of taking out a ditch from Tongue Creek to "irrigate this and adjoining lands, but when I got the "late Jas. McMillan D.L.S. to run the levels for me he "found that the waste water instead of returning to "Tongue Creek would run into High River. This was owing "to the formation of the land which is a big coulee, with "high hills on either side, having Tongue Creek on the "North end and High River on the South, the latter with "cut banks 75/80 feet high. As this was contrary to the "then Irrigation laws, to divert water in that way and "would be detrimental to those people further down Tongue "Creek who had to depend on Tongue Creek for water, he "advised me to give up the idea of attempting to irrigate. "At the time of purchase the terms were $3.00 per acre, "which I paid, and I was expected to irrigate one-fourth "of the land, but as I was advised by Mr. McMillan not to "do so, I did not go on with it, and instead took out a "ditch on the other land owned by me, which I used for "several years."

No record can be found here of the ditch mentioned by Mr. Ings as having been constructed and used by him. Please furnish me with all information in your possession respecting the matter.

I have paid in the balance of principal $158.00 due on this land but find the Calgary office charge me interest on the same since sale was made which I consider I should not have to pay. I purchased this land in March 1906 and paid $80.00 down but by some mistake in the Calg Office the sale was entered in their books in the name of Hugo Bro. instead of Brach. Hugo. The official receipt for the $80.00 is in my name. All the time I was ill in Nov last but asked the then Mang of Ch Point Bank Mr R Brown called & therefore which he did personally. I sent him a written slip of instructions to pay in the $80.00 on this land in my name and mail official receipt to me which he did. This was another transaction but had nothing to do with this and he is supposed to have took this slip with him to the Land Office and paid in money according to instructions. He did not get the official receipt as it was sent me direct by mail from the Office

There has been considerable correspondence since about this, when I have repeatedly tried to get it put straight and to pay the bal. of principal due. but have always been refused. because I could not get a letter from my brother saying he had no claim

[redacted] and. This he has refused to do merely to discharge me and as I had no means of compelling him. I was helpless in the matter. who. I clearly stated he had no interest whatever in the Land. and his sisters signing the disclaimer drove me to Madison & the counsel.

I have now had possession of the Land and has always been open and free for anyone to use, so that under the circumstances I think you have no right to call me responsible for what has occurred and was the fault of mine the principal due. was not paid a long ago.

Considering the great losses of cattle we had a year ago and the present hard times. and scarcity of money. the Ground can well afford to waive the interest claim and be satisfied with the principal alone. the more especially as the Land being in the forest belt is very suitable for grazing purposes.

Kindly advise the Calgary Office about this.

Trusting you will give this your favorable consideration.

The Secretary
Dept. of the Interior
Ottawa

Sir

re E/2. NW/4. 36-18-3-W5th I am duly in receipt of your favor 2nd inst. re my application for the issue of $63.00 with interest from March 1908. is due on the land. If you will refer to previous correspondence in possession. You will see why this has not been paid.

I have been willing and anxious to pay for this land ever since it was purchased, but owing to a mistake made in Land Office, Calgary, thro. no fault of mine the sale was put thro. the books in the joint names of E. B. and F. B. Ings instead of in my name only.

The receipt for final payment is in my name, and I have since then sent you disclaimer from F. B. Ings showing he has not and never had any claim whatever to this land. I have repeatedly applied personally at Calgary Office & they say he is a minor but was always refused and on Nov. 5. 1906 I sent accepted cheque for $63.11 to pat. then due, which was returned me. On March 6. 1908 I paid in pat. for principal due $158.00 Official receipt no. 53394. but only $95.00 was credited to principal. pat. & interest. Everything was explained fully in previous correspondence, and you were asked, under the circumstances, to waive the interest, as it was thro. no fault of mine the principal was not paid long ago and it is not fair to me to hold me responsible for errors over which I had no control. I trust you will see it in this light, and issue certificate of title

Yours obediently

I wish to draw your attention to the fact that this amount should have been made out in my name alone. and not in the joint names of J. W. and F. W. Ings. This mistake is what caused all the trouble before. and made it necessary for me to pay all this extra interest. I have sent to the Supt. sufficient documentary evidence to prove that my brother F. W. Ings of Canada has nothing whatever to do with the land, and it was on the strength of this document that I have now been permitted to complete the purchase.

Perhaps you had better examine the file in the Supt. at Ottawa. so that the certificate of title will be issued in my name alone.

With reference to your memorandum of the 3rd March last hereunder, in connection with the north east quarter of section 7, township 19, range 3,west of the 5th meridian, I would advise you that according to our records legal sub-divisions 9, 10 and 16 in the above section were reserved for stock-watering purposes by Order in Council of the 21st May,1895, and legal sub-division 15 was reserved for stock-watering purposes by Order in Council of the 23rd January,1896, and are still shown as reserved for that purpose in our records.

On your memorandum of the 25th February last the Land Patents Branch advised that this stock-watering reserve was withdrawn on 748888. I asked for this H.O.file and was advised that this number was a reference number on 234347 No. 6 H.O. I secured the latter file and Ref. 748888 deals with the withdrawal of stock-watering reserve on the north half of section 25, township 18,range 3, the south east quarter of section 19, township 19, range 3, and the south west quarter and legal sub-division 7 of section 17, township 19, range 3, west of the 5th meridian. As far as can be ascertained in this Branch therefore there has been no authority sent here for the withdrawal of the north east quarter of section 7, township 19, range 3, west of the 5th meridian, from stock-watering reservation, but if such authority comes forward, and it is shown that the land has been patented the reservation will be removed.

With further reference to your [illegible] of the 1st ult. last hereunder, in connection with the [illegible] half of the north west quarter of section 17, [illegible] 27, west of the 4th Meridian, I would advise you that it has now been ascertained that the reservation of this land for stock-watering purposes has now been cancelled, and our records have been amended accordingly.

The Natural Resources Intelligence Branch advise that this land was patented to the Calgary and Edmonton Land Company, Limited, on the 5th May, 1920, and this, no doubt, is the present standing of the land.

Memorandum:

Mr. Martin.

Re W.½ of 23-13-3-W.5th Mer.

John J. Bowlen in his letter of the 7th May, 1929, to the Minister, hereunder, intimates that in behalf of J. K. Dillon and himself he made application some days ago to the Agent of Dominion Lands at Calgary, for the natural gas and petroleum rights on the land above described, but as their records were not in order, the Agency refused to accept the application until the records were corrected by the Department at Ottawa.

At the present time the Registration Branch has no record of this application, nor do they see to have any papers or any request from the Agent of Dominion Lands at Calgary for information as to the status of this land.

Application has been made by this Division to the Registrar of Land Patents for the issue of letters patent in favour of the Calgary [illegible] Company for the minerals, [illegible] gold and silver, underlying this quarter section.

The Calgary and Edmonton Railway Company became entitled to the minerals underlying this land by Chapter 4 of 53 Victoria, 1890. This legislation authorized the Governor in Council to grant a subsidy of land to the Calgary and Edmonton Railway Company to the extent not exceeding 6,400 acres for each mile of the Company's railway from Calgary to the North Saskatchewan River, a distance of [illegible] miles.

about 100 miles; and also a grant of 6,400 acres for each mile of the Company's railway from Calgary to a point on the International Boundary between Canada and the United States, a distance of about 150 miles.

The Order in Council of the 27th June, 1890, P.C. 1055, set forth the terms and conditions upon which the grant of land would be subject:

2. "That the grant to the Company would be made up out of the unoccupied and unclaimed odd-numbered sections at the disposal of the Government, or, if so agreed upon between the Company and the Government, out of alternate townships (exclusive of school and Hudson's Bay Company's sections) within 20 miles of the line of railway on each side thereof, insofar as practicable without interfering with any previous grants or reserves."

The Order in Council of the 10th November, 1891, P.C. 2097, sets out the lands applied for as part of the grant for the first 100 miles of the railway, reference to this schedule will show the location of the North West quarter of Section 10, Township 19, Range 5, West of the 4th Meridian.

To satisfy the land subsidies granted by Parliament to railway companies, it was necessary in the public interest that some arrangement should be made with the lessees of properties situated in that portion of the North West Territories, which by the Government would be in a position to meet this demand, and at the same time deal in a fair and equitable manner with those lessees who were in good standing and otherwise complied with the requirements of their leases. With this object in view it was decided to offer all those lessees who were not in arrears for rent, and had otherwise complied with the requirements of their leases, the privilege of purchasing ten per cent of the area of their leaseholds at $1.25 per acre, provided they accepted for the residue of the term a lease of the land held by them on the new form, which provided for the withdrawal of land from time to time as they were required for sale, settlement or railway purposes.

The Order in Council of the 13th July, 1895, P.C. 1016, gave authority to the Department to sell to Messrs. J. W. and F.W. Ings, of High River, Alberta,

who were leaseholders, the right to purchase certain even and odd-numbered sections in Township 13, Range 3, West of the 5th Meridian, which were situated outside of, but adjacent to, their leasehold.

These lessees were anxious also to include in their purchase some lands that were under lease to the North West Cattle Company, which Company was willing to have such lands withdrawn from their leasehold.

The Department wrote A. M. Manton, telling him of the desire of Messrs. Ings Brothers, and inquiring whether he were agreeable to a sale, inasmuch as the odd-numbered sections would become available to the Railway Company for land subsidy when withdrawn from the grazing lease. The consent to this sale was received from the Calgary and Edmonton Railway Company, and an area of 534.46 acres of odd-numbered sections were bought from the Department by James Walter and Fred W. Ings, and the monies which were paid into the Department for the purchase of these lands were refunded to the Calgary and Edmonton Railway Company.

By an agreement between the Department and the Calgary and Edmonton Railway Company, any portion of the revenue derived by the Government from the sale of the odd-numbered sections to the ranching Companies and which had been alloted for subsidy, was to be paid over to the Company, such land area being charged to the land subsidy account of the Railway Company. This agreement between the Department and the Calgary and Edmonton Railway Company was authorized by the Order in Council of the 15th June, 1905, P.C. 1477.

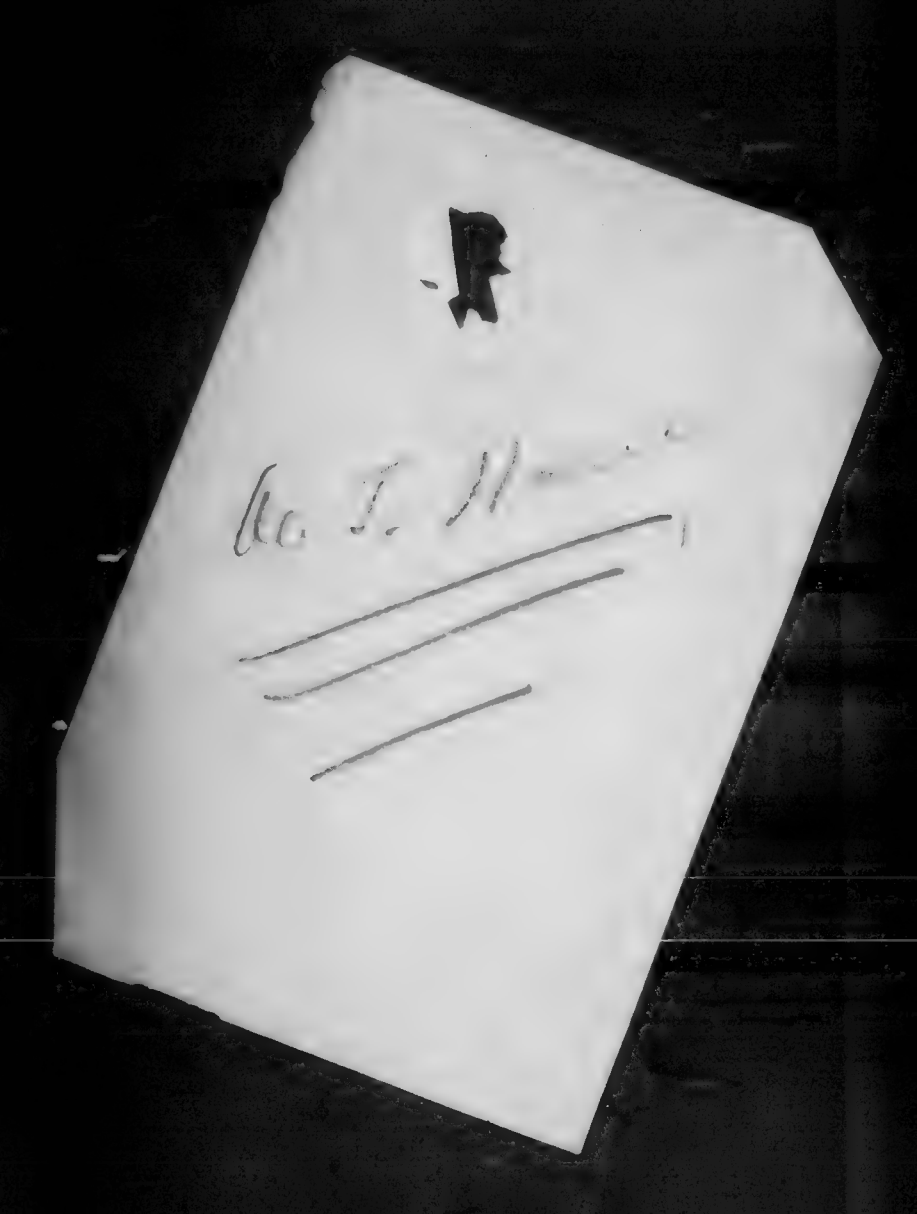

Certain difficulties arose with respect to the name of the company to whom certain of the mineral rights should be granted, some of the lands having passed from the Calgary and Edmonton Railway Company to the Calgary and Edmonton Land Company.

From time to time Mr. G. H. Davis, K.C., Winnipeg, asked the Department and was granted extensions of time within which to place before the Department certain information which would enable the issue of these outstanding patents, which were affected by the proposed liquidation of the Calgary and Edmonton Land Company.

has kept before Messrs. Watson, Allen, Laird and Davis, Barristers of Winnipeg, the desirability of action, and it was suggested to them on the 20th December last that the Department should proceed with the issue of patent without taking any cognizance of the liquidation of the Calgary and Edmonton Land Company. To this letter a reply was sent us, dated the 30th April, which in effect is in agreement with the Department's proposal. In this letter the Company stated that they would like very much to have the Department proceed forthwith with the issue of patent for the North West Quarter of Section 22, Township 13, Range 3, West of the 4th Meridian, and as this was one of the many cases where the Department was in a position to proceed, a requisition was made for the issue of patent in favour of the Calgary and Edmonton Railway Company.

CERTIFIED Copy of a Report of a Committee of the Honourable the Privy Council, approved by His Excellency the Governor General in Council, on the 19th November, 1891.

P. C. No. 2547

3262.

Schedule A

Schedule B

On a Report dated 14th November, 1891, from the Minister of the Interior, submitting the following :

(1). That by an Order of Your Excellency in Council dated the 27th June, 1890, provision was made for a grant of Dominion Lands to be made, on conditions therein set forth and stated, in aid of the construction of the Calgary and Edmonton Railway at the rate of 6,400 acres per mile of the line from Calgary to Edmonton, and from Calgary south to the International Boundary, the sanction of Parliament thereto having been obtained at the then next preceding session ; and that a contract for the construction of the railway in conformity with the provisions of the said Order in Council, was duly made and entered into between the Company and the Government.

(2). That one of the said conditions was that the grant to the Company should be made upon the unappropriated and unreserved odd numbered sections at the disposal of the Government, or as so agreed upon between the Company and the Government, odd or alternate townships (exclusive of School and Hudson's Bay Company's sections), within 22 miles of the line of railway on each side thereof, in so far as practicable without interfering with any previous grants or reserves ; and the Company have elected to accept the first alternative mentioned, and have submitted to the Minister of the Interior a partial list of such sections, as enumerated in the Schedules hereto, marked A and B, comprising an area of about 841,360 acres, which the Minister of the Interior is having examined by the proper officers of his Department with a view to deciding to what extent they are available for the purposes of the land grant to which the Company may be found to be entitled.

(3). That by Orders in Council, dated respectively the 14th July and the 5th September last, authority was granted to the Minister of the Interior, for the reasons therein stated, to convey to the Company the land grant applicable to the whole of the line between Calgary and Edmonton, 190 miles in length ; and that the Company are now entitled to have conveyed to them, on payment of the cost of survey and incidental expenses, fixed at ten cents per acre, 1,216,000 acres being at the rate of 6,400 acres per mile for the 190 miles, subject to reduction for the present of one-third of that area, to be held by the Government as security under another contract made and entered into between the Government and the Company, in case the amount of money earned by the Company for the services to be performed as provided for by the said contract, should not amount to the sum of the subvention in money paid by the Government (a total area of 810,666.66 acres).

(4). That it is advisable, since the full area to which the Company are already entitled cannot be found within the belt of 22 miles along the line of the road between Calgary and Edmonton, and since it is highly probable that within the time specified in the contract between the Company and the Government, namely, the 1st November, 1894, the land subsidy will be earned for the section of the line between Calgary and the Old Man River, a distance of about 110 miles, being about 704,000 acres (a portion of which, however, is to be withheld for the present as in the case of the section between Calgary and Edmonton), that provision should be made by Your Excellency, in accordance with the paragraph number three of the terms and conditions of the Order in Council of the 27th June, 1890, to make provision for making up to the Company out of available lands in the North-West Territories, any deficiency which may be found to exist in the area to which the Company will be entitled for the construction of that portion of their line lying between Edmonton and the Old Man River, a distance of about 300 miles in all, when the available odd numbered sections within the belt of 22 miles on each side of the line described by the Order in Council of the 27th June, 1890, have been exhausted.

To the Honourable

The Minister of the Interior.

The Minister accordingly recommends that, in addition to the available odd-numbered sections in the belt of 22 miles on each side of the line of the Calgary and Edmonton Railway which by the Order in Council of the 27th June, 1890, are set apart for the purposes of the land grant to that Railway, there be reserved and set apart, for the said purposes, the unoccupied and unclaimed odd-numbered sections in the several tracts of land coloured yellow upon the map hereto attached, the area of the odd-numbered sections in the tracts so coloured, and within the belt of 22 miles on each side of the railway, making altogether about 1,720,640 acres; this area, however, being subject to reduction on account of lands therein which may be found to be not fairly fit for settlement, or which may have been disposed of or reserved prior to the date of the Order in Council of the 27th June, 1890.

Map.

The Minister further observes that there are tracts of land at present held under lease from the Government for grazing purposes in the vicinity of the line of the Railway, including an area of about 500,000 acres, in respect of which he recommends that, from time to time, as the leases under which these lands are held become inoperative, the Calgary and Edmonton Railway Company shall have the first right to the odd-numbered sections which may thus be placed at the disposal of the Government.

The Committee submit the above recommendation for Your Excellency's approval.

(Signed) JOHN J. McGEE.
Clerk of the Privy Council.

On a Report, dated 4th October, 1892, from the Minister of the Interior, stating that, during the latter part of the month of December, 1891, and the early part of the month of January, 1892, he caused a circular to be addressed to the lessees of grazing ranches in the North West Territories, of which a copy is hereto attached, suggesting that for the reasons set out in this circular it would be advisable that the lessees should meet at an early date, discuss the proposition outlined in the circular as to the cancellation of the existing leases and the substitution for them of leases on the new form, and appoint a small deputation to visit Ottawa and talk the matter over with the Minister of the Interior.

The Minister further represents that at various times and on various occasions since the issue of the circular in question, he personally met and discussed with deputations of leaseholders and individual lessees the whole question involved, and after mature consideration he (the Minister) has come to the conclusion that it would be in the public interest, and would tend to the settlement of this question in the speediest manner consistent with the interests involved to notify all holders of leases under the form hereto annexed and marked "A" which is the form used by the Department of the Interior from the time the system was initiated up to the 17th day of September, 1889, who are not in arrears for rent, have properly stocked their ranches, and have otherwise complied with the conditions of their leases, that the leases held by them will be terminated on and after the 31st day of December, 1896, that they will then or at any time during the interval, be permitted to purchase not in excess of ten per cent. of their leasehold at the rate of $2.00 per acre; and that from and after the said 31st day of December, 1896, it will be open to them if they see fit to accept leases for the unexpired portion of the term of twenty-one years, of such of the lands now held by them as may be agreed upon between them and the Government upon the form herewith marked "B," commonly known as the new form of lease.

The Minister considers that this would give such of the lease holders as may conclude that they cannot satisfactorily carry on their business under the new form of lease, ample opportunity of winding up their affairs.

The Minister recommends that he be authorized to communicate in this sense with all parties interested.

The Minister states that he is convinced that with the opportunity for consideration and reflection, which will thus be afforded them the majority of the Companies will conclude not to give up the business at the end of the four years, but will find that it can be successfully and profitably continued under the new form of lease, until the period when in the natural course of events the progress of settlement will have rendered the pursuit of the cattle business in its present form undesirable both from the point of view of the investor and the Government.

The Committee, concurring in the above, submit the same for Your Excellency's approval.

Clerk of the Privy Council.

The Minister of the Interior.

Department of the Interior,

Circular.

Ottawa, 21st December, 1891.

SIR,

The demand for lands in Western Alberta for settlement, and to satisfy the land subsidies granted by Parliament to Railway Companies, makes it necessary in the public interest that some arrangement should be made with the lessees of ranches situated in that portion of the North-West Territories, whereby the Government would be in a position to meet this demand, and at the same time deal in a fair and equitable manner with those lessees who are in good standing by having paid up their rents, stocked their ranches, and otherwise complied with the requirements of their leases.

The Minister of the Interior, recognizing the fact that it could not be otherwise than prejudicial to the best interests of the country that so large and so important an industry as the grazing and breeding of cattle, as it at present exists in Alberta, should be unnecessarily disturbed, is of the opinion that a policy should be adopted which will not disarrange the business of the leaseholders, but on the contrary will justify the continued confidence of those who have invested their money in that business, and which will at the same time result in meeting the requirements of the settlers and the Railway Companies.

With this object in view, the Minister has submitted to his colleagues that it would be advisable to offer all those lessees who are not in arrear for rent, have properly stocked their ranches, and have otherwise complied with the requirements of their leases, the privilege of purchasing ten per cent of the area of their leaseholds at $2 per acre, provided they accept for the residue of the term a lease of the lands now held by them on the new form, which provides for the withdrawal of lands from time to time as they are required for sale, settlement or railway purposes.

You are aware that the section of the Calgary and Edmonton Railway lying between Calgary and Fort Macleod is now graded to the Old Man River, and that it will in all probability be completed and running next season. This will doubtless bring into the country served by the road a considerable influx of people looking for land for purposes of actual settlement, whose demands for homesteads it is the duty of the Government to make every reasonable effort to meet, consistently with existing interests; and it will also be necessary to find in the vicinity of the line, by the time the railway is ready to be operated, as much as possible of the land to which the Company constructing it thereby become entitled.

The Minister thinks that it might be well that you and others similarly interested should meet at an early day, discuss the proposition outlined in this letter and the situation generally, and appoint a small deputation to visit Ottawa and talk the matter over with him.

In conclusion I am to say that it is hoped that this matter will receive as early attention as possible from all those interested, and the Minister will be glad to be informed of the steps being taken and the progress being made in the premises.

I have the honour to be,

Sir,

Your obedient servant,

Secretary.

Extract from a Report of the Committee of the Honourable the Privy Council, approved by His Excellency on the 13th July, 1895.

P. C. No. 1516.

On a Report dated 11th June, 1895, from the Minister of the Interior, stating that by an Order in Council dated 22nd April, 1893, lessees of grazing lands are permitted to purchase ten per cent of their leaseholds at the rate of $1.25 per acre.

The Minister further states that Messrs. J. W. and F. W. Ings, of High River, Alberta, who are leaseholders, desire to purchase the North ½ of Section 28, West of Highwood River, Section 33 North of said river, and the West ½ of the West ½ of Section 25 North of said river, all in Township 18, Range 1 West of 5th Meridian, which is situated outside of, but adjacent to their leasehold.

The Minister recommends that the land described, the area of which does not exceed 10 per cent of their leasehold, be sold to Messrs. J. W. and F. W. Ings at the same rate as if the land was situated within their leasehold, namely at $1.25 per acre.

The Committee submit the same for Your Excellency's approval.

Ford Pratt, Esq.,
Private Secretary,
Minister of the Interior,
OTTAWA, ONTARIO.

Dear Mr. Pratt:-

I have your letter of the 14th instant and wish to thank you for the clear manner in which you have set out the situation with respect to the Mineral Rights in the North-West Quarter of Section 22, Township 9, Range 3, West of the 5th Meridian.

What you have said clears up many of the points and helps us to understand better where the problem lies, and how to place before you our position and emphasize our rights. I will proceed to do this.

The Calgary and Edmonton Railway apparently chose this Section 22 being an odd numbered Section, as part of its land subsidy. The fact of this choice does not appear, but from your letter I gather that an agreement exists between the Government and this Company, and that the Agreement required or authorized the Company to choose only un-occupied and un-claimed odd numbered sections, at the disposal of the Government.

The history of this section shows that it was occupied by home-steaders as well as by Walter Ines. This occupation was prior to the selection by the Railway Company. This is a very material fact affecting the right of the Railway Company to select this land at all.

Another significant fact going to show that there has been considerable laxity, or even misunderstanding and error in connection with this Section, appears from the records which show that the Mineral Rights, including Petroleum, granted to J.W. Ines, had to be corrected. I will try to make this statement clear:

Ford Pratt, Esq., Cont'd.

In the Land Titles Office at Calgary, the estate of James WalterInnes is the registered owner of Minerals in Legal Subdivisions 9 and 16 and the East 5 chains of Legal Subdivision 10, and the East 17 chains and 66 links of Legal Subdivisions 1 and 8. These Mineral Rights have been sold, and are now held under Agreement by different owners. Also, in the Land Titles Office, the Crown owns the Mineral Rights to the North-West Quarter.

The Dominion Lands Office here shows the Mineral Rights, including Petroleum, reserved to J. Walter Innes in this N. west quarter

The Dominion Lands Office here never showed J.W. Innes as owning the Mineral Rights in the above described Legal Subdivisions, with the consequence that Applications to File have been accepted, and leases issued in respect of these. These facts, alone, show the confusion with respect to the Mineral Rights in this Section.

In your letter you say that the Government acted as intermediary in the sale by the Railway Company to Innes Brothers of this Section, and the money received from them was returned to the Railway Company and their account credited with the land sold to Innes Brothers. This transaction does not surely entitle the Railway Company to claim the Mineral Rights under these lands. Evidently they had not received the lands, otherwise the Government would not have made the sale, and as we see it now, they are merely claiming the Mineral Rights by virtue of having made the selection. We, therefore, wish to assert, very strongly, that we cannot see where they were ever entitled to select Section 27.

The fact that so many have filed on portions of this Section, should, we think, weigh heavily with the Government in arriving at a decision as to its policy with respect to these Mineral Rights. We do not believe, from the facts before us, that it can be found to transfer these to the Railway Company or the Land Company.

We would be very much pleased if you would send us a copy of the Agreement between the Government and the Railway Company, on the basis of which the selection was made.

We are sending a copy of this letter to Senator Dan Riley, for his information, and have asked him to speak to you again.

Ford Pratt, E.W., Cont'd.

If you feel that this matter is going to involve considerable time, and that we should take it up with Mr. Corey, direct, we will do so, but would like your suggestion or advice about it.

Yours truly,

Memorandum.

Mr. Martin.

You have asked for a further report with respect to representations from Mr. J. M. Dillon of Calgary, concerning the North West quarter of Section 33, Township 18, Range 3, West of the 5th Meridian.

Mr. Dillon has been informed that the Calgary and Edmonton Railway Company became entitled to the minerals underlying this land by Chapter 4, 53 Victoria, 16th May, 1890. Under the terms of the Agreement the subsidy in land for the construction of the Calgary and Edmonton Railway was to be made out of the unoccupied and unclaimed sections at the disposal of the Government within twenty-two miles of the line of railway on each side thereof, in so far as practicable without interfering with any previous grants or reserves.

The selections of lands within this belt as made by the Company were scheduled and became part of various Orders in Council. It became evident to the Government that sufficient land might not be available within the selection area to satisfy the land subsidies granted by Parliament, and by the Order in Council dated the 12th October, 1892, the Minister of the Interior was authorized to notify lessees of grazing lands that the leases held by them would be terminated on and after the 31st December, 1896,

and

and that they would then, or at any other time during the interval, be permitted to purchase not in excess of ten per cent of their leasehold, and that from and after the said 31st December, 1896, it would be open to them if they saw fit to accept leases for the unexpired portion of the term of twenty-one years, of such of the lands then held by them as might be agreed upon between the lessee and the Government upon the new form of lease, which made provision for the withdrawal of lands from time to time as they were required for sale, settlement or railway purposes. The sale price at which these lands were sold is provided by the Order in Council of the 22nd April, 1893.

By the Order in Council of the 13th July, 1895, P.C. 1816, authority was given to the Department to sell to Messrs. J. W. and F. W. Ings of High River, Alberta, who were leaseholders, the right to purchase certain even and odd numbered sections in Township 16, Range 3, west of the 5th Meridian, which were situated outside of but adjacent to their leasehold.

Mention is made in the Order in Council of the 19th November, 1891, that there were tracts of land under lease from the Government for grazing purposes in the vicinity of the line of the railway including an area of about 600,000 acres, in respect of which it was decided that from time to time as the leases under which these lands were held became inoperative, the Calgary and Edmonton Railway Company would have the first right to the odd numbered sections which may thus be placed at the disposal of the Government.

Messrs. J. W. and F. W. Ings were anxious to include in their purchase some lands that were under lease to the North West Cattle Company, which Company was willing to have such lands withdrawn from their leaseholds.

The Department wrote the President of the Calgary and Edmonton Railway Company to ascertain whether the Company was agreeable to a sale being made to Messrs. J. W. and F. W. Ings of the odd numbered sections, when

released

released by the North West Cattle Company, as under the provisions of the agreement with the Railway Company these odd numbered sections became available for land subsidy when withdrawn from the grazing lease.

Mr. Dillon has already been told that the reply was favourable and that the moneys which were paid into the Department for the purchase of these odd numbered sections were refunded to the Calgary and Edmonton Railway Company.

The Order in Council of the 10th June, 1895, authorized the Minister of the Interior to hand over to the Railway Company in the event of the Department selling to any of the leaseholders odd numbered sections within the limits of the grant to the Calgary and Edmonton Railway Company, the proceeds of such sales and these land areas, for which the Company received payment, were to be charged to the land subsidy account of the Railway Company.

Dept. File 234347-12

Dear Sir:

We would refer you to Page 4 of our general letter of 30th April last, wherein we requested the Department to proceed forthwith with this patent.

This land comes under the classification known as "Surface sold by the Government" and recognized, we understand, as underrights due to our principals without question. We therefore urge that patent issue forthwith, either to the C.& E. Ry. Co. or the C.& E. Land Co., as our clients have a transaction pending which is dependent upon the issue of this patent.

Your early advice would be much appreciated.

DOMINION LANDS ADMINISTRATION

19th June, 1929.

Copy for A.D.L. Calgary, Alberta.

Sir,

I have been directed to acknowledge the receipt of your letter of the 22nd ultimo addressed to the Minister's Private Secretary, with respect to the minerals underlying the North west quarter of Section 33, Township 18, Range 3, West of the 5th Meridian.

I may say in this connection that the mines and minerals underlying this land belong to the Calgary and Edmonton Railway Company and letters patent in favour of this Company are now in course of preparation. As soon as the grant has been completed it will be forwarded to the Registrar of Land Titles, Calgary.

With respect to the claim of the Company to these minerals, the legislation embodied in Chapter 4, 53 Victoria, 15th May, 1890, authorized the Governor in Council to grant a subsidy in land to the Calgary and Edmonton Railway Company to an extent not exceeding 6,400 acres for each mile of the Company's railway from Calgary to a point at or near Edmonton, on the North Saskatchewan River, a distance of about 190 miles; and also a grant of 6,400 acres for each mile of the Company's railway from Calgary to a point on the International Boundary between Canada and the United States, a distance of about 150 miles.

The terms and conditions of the agreement with the Company were approved by Order in Council of the 27th June, 1890, P.C. 1655. This Order in Council provides in

J. M. Dillon, Esq.,
Hon. Secretary-Treasurer,
The Western Stock Growers' Association,
Calgary, Alberta.

part...

part as follows:-

"2. That the grant to the Company shall be made up out of the unoccupied and unclaimed odd-numbered sections at the disposal of the Government, or, if so agreed upon between the Company and the Government, out of alternate townships (exclusive of school and Hudson's Bay Company's sections) within 22 miles of the line of railway on each side thereof, in so far as practicable without interfering with any previous grants or reserves."

From time to time the selections as made by the Company were scheduled and such selections were subsequently approved by Council. Selection was made of the North West quarter of Section 33, Township 18, Range 3, West of the 5th Meridian, and this land is included in the schedule attached to the Order in Council of the 19th November, 1891, P.C. 2787.

It was recited in the Order in Council of the 19th November, 1891, just referred to, that there were tracts of land held under lease from the Government for grazing purposes in the vicinity of the line of the Railway, and at the same time it was provided that, from time to time, as the leases under which these lands were held became inoperative, the Calgary and Edmonton Railway Company should have the first right to the odd-numbered sections which might thus be placed at the disposal of the Government.

It became evident to the Government that sufficient land would not be available within the selection area to satisfy the land subsidies authorized by Parliament, and by Order in Council dated the 8th October, 1892, P.C. 2669, the Minister of the Interior was authorized to notify lessees of grazing lands that the leases held by them would be terminated on and after the 31st December, 1896. Such lessees were to be permitted to purchase not in excess of ten per cent. of their leaseholds, and they were to have the privilege of securing grazing leases for the unexpired portion of the term of twenty-one years of such of the lands as might be agreed upon between the lessees and the Government. However,

such...

such leases were to be upon the new form which made provision for the withdrawal of lands from time to time as they were required for sale, settlement or railway purposes.

The North West quarter of Section 33, Township 18, Range 3, West of the 5th Meridian was under lease to the North-West Cattle Company, Limited, and Messrs. J.W. and P.W. Ings were successful in securing a relinquishment of the rights held by this Company under lease, but as the land fell within the selection area, the Calgary and Edmonton Railway Company had the first right to the same as part of their subsidy. As Messrs. Ings were anxious to include this quarter section in the list of their purchases from the Crown, the Department wrote the President of the Calgary and Edmonton Railway Company to ascertain whether the Company would be agreeable to a sale being made, and, a favourable reply having been received, the sale was consummated upon the withdrawal of the land from the grazing lease. The moneys that were paid into the Department for the purchase of this land were refunded to the Calgary and Edmonton Railway Company. The procedure in this case was similar to that followed in many other cases and the same was authorized by Order in Council of the 10th June, 1895, P.C. 1477, copy of which is attached for your information.

Under the terms of the agreement, the minerals underlying the subsidy lands to which the Calgary and Edmonton Railway Company were entitled are the property of the Railway Company.

Enclosure.

Your obedient servant,

Acting Commissioner.

In reply I may say that it would not be possible to grant your request as the privilege of entering for a second free homestead is restricted by the Dominion Lands Act to those who completed the duties on their first homestead to entitle them to patent on or before the 2nd June, 1889, and according to the information on file here it would not appear that you completed your duties on your first homestead until the year 1891. As requested by you I am sending to the Secretary of the Department a copy, taken from our file, of an application made by one J.Barnett dated December 11th 1890, stating that he was then in possession of the S.W. ¼ Sec 30-40-26 W. 4thM. and desired to make entry therefor. It does not appear from this application that Barnett upon the date referred to was claiming any part of the E.½ Sec 30. I am also asking the Agent to report whether Barnett has recently communicated with him on the subject. You are no doubt aware that this Township has not as yet been surveyed, and that fact accounts for Barnett not having as yet obtained an entry.

Sir,

In reply to your letter of the 7th instant, 2876 2, I have received from the Agent at Calgary his file relating to Section 30-40-22 W 4.M. It shews that on the 17th June 1890 a letter was received from E. Barnett saying that he had settled on Section 30 and desired to secure the E.1/2 of it.

Among the papers on file in this office relating to the case is a letter from the Agent at Red Deer dated the 21st May 1891 enclosing, what purports to be a copy of a letter from Barnett dated the 11th December 1890 shewing that he wished to make homestead entry for the S.W.1/4 of this Section.

Barnett seems to have considerable improvements on the land and if prior to Township being surveyed and open for entry it is desired to come to a decision as to the portion of the Section which he is ultimately to get, possibly it might be as well to ask the Acting Agent at Red Deer to visit the place, enquire fully into all particulars and report; shall I do this?

Department of the Interior,

Ottawa, 23rd November, 1897.

Sir,

You have been recommended for patent for the North-half of Section Seventy eight 78. 32 Rge 2 West of 5th Mer., containing according to the official plan of survey thereof, 291.00 acres, the remainder of it being covered by part of a certain lake. As the waters of this lake may have somewhat receded, making the land which was then covered by water more or less fit for cultivation, it is possible that you may wish to have the patent for your homestead issued to cover the full theoretical area of 320 acres, including the land now covered by water. If you wish this please inform me by return mail, giving a description of your earliest convenient date, as it may be necessary to delay the issue.

Before, however, the patent can be completed, it will be necessary that the Department be advised as to whether patent is to issue for the full theoretical area of 320 acres of land and land covered with water, or for the area of 291 acres, as shown by the official plan of survey. I beg to enclose herewith a circular addressed to Mr. Ernest Mitchell-Innes which it is presumed you will be able to attend to.

Memorandum.

In March last Joseph Prince applied for and received a military scrip note for $80.00 for service during the North West rebellion of 1885 as a member of the Battleford Home Guards. Prior to the recent amendment land warrants issued to members of the said Battleford Home Guards had to be located on or before the 31st March. Mr. Benjamin Prince, who acts as attorney of Joseph Prince has returned under cover of his letter of the 2nd inst. the said scrip note and asks that, in view of the fact that soldiers' land warrants having been extended, it be extended for a military bounty land warrant, as it states that the reason why a land warrant was not applied for in the first place was because he would not have had time as the law then stood to locate it. I think the request should be granted and that all similar applications should be treated in the same manner.

I have the honor to enclose herewith a letter just received from Mr. John Lynn of Olds, whose homestead is the N. 1/2 of 24 - 32 - 3, west of the 5th, who apparently wishes to make application for his patent and desires that Mr. Homestead Inspector Thompson should call upon him at his convenience. A copy of this letter is being handed to Mr. Homestead Inspector Thompson who has just arrived from the South country and I expect will be going north very shortly. I have received your letter of July 31st regarding the land which you say was granted to your father and in reply I might advise that this Department would have no record of grants of land given to veterans of the Indian Raid. Such records are kept in the offices of the Provincial Government in Ontario.

As you stated in a former letter that the Provincial Government is not able to locate any land grant under your father's name I would suggest that you write to the Department of National Defence, Ottawa, and furnish any particulars you may have.

Sir,

I beg to inform you that the Agent at Calgary, has forwarded here the statutory declaration executed by you in regard to the S.E.1/4 of 34 - 25 - 1, West 5, the homestead of your deceased brother, Thomas Baldock. From the particulars therein given it is possible that the duties were completed to satisfy the requirements of the Act, but satisfactory evidence will have to be given as to this. If you are in a position to make formal application for patent, under oath, setting forth what was done in the way of residence and cultivation by your late brother, you should write to this office and submit the name of a Notary Public or County Court Judge, before whom you could appear for the purpose, and the authority of the Minister would then be issued to enable you to take this action. On the other hand, if your knowledge of your brother's circumstances is insufficient to admit of your doing so, possibly, you may be able to name someone, a relative by preference, who could act on behalf of the legal representatives, and if he is in Alberta, the Dominion Inspector will call upon him and take his evidence and that of two corroborating witnesses.

I may explain that in answer to question (2), it was not clearly stated whether the Applicant, or his personal representative, was a British subject. Information on this point is absolutely necessary, as a free homestead patent cannot be issued to anyone but a subject of His Majesty the King.

The land office advertising it for 60 days, at Calgary & Red Deer from the date of our application then Mrs Duxbury when she signed that unless the man Baldock came forward in that time the homestead would be ours — I then spoken bearing it was sought for a homestead but I've been to the agent dealing and office and made it all right meaning the land would be his. I saw him buying it from the brother of the deceased Mr Baldock's Executors after it has been advertised 30 days, that the 1st Journey on pre-emption is due 3rd May 1906 this has been practically Government land the last 16 years has therefore land office for homesteading & should have been Cancelled years ago this is clearly a case of fraud the pre-emption the homestead was not.

Sir,

I beg to acknowledge the receipt of your letter of the 9th instant, and in reply to say that you are mistaken in supposing that there is any irregularity or unfairness on the part of any officials of this department regarding the S. E.¼ of Section 24, Township 18, Range 1, West of the Fifth Meridian. I may explain that this was a pre-emption in connection with the S. W.¼ of Section 24 in the same Township, the homestead of the late Thomas Baldock and that the application for patent for this land was approved by the Acting Commissioner on the 7th of May, 1904. Under the Act payment for the pre-emption does not fall due until two years from the date mentioned, consequently no application for cancellation can be accepted before then.

The Agent of Dominion Lands at Calgary should not have accepted your application, and was instructed on the 23rd of last month to abandon proceedings.

The legal representatives have the privilege of paying the purchase money and securing a patent.

Dear Sir.

I am in receipt of your letter of the 13th instant, respecting the certificate of title which you say Mr. Walter Waldock is entitled to receive from the Registrar at Calgary, Alberta. Without going into the merits of the case, I may say that on account of the creation of the new provinces of Alberta and Saskatchewan and the change materially in the bounds of their respective districts, a large amount of extra work has been placed upon the shoulders of the Registrars in these provinces, so that at the present moment these officials are unable to keep up with the demand for certificates.

As you are doubtless aware, the Registrary will pass from the control of the Dominion Government in the near future. In fact should have gone so on the 1st September last. I am writing to the Registrar at Calgary in reference to Mr. Waldock's case and will do my best to make special effort to send him certificates as soon as possible.

Yours truly.

Sir,

On the 14th July last the patent for the South East quarter 24-22-2, West 4th Meridian, bearing date 5th June 1[illegible], was issued to the name of Walter Baldock as personal representative of the late Thomas Baldock, and the usual circular letter was sent to Mr. Alter Baldock stating that a duplicate certificate of title would be furnished him upon application in the usual way.

It appears that Mr. Walter Baldock who resides at Mount Charles, Ont., has applied to you for the Certificate in question, but it is presumed in the rush of business you have been unable to furnish it. I am to ask that you will kindly make a special effort in this case and let Mr. Walter Baldock have the Certificate applied for.

Sir,

S.E.¼ 34:-25:-1:W 5th M.

In reply to your letter of the 17th January current received to-day, I beg to inform you that the patent for this land, for which a patent was issued to Walter Baldock as stated in your letter on the 14th July last, was registered in this Office on the 29th of the same month of July, and that the duplicate Certificate of Title has been ready to deliver to Mr. Baldock on his application since that date; so that you will see that allowing for the time that the patent had to come through the post, no time was lost in registering the patent here.

Search has been made from the month of July to the end of the year, but no letter from Mr. Baldock has been found on the correspondence files. I surmise that his application must have been wrongly addressed.

I am sending a copy of this letter to Mr. Baldock for his information.

As no payment has apparently yet been made, interest on the whole amount is due from the 7th day, 1904, on $400. The whole amount with interest at that date may now be paid, or the instalment of one-fourth and the accrued interest up to date, as may be desired.

I regret that owing to not having the file of papers before me at the present, and not observing the date of the letter which you handed in to me, I may have misled you in regard to my impression in the matter, but as I promised to write you this afternoon even if this will set it straight.

Dear Sir,

Referring to our interview of [illegible] respecting the N. E. ¼ Section 34, Township 25, Range 1, west fifth meridian, the pre-emption of the late Thomas Bullock, I find that when I got the file of papers in the case the information I gave to you as the result of our conversation was incorrect, as I only then received that the letter addressed to you by me, and which you handed to me for correction, was not of record, the application being rejected, but one dated the 26th May, 1904. On looking into the particulars of the transaction with regard to this pre-emption I find that the application [illegible] the adjoining homestead. Pre-emption was approved by the Commissioner of Dominion Lands on the 7th May, 1904, and that as a matter of fact two years must elapse after that date before making payment, or an instalment thereof on account of the pre-emption, the said payment, or instalment thereof, can properly be paid to be in on the 7th May, 1906. There is therefore no [illegible] on the above pre-emption, the N. E. ¼ Section 34, the cost of $400, payable on the 7th May, 1904, either in cash or [illegible] or

Dear Sir,

I am in receipt of your letter of this morning requesting to be informed as to the number of acres of land in the S. E. ¼ section 34, Township 25, Range 1, West 4th Meridian, the location of which I gave you in my letter of the 3rd inst. I am sorry I am unable to do so, as the Department has not received the plan of the survey of the Township referred to. I will however write to the Surveyor General at once and request him to forward the plan to this office as soon as possible, and will then be able to inform you of the number of acres in the quarter section.

I may say that the Settlers' Homestead Entry for the S. E. ¼ section 34, Township 25, Range 1, West 4th Meridian, was cancelled on the 7th inst. and the land is now open for entry.

I regret that owing to pressure of work before me at the moment, and my observing the date of the letter which you have to me, I may have failed to reply in connection to the latter, but as I promised to write you this afternoon about it this will set it straight.

Sir,

In reply to your letter of the 14th inst. Ref. 5924, I am directed to say that although we do not appear to have any direct instructions upon the point nevertheless your action in refusing to accept the Military Bounty Warrant presented by Roderick McLeod would seem to be correct, as it is not thought that a substitute has the power to transfer his right threunder after having once signed it and filled in the land upon which it was his intention to apply it.

I am forwarding a copy of this letter and of your communication to the Head office, in order that should there be any decision in the Department contrary to the foregoing, the Commissiner may be advised of it.

Dear Mr. Smith,

I duly received your letter of the 17th ultimo, No.340476, about the question of whether a military bounty warrant can be located more than once and, having discussed the matter with Mr. Burgess, a decision was reached approving of the suggestion which you make that where a military homestead entry is cancelled in default the warrantee should not be allowed the privilege of using his warrant a second time but that where a warrantee desires to abandon his entry for reasons which may be accepted as satisfactory he should be allowed to do so and to apply his warrant a second time on payment of a fee for the half section of $20.00.

You use the term "fresh fees" in this connection. Is this not a little misleading as no fee at all is exacted on the first location of a military warrant?

Yours very truly,

Sir

I have the honor to inform you that the different ranches along the Upper St. Mary's River and Boundary Creek are complaining generally that the land throughout that section of the country has not yet been subdivided into sections.

These men are nearly all desirable settlers being mostly well to do and are locating with the intention of making a home in the country. They all own more or less stock; there must be about twenty families or more in that neighbourhood.

Under these circumstances I would respectfully suggest that the land be subdivided, so as to prevent confusion and give encouragement to desirable settlers.

That section of the country is considered one of the best in the Macleod District for mixed farming having an abundant supply

water and grass and is within easy reach of the advantages afforded by the Mormon settlement at Lees Creek.

Dear Mr. McLean,-

General Check of Records.
N.½ & S.E.¼ 6, Tp. 1, Rge.
26, West of the 4th Mer.

In pursuance of the general policy of making available as much land as possible for Soldier Settlement we are making a general check of all records with a view to ascertaining what lands are at present reserved from settlement and whether it is possible to throw such lands open for entry.

The N.½ and S.E.¼ of Section 6, Township 1, Range 26, West 4th Meridian would appear to be reserves as a permanent Police outpost known as the Summary Creek Detachment. The land is situate on the International Boundary in Alberta.

In order that there may be no discrepancy between our records and those of your Department, will you kindly inform us what or the above mentioned lands are still reserved for police purposes.

August 28th 1929.

Dear Sir,

Re: R.C.M.Police Reserve,
Boundary Creek, Alta.

On the 23rd of March, 1920, I received a letter from your Department, with regard to the above mentioned Police Reserve, situated on the North Half and South East Quarter of Section 6, Township 1, Range 26 West of the 4th Meridian and situated on the International Boundary in Alberta.

I now find that this Police Reserve is no longer required by this Department, and will be pleased if you will make the necessary arrangements to have it transferred to your Department, kindly advising me when this has been done.

Under the authority of the Minister in control of the R.C.M.Police, the privilege was granted to Mr Ernest Salt, of Boundary Creek, to graze his cattle upon this Police Reserve since December, 1924, with the proviso that Mr Salt keep the fences surrounding the Reserve in good repair. Mr Salt has carried out his part insofar as the fences are concerned, and is at present using this ground as a pasture for his stock.

An application was received in February, 1929, from one William Simpson, also of Boundary Creek, requesting that the land in question be leased to him, but as Mr Salt was fulfilling his obligations, no action has been taken by this Department.

This information is furnished to you in order that you may be aware of the present state of the Reserve.

Yours very truly,

Cortlandt Starnes,
Commissioner.

MEMORANDUM:

J.W. Martin, Esq.,
Commissioner of Dominion Lands.

You have requested a report in connection with the Acting Deputy Minister's memorandum of the 3rd ultimo, hereunder, with respect to the Royal Canadian Mounted Police reserve at Boundary Creek, Alberta, comprising the North half and South East quarter of Section 6, Township 1, Range 26, West of the 4th Meridian.

These lands were reserved for the Mounted Police by Departmental letter dated the 6th December, 1893. A search of the records reveals that the reservation was never confirmed by Order in Council.

In his letter of the 28th August last Commissioner Starnes states that the reserve is no longer required by his Department and he requests that the necessary arrangements be made to have the land transferred to the Department of the Interior.

As the reserve is merely a Departmental one the only action necessary to bring it to a termination is to cancel the notations in the records.

Commissioner Starnes points out that Mr. Ernest Salt of Boundary Creek, Alberta, was granted the privilege of grazing cattle on the reserve since December, 1924 on condition that he keep the fences surrounding the reserve in good repair. At the same time it is stated that Mr. Salt has carried out his part

insofar

insofar as the fences are concerned and that he is at present using the grounds as a pasture for his stock.

Before deciding what disposition should be made of this property, I think it would be well to have an Inspector make an investigation and furnish a report as to the nature and value per acre of the land, the condition and value of the fencing and any other improvements and the use which is being made of the land by Mr. Salt at the present time. At the same time the Inspector might be asked to recommend what disposition he considers should be made of the property.

I may say that the North half of Section 6 is rendered fractional by a lake. The fractional North East quarter of Section 6 comprises 49.1 acres, the fractional North West quarter, 142.4 acres, and the South East quarter, 180 acres. A sketch is attached.

A draft letter for the Deputy Minister's signature is herewith.

Director,
Ordnance, Admiralty and

COMMISSIONER
OCT 17 1929
DOMINION LANDS

16th October, 1929.

Dear Colonel Starnes,

I have your letter of the 12th August, reference G.585-3, wherein you state that the North half and South East quarter of Section 6, Township 1, Range 26, West of the 4th Meridian, are no longer required for the purposes of the Mounted Police and request that the necessary arrangements be made to have the property transferred to this Department.

In reply I may say that an investigation of our records reveals that the only authority for this reserve is a departmental letter to your Department dated the 6th December, 1883. The reserve was never confirmed by Order of the Governor in Council. Accordingly, as the reserve is merely a departmental one, the only action which we need to take to clear the lands is to cancel the reservation in the records here. This is being done.

In order that we may know just what rights were granted Mr. Ernest Galt of Boundary Creek, Alberta, with respect to this property, in case it should become desirable to terminate his tenure, I should be glad if you would let us have a copy of the letter authorizing him to use the lands as well as copy of any recent correspondence bearing on the subject. At the same time you might be good enough to furnish us with copy of the application which you received in February last from Mr. William Simpson for a lease of the property.

Yours very truly,

DOMINION LANDS ADMINISTRATION

Sir,

In the year 1893 the fractional North half and the South East quarter of Section 6, Township 1, Range 26, West of the 4th Meridian, were placed under reservation for the Boundary Creek detachment of the North West Mounted Police. You were advised of the reservation by Departmental letter dated the 6th December, 1893.

A communication is now to hand from the Commissioner of the Royal Canadian Mounted Police stating that these lands are no longer required for the purposes of the Mounted Police.

Before deciding what disposition should be made of this property, it is considered advisable to have an inspection made of the lands. Will you be good enough, therefore, to have an Inspector make an investigation and furnish a report as to the nature and value per acre of the lands and the condition and value of any improvements thereon. At the same time the Inspector might be asked to recommend what disposition he considers should be made of the property.

The Commissioner of the Royal Canadian Mounted Police advises the Department that Mr. Ernest Salt of Boundary Creek, Alberta, was granted the privilege of grazing cattle on the reserve since 1920, on condition that he keep the fences surrounding the lands in good repair. The Inspector should include in his report a statement as to the extent and present value of the fencing on the lands and the use which is being made of the property by Mr. Salt at the present time.

It is to be understood, of course, that no disposition is to be made of these lands without specific instructions from the Department.

I found the fence to be in good condition, surrounded mostly with two wires,and in places three. It was an impossibility to check up the fence all round the pasture,on account of so much brush. The old detachment is still standing, but the floor has been completely taken away,it appears to have been missing for some time - The doors and windows are missing. The roof has completely gone from the old stable,but the log frame is still in good condition.

Re: Police Reserve, Boundary Creek, Alta.

I have the honour to report that I received on the 19th ultimo a letter from one William Simpson, of Boundary Creek, Alta., a copy of which is attached hereto, and in which Mr. Simpson asks that he be permitted to lease the Police Reserve at that point.

This land is at the present time leased by Mr. Ernest Salt, of Boundary Creek, Alta., in accordance with your memorandum of December 6th, 1924, H.Q. Ref. G 585-3, who appears to be complying with the conditions of his lease.

A report from Sergt. Smith, of Twin Lakes Detachment, whom I instructed to make enquiries in this connection, is attached hereto, and it will be seen from this report that there is apparently considerable ill-feeling between these men Salt and Simpson.

However, this land is at present of no use to us, nor is it likely to be at any time, and I would therefore submit for your consideration the question as to whether it might not as well be handed back to the Department of the Interior.

Sir,-

Re:- Police Reserve. Boundary Creek,Alta

I have the honour to report,that in accordance with instructions received from the Officer Commanding Southern Alta District,I patrolled on the 2nd instant with saddle horse 1557 West from Twin Lakes across the St Mary's river to Boundary Creek to ascertain conditions pertaining to the Police Reserve,which is at present conditionally leased to one Ernest Salt,and has been since Jan. 7th.1925.

During my investigation I interviewed Ernest Salt who admitted that at the present time the fence was in poor condition,and was in several places completely covered in snow. However he emphatically stated that prior to the heavy snow the fence was in good repair.

Salt claims that William Simpson keeps continually tearing down the fence in order to allow his (Simpson's) stock to trespass on the reserve.

I find that Simpson has land completely surrounding the police reserve,and therefore he should have little difficulty,if any,in keeping stray stock from going on his own land,especially in view of the fact that he is legally responsible to keep half the fence in repair,which condition Salt has never enforced.

Simpson has to Salt's knowledge run his stock on the police reserve with immunity.Simpson evidently now feels that he has a right to do so.

The belief through the district is,that should the land be leased to Simpson,he would take down the fence surrounding the police reserve completely,in the course of time; use it to strengthen his own fence,with the result that he would have a free open range for his cattle.

On the other hand if the lease is still left with Mr.Salt I feel sure he will comply with the requirements asked for and keep the fence in good repair. Fences are always in bad condition at this time of the year.

Perhaps I should explain the positions of the two parties concerned. Simpson has not an enviable reputation through the district,and on one occassion was fined $500.00 for having liquor in possession which was to have been smuggled into the U.S

Sheet Two.

5431580

Ernest Salt has been in this country since 1897 and is a highly respected citizen, and owns six and a half sections of land, and over 2000 head of sheep. I would recommend that the lease be left in Mr Salts name, and during the summer months a patrol could be made to the police reserve with a view to ascertaining whether or not Salt is keeping the fence in good repair, and living up to his agreement.

MEMORANDUM FOR THE HONOURABLE THE MINISTER IN CONTROL OF THE ROYAL CANADIAN MOUNTED POLICE.

R.C.M.Police Reserve, Boundary Creek, Alta.

The undersigned has the honour to report that for many years past the Royal Canadian Mounted Police have had a Reserve at Boundary Creek, Alberta, near the International Boundary, covering 480 acres, situated on the North Half and South East Quarter of Section 6, Township 1, Range 26 West of the 4th Meridian.

This land was reserved for the use of the Mounted Police in December, 1893, and although we have not now a detachment there, the undersigned is of opinion that it is important that this land be still kept as a Reserve for Police purposes in the future.

On account of the old log buildings which are still on the Reserve not having been in use for many years, the fencing on this Reserve has become very much dilapidated and one Mr Ernest Salt, of Boundary Creek, offered to keep the fence in repair provided his cattle are allowed to graze in this pasture.

A member of this Force visited this Reserve in November last and found practically all the fence down and everyone in the district using the Reserve as a pasture.

The undersigned was not aware of this condition of affairs and now recommends, in view of the fact that the Reserve in question may be required in future, that Mr Ernest Salt, of Boundary Creek be permitted to graze his cattle on this pasture, provided he keeps the fence in good repair and that he will vacate such Reserve at a moments notice if necessary.

Respectfully submitted.

I have the honour to request that I be informed;if it is possible for anyone to rent the Police Pasture situated at Boundary Creek joining Police Lake.

Mr Earnest Salt of Boundary Creek. asked me if I thought that he could rent or Lease it. or if the Officer Commanding. would give him permission to Grase it and him keep the fence in repair;

The above mentioned pasture is being used by everyone and everything in that district. there is I think Three Quarters of a Section. the Fence is all down and there is also Two old Log Buildings on the premises that are far beyond repair.

If Mr Salt could get this Pasture by Renting or Lease this would I think be a good idea as he would keep a Fence upontit; and he informs me that he would make an agreement to give it up at a moments notice if at any time it was needed

Re: Frac. N.½ S.E. 6-1-6 W4th Mer. as file

I beg to advise you that I am in receipt of a communication from the Department with reference to the land above described, which was under date of December 6th 1893, reserved for the Boundary Creek Detachment of the North West Mounted Police.

I am informed the lands are no longer required for the purpose of the Mounted Police. A request is, therefore, made that you make an investigation and furnish a full and complete report as to the nature and value per acre of the lands, the condition and value of any improvements thereon. At the same time you should make a recommendation as to what disposition you consider should be made of the property.

For your information, Mr. Earnest Salt of Boundary Creek was granted the privilege of grazing cattle on the reserve since 1920, on condition that he keep the fences surrounding the land in good repair. You should include in your report the statement as to the value of the fencing, and the use that is being made of the property by Mr. Salt at the present time.

He went to the States, and returned to Canada
He commenced without any money -

If you will give him recommendation for
patent he can purchase a cheap lot

It was considered discretionary that he should be required to cultivate 20 acres in addition to what he had already under cultivation but he was not informed of that fact until last Autumn too late to complete it - There being no difficulty in our specifying the acreage required to be cultivated, and there being hundreds of precedents for the action I advised you

Sir,

In answer to your letter of the [illegible] inst., I am directed by the Commissioner to say that he does not think he could be justified in recommending Mr. Swilland's application for extra [illegible] as he has only cultivated the area of breaking mentioned on his homestead, another season. The Statute requires the homesteader not only to reside upon but to cultivate his land each year the years during which application for patent and has cultivated for two years only, viz: years 1 & 2 and 1910. The Commissioner will however approve his application on being satisfied that has his breaking crop this year, and he does so will be in a position to furnish proof of this at an early date as the Statute is rapidly advancing.

MEMORANDUM.

PRE-EMPTION PAYMENTS.

Under the Orders-in-Council dated respectively 7th July, 1886, and 25th April, 1887, it is provided :—

1. In the case of pre-emption payments due on the 7th July, 1886, one-third to be paid on or before 1st January, 1887, one-third to be paid on or before 1st January, 1888, one-third to be paid on or before 1st January, 1889. Payments in arrear on the 7th July, 1886, will bear interest at six per cent. up to that date.

2. In the case of pre-emption payments falling due subsequent to the 7th July, 1886, and on or prior to 1st January, 1888, one third to be paid within six months from date of approval of application for patent; one-third within one year from date of first payment; one-third within one year from date of second payment.

3. No interest is to be collected if the instalments are paid in the manner above prescribed and if, upon making final payment, the settler proves to the satisfaction of the Local Agent that he has continued *bona fide* to reside upon his homestead during the period to which such extension applies, such residence to be in conformity with the provisions in that behalf contained in the Dominion Lands Act in regard to homesteads and that he has during such period cultivated and cropped not less than forty acres, which area may be upon the homestead or upon the pre-emption or upon both at the option of the settler.

5. In order to become entitled to pay for his pre-emption by instalments under the Orders-in-Council above referred to, the settler must in every case give written notice to the Local Agent for the district within which his pre-emption is situate, that it is his intention to continue to reside upon and cultivate his homestead or his pre-emption or both for the period over which the payment of his instalments is to extend.

6. Should any pre-emption entry be cancelled in the absence of such notice, the holder of the entry thus cancelled shall have no cause for complaint, notwithstanding that, excepting for the failure to give such notice, he may have been entitled to the privileges of the said Orders-in-Council.

Dear Sir.

We venture to ask your intercession on behalf of one L.T. Bouillard who settled 5 years ago on W.1/2 Sec.10. Tp.35. R.28 W. 4 near Innisfail. He fulfilled all the conditions imposed by the Act, but and only cultivated 5 acres. Tho' there is no specific acreage in the Act the minimum of cultivation is supposed to be 15 acres. This man has been a steady, industrious pioneer having to improve his place so he could earn the money to do it having had nothing to commence upon, and by dint of hard work has got some stock, a lot of good buildings, and is now busy fencing the whole 160 acres. He has an opportunity of making a purchase of stock by giving a lien on the property and the offer is liable to be withdrawn at any time, so he is very anxious to procure his patent and has directed us to solicit your influence in his behalf.

We venture to ask your intercession on behalf of one L. N. Romillard who settled 5 years ago on N. 1/2 Sec 20 Tp. 32, R. 28 W. 4 near Innisfail. He fulfilled all the conditions imposed by the Act, but had only cultivated 6 acres The there is no specific acreage in the Act the minimum of cultivation is supposed to be 15 acres. Dear Sir

Last April I took up as a homestead the N.W. ¼ Sec. 20 Tp. 35 R. 28 West of the 4th Mer. My brother F. W. Archer owns the N.E ¼ of the same section and we have in conjunction fenced in all this ½ section as a common pasture. I have not built a house on my ¼ Sec., but I am living in my brother's house on the adjoining ¼ Sec. We use the

1/2 Sec. in common, there being no dividing fence,

My request to you is that, considering the circumstances of the case, I be relieved of the necessity of residing on my 1/4 Sec. in consideration for additional improvements in the shape of breaking & fencing

My occupation is that of a School-Teacher and I am in charge of the Innisfail village school which is quite close to my brothers house.

If it is impossible that I should be exempted altogether from residence, I should feel very grateful if the time for commencing residence should be postponed until next year.

I am
Yours faithfully

RECEIVED

DEPARTMENT OF THE INTERIOR
OTTAWA

The Secretary
Interior Department
Ottawa.

Dear Sir In April 1899 I entered as a homestead the N.W¼ Sec. Tp. 35. R. 28 west of the 4th Meridian. I was at that time teaching the school here and, contrary to my expectation have continued to do so, and now under contract to teach until the end of this year This makes it very inconvenient for me to reside on my homestead owing to the distance from the school. I have therefore made up my mind to ask you to sell me the land.

In setting the price and terms I beg you to take into consideration that my earnings for the last two years have been devoted to the improvement of my homestead.

The improvements consists of over two miles of substantial post & wire fence a frame dwelling house & 20 acres of breaking which I will crop this year. I have besides stocked it with about 35 head of cattle & horses & have procured a good set of agricultural implements with a view to devoting my energies entirely to farming at no very distant date.

I am
Yours truly
R Marcher.

Sir.

In reply to your letter of the 21st instant, I am to inform you that it has been decided under the circumstances to allow you to purchase your homestead, the W. ½ of 20, 55, 2, West 4th, at the current price of $3 per acre. The terms of payment are one quarter in cash and the balance in three equal annual instalments subject to interest at 5%. If you wish to take advantage of this offer it will be satisfactory if the first instalment of the purchase money is paid to the Local Agent at Pec Deer on or before the 1st of June next.

To the Secretary
Department of the Interior
Ottawa.

Sir,

In reply to your letter 28488 d. 20th. ult. in which you state that it has been decided to allow me to purchase my homestead the N.W. ¼ of 20. 35. 28 West 4th. at the current price of $3 per acre, I beg to say that, as it is a question of ways and means, I would like to know if I retain my homestead my price. I was under the impression that I could purchase at $1 per acre giving up my homestead, in which case would suit me best and I hope you will see your way to allow on reconsideration of the matter.

I shall be short of funds for a couple of months so I would ask you to fix the date of payment for the 10th. July when I hope to have the money in hand.

I am
Yours respectfully
R. McArcher.

Mrs. Standish could, however, if desirable have her sale commuted and have patented to her so much of the quarter section in question as the money which she has already paid would cover. It will be necessary of course, if she accepts these terms, to release to the Crown that portion which she does not require, and take the land in legal subdivisions. You will recognize that if the Department has to deal with Mrs. Standish it can only do so in her capacity as the personal representative of her husband. If Mr. Standish left a Will it will have to be proved, and Letters Probate be fyled here, but if he did not leave a Will then Letters of Administration will have to be taken out.

Ref. 292010.

Ottawa, 26th May, 1897.

Dear Sir,

I am in receipt of your letter of the 17th instant, relative to the case of Mrs. Nelson Standish, a widow, whose husband purchased the South West quarter of Section 32, Township 3[illegible], Range 26 West of the 4th Meridian in connection with his homestead, the North West quarter of the same section, and upon which two instalments of $84.00 each have been paid leaving a balance of $168.00 with interest from the 31st March, 1895.

I do not see how it is possible to accede to the request of Mr. P. Talbot, whose letter accompanied yours, to the interest being waived in the matter of this sale, as this Department has a ruling from the Department of Justice that the Minister has no authority to waive such interest, and therefore I am afraid that nothing can be done in this respect.

Sir,

Referring to your letter to F. Oliver, M. P. of late the 26th May last in reference to the purchase by Nelson Standish, of the S.W.1/4 33.26 W 4th M, I may state on behalf of Mrs Standish the executrix of the last will and testament of the late Nelson Standish, who had a purchase of this quarter section, that it is her desire, as such executrix, to have the purchase so far as it relates to the south half of the quarter cancelled and that the payments already made applied on the purchase of the north half.

There are I believe only 112 acres in the half and possibly the amount already paid will be sufficient to pay for the north half, in case it is not and you let me know how much there is in the north half I will remit to you the balance so that a patent may issue to her for the same.

I presume there will not be any home to pay for the extra according to the area of this piece and interest on that amount from the 31st inst to date.

I enclose you an attested copy of Probate.

I have the honor to be

Your obedient servant,

paid, and leave a small difference still to be paid for of about 4 acres. If, however, Mrs. Stanbiss prefers, the moneys paid can be applied towards the purchase of the whole of the North half of the said South West quarter, the area of which is, approximately, about 78 acres, which would leave an excess to be paid for of, say, 19 acres at $3 an acre, making a total of $57, and interest thereon from the 31st March, 1885.

I beg to enclose herewith a release to be executed by Mrs. Stanbiss, part of the land having been sold, in order that you may fill it in correctly according to whichever way Mrs. Stanbiss decides--whether to retain the whole of the north half of the South West quarter, or only the east half of L.S.W.S and the whole of L.S.W.N.

Ottawa, 28th February, 1898.

Sir,

I am directed to acknowledge your letter of the 5th instant, enclosing Letters-Probate of the last Will and Testament of the late Nelson Standish, issued in the Supreme Court of the North West Territories, Northern Alberta Judicial District, and to say that the patent for the land which the said Nelson Standish entered for in his lifetime, namely, the North West quarter of section 32, township 49, range 26 West of the 4th Meridian, is now in course of preparation, and when issued will be forwarded to the Registrar at Edmonton, the notice of which will be sent to Mrs. Standish.

You say that Mrs. Standish prefers to select from the North half of the South West quarter of the said section 32, to which the moneys already paid towards the purchase of the said quarter section shall be applied. This quarter section, as stated in my letter of the 27th September last, is badly broken by a lake, but there is quite sufficient in the North half to make up 80 acres--that is Legal Subdivision 6, and the East half of Legal Subdivision 5, the area of which will compensate her for the money paid.

MEMORANDUM.

Mr. Gliddon.

Re Sec. 8-25-10 W. 5th M.

The above section is one of those parcels transferred to the Hudson's Bay Company, later placed within the Dominion Parks, and which has now been surrendered by the Hudson's Bay Company under section 1 of the agreement of December, 1924.

By order-in-council of the 16th August, 1892, P. C. number 2196, a surveyed road, which passes through the South west corner of the section, was transferred to the North west Territories.

Later, the whole of section 8, 640 acres, was patented to the Hudson's Bay Company under grant 209, under date of the 8th February, 1895, it having been overlooked that the surveyed road transferred to the province traversed a part of the section.

Recently, when the forms of surrender were prepared for the Hudson's Bay Company, provision was made to have the roadway excepted, but the duplicate certificate of title, furnished by the Registrar of Land Titles, shows the whole section to have been surrendered by the Company and title to be held in the name of the Dominion. It, therefore, appears that the Registrar of Land Titles has no record of the road.

The Registrar, having no information in this regard, it was thought that possibly the road was not opened and that the province would be willing to abandon it; and information in this regard was sent to the Dominion Parks Branch. A reply has now been received, in which the Dominion Parks Branch intimate that, as the Registrar of Land Titles has no record of the road and as the Dominion Parks Branch have been maintaining and using the road for park purposes, that it would be inadvisable to raise the question.

It is assumed, therefore, that the Company are to be credited with an acreage of 640 acres, to whom they were given title in error, and that the [illegible] may be allowed to lie in abeyance.

Dear Sir

I have mentioned, in a letter to a friend here in your office, that I wanted to come and see you about a homestead in the S.E. quarter of Sec 3 Tp 38 Range 27 West of 4th Meridian. This matter I found [illegible] was explained to me by [illegible] in your office, but I have since [illegible] on the subject and I find that I am not clear on the matter. I would like to [illegible] the matter personally. I am [illegible] and would like to [illegible] the matter personally. I am [illegible] and would like to [illegible] the matter personally. I am [illegible] and

[illegible] Quarter is the U. E. one of the section. It was at the solicitation of the guide one of us that I made application for my own quarter and he witnessed my making it to the land office here. So that it appears that I made it in the belief that things were all right and I am obliged to take that view of the matter as I mentioned in the interest of government and the settler was not aware that McKenzie was a squatter on the quarter and the actual fact that we were not aware of it either. The question arises now to me where does the blame lie? It seems strange that there is no restriction in the law of the ownership of said Reserves with buildings. The point I wish to make, therefore is that great official blame attaches somewhere, and if seems hard that I should suffer.

You will therefore excuse me if I cannot write to them. If I am let my sheep and what I am doing alone I am to inform cattle and horses mind [illegible] from home since [illegible] what I am to say to friends in town expecting to follow me here in the case of official [illegible]. Sir,

In reply to yours of the 6th instant, Ref 295/50,
I would state that on the 16th ultimo, three days subsequent
to the date of Mr Scott's letter, the Commissioner and my-
self, when passing near here, had our attention directed to
this case by the Agent. The Commissioner instructed the Agent
to inspect and report on it in the following day, and the
said report was handed the Commissioner on his return on the
18th, when he verbally gave instructions to the Agent that
was thought that for a trifling consideration he could
relinquish his claim, if not, Scott's entry must be cancel-
led. There will therefore be no necessity for an inspection
and report by me.

Sir,

I beg to acknowledge receipt of your letter in reply to mine of 13th ult, and am sorry to have to trouble you about another matter. Since I wrote to you and after having made extensive improvements on my quarter I have found that the local guide here, whom I hired for $5.00 to locate the Government corners, could not find one and cut it from me over $60 and if the land he showed me as Government land but which is not to be located (surveyed) and my quarter really included in Government corners could easily, in quicker and finer in small timber, and is nearer to the other. The guides

false compasses with flap flying are ill standing and I can show them to any one.

With regard to my boy as the best I could do for him I made application in his account for land one mile East from my Quarter Section, I understand, and partly homesteaded by a Mr Parker two years ago. On this account, as it is held by him I had to apply for the whole Section, and in the event of Mr Parker's failing to come on it within the legal 90 days' notice I have been told that I could enter for my boy whichever Quarter I please.

Now would it be too much to ask Government to let me have the other Quarter of the half Section for myself, in addition to the comparatively worthless one I have unfortunately built upon and otherwise improved, I have spent upon it over £1800 already and cannot afford to buy any more land.

In case it might do me any good I may state that I am my years of age: wife is 15, my former, and my boy is my 18. I was Royal Bounty Missionary minister at Braemar 4 miles from Balmoral, previous to 1871, when on account of my health I emigrated to Iowa, United States, where I farmed till I came to Red River last fall.

In the circumstances in which I am placed I hope you will kindly excuse my troubling you & I am,

Sir, your very obedient

If you prefer to [illegible] this quarter section could be located by anyone who has the slightest pretence for, clearly, even if no posts could be found. In fact his qualifications in that respect have been spoken of in the highest terms, and while Mr Scott may have been unfortunate, why should the Department come to his rescue. I understand from Mr Scott's letter that he does not desire to abandon the case but only for one of the matter sections which he is about to cancel, but to retain one of them as a fall or at a reduced rate on account of the mistake made. If so is the case after receiving this that I shall open further correspondence into this case or instructions to that effect I will do so.

Enclosure.

Sir,

Referring to your letter dated the 16th instant, Ref.295050, addressed to the Agent at Red Deer, a copy of which was forwarded here for the Commissioner's information regarding the Scott - McKenzie matter, I am directed to report that on the 5th ultimo the Red Deer Agent was requested from this office to endeavour to see Messrs McKenzie and Scott at the earliest moment possible and to ~~endeavour to~~ arrange if practicable an amicable settlement between them; and on the 10th instant Mr.Jessup reported that he had seen Mr.McKenzie and Mr.Scott, and that the latter had signed a declaration of abandonment in the matter of the S.E.1/4 34-38-27 W.4.M., and wished to make entry for the S.W.1/4 of Section 6-39-26 W.4.M., the cancelled pre-emption of W.Smythe Parker; at the same time the Agent suggested that the entry and inspection fees in connection with the latter quarter-section might be dispensed with in Mr.Scott's case owing to the inconvenience and annoyance he and his father had been put to in securing land.

In reply to this letter, the Agent at Red Deer was informed on the 16th instant that the Acting Commissioner

---

retary,

Department of the Interior,
Ottawa.

Commissioner approves of the settlement of the dispute between Messrs David W.McKenzie and W.T.G.Scott in reference to the S.E.1/4 34-38-27 W4.M., and he was instructed to cancel Mr.Scott's entry for this land and authorized to grant him a second entry without payment of a fresh fee. He was told, however, that in the event of Mr.Scott taking a cancelled quarter-section, the Acting Commissioner could not authorize him to waive payment of the inspection fee as this fee was required to be paid in all cases.

This apparently disposes of the matter so far as Scott, Jr., is concerned.

With reference to Mr.William Scott, he, of course, desires to retain the land for which he has made entry, the N.E.1/4 34-38-27 W.4.M., having already made considerable improvements thereon. He, however, asks that in view of what has taken place he should also be granted the other quarter of Section 6, adjoining that for which his son is about to make entry. The only way, however, in which he can acquire this would appear to be by purchase on such terms as the Minister may see fit to grant. Meantime I am instructing the Agent at Red Deer not to otherwise dispose of the land, the N.W.1/4 6-30-2[illegible].4.M.

Referring to the second last paragraph of your letter to the Agent at Red Deer of the 16th instant, above mentioned, I enclose herewith copy of a report of

Mr. Hall,

It is not quite certain that Mr. Scott wants us to go. The proposition as submitted by the local Agent of Indian Lands is laid down on a map forwarded later by Mr. Greene. In his last letter, however, Mr. Scott appears to depart somewhat from this proposal; and I think that what would probably satisfy him would be for the Department to obtain the consent of the Saskatchewan Lumber Company for the exchange of the west half of section 36 for the Scott's, for which we would have to find two homestead other land.

You will see from a memorandum of yours on the report of Mr. Pearce of the 23rd August last, that no decision appears to have been given in the latter.

In your return of Entries for the period ending the 30th. ultimo, you appear to have granted D. M.Mc.Kenzie an entry for the S.E.¼.34-38-27.W.4th.M.

If you look at your Return of Entries for the 8th. of May last, you will observe that an entry for the quarter section was granted W.T.C.Scott.

Please correct and advise this office without unnecessary delay.

Memorandum for Mr Hall.

This is a case deserving of liberal consideration. The Saskatchewan Land & Homestead Company would be equally interested with the Government in securing a good class of settlers at Red Deer. Under the circumstances, and as a special case, the Company might, I think, be asked to relinquish the West half of Section 35, Township 38, Range [illegible] West of the 4th Meridian, and to select, in lieu thereof, an equal area elsewhere. Mr Scott, Sr, could then homestead Legal Subdivisions 9 and 16 of Section 34, which would embrace his improvements, and Legal Subdivisions 12 and 13 of Section 35. The balance of the quarter-section, Legal Subdivisions 11 and 14, could be purchased by him. Mr Scott's son could then enter for the South West quarter of Section 35.

Dear Sir,

I have to request that the Secretary may be informed at your early convenience whether the Saratoga-Wadsworth Land Company desires to relinquish a half section of land and to select another half section of equal value in lieu thereof under the following circumstances.

[illegible] Scott, a boy of 17 years of age, one of the [illegible] heirs of the late Winfield Scott Hancock, formerly resided with his father, [illegible] Scott, on the [illegible] Dakota, [illegible] family. One of the family was a [illegible] U. S. Scott, for whom he [illegible] entry, the W½ NW¼ Sec. 27 Twp 4N., Range 1E., taking the East half 1/4 for himself. [illegible] pretends that by the [illegible] he was told, the land selected [illegible] the East ½ of S4 actually covers part of the West ½ of Section 35 being one of the sections reserved to your Company and to further complicate the trouble it was found that said Davis Scott, a Sioux [illegible] had taken a homestead on the North East 1/4 of S4, of which the land office at Aberdeen is ignorant, and upon entry to that effect is to be cancelled. It has been represented to Mr. Scott, Senior, that said Scott's homestead does not interfere with the North East 1/4 of S4 as he pretends, but that only a small part of that land is covered by the West ½ of S4 and that can be taken off by a slight change of the boundary of said homestead.

Mr. Scott is now in possession of [illegible] letters from the Land Office, and is very desirous that the matter should be settled as speedily as possible.

[illegible] I am directed to request that the Company will forward to this office a relinquishment of the West ½ of Section 35 in the name of Scott, and if your Company desires to select the North half of Section 1 in Township [illegible] Range 1 East, in lieu thereof, you will be at liberty to do so, and I am directed to request that you will inform this office of your decision in the matter. Mr. Scott [illegible] the West ½ of the East ½ of S4 and the East ½ of the West ½ of S4 [illegible] your Company, and if your decision [illegible] of the [illegible] Scott's homestead [illegible] to exchange [illegible] the North ½ of the [illegible]

Consequently he & his son are without any tillable land of any age & have been idle most of the summer which they can ill afford. re Wm. Scott, Red Deer

My dear sir, I beg to acknowledge the receipt of your favor of 13th inst. When I was in the Red Deer last Fall I learned that Mr Scott had made the unfortunate mistake to which you refer and I also understood that he was in negotiation with our Agent for the purchase of the West half of Section 33. 35. 27 W of W.

There is no excuse whatever for the error in location. Over and over again the line between 34 & 35 has been picked up and when you remember that Sec 22 just one Sec^n south is an open Country has buildings worth several thousand dollars erected upon it and the lines all well understood and defined and the East line of 22 gives the line of 34 you will concede the excuse is absurd.

It was perfectly manifest that E/

substantial concession to meet the case.

the topical map to which they had access in the Land Office and make one a mistake.

If you will read over the letter of the Secretary of the Department I think the conclusion you will arrive at is that we have done all we can for it by trying to meet Mr. Scott's wishes. If at the start we had simply ignored his claims it could very soon have proved all for all concerned, but it was presented to the Departmental officers by people living at the other end of the line and they decided to make favourable arrangements as possible to Mr. Scott's benefit. He seems to have found out he could , if necessary by threat, secure a large extension for locating on the odd sections of the Department but it may be not placed in all cases it for for us.

I would say that the correspondence is ready for the Minister's signature will see that the agreement was come a good deal further to suit Mr. Scott's wishes than they should have done.

I return you herewith the letter from Mr. George W. Green, of Ker Bear, of the 14th instant, covering a petition from the Ker Bear District Agricultural Society for the erection of an immigrant shed at that place, as to which I will write to Mr. Green at once.

Regarding the case of Mr. Scott to which Mr. Green alludes, I now send you a copy of a letter which was written by the Secretary of the Department to Mr. Scott on the 9th ult., which seems to give a very full history of the case. The Scott matter arises out of two certificates for entries. The first, the South East 1/4 of Section 34, Township 24, Range 27 West of the 4th Meridian, was entered by Mr. Scott for his son. The second, the North East 1/4 of the same section, was entered for himself. He claims a pre-emption, but cannot claim as a homestead

Sir,

Referring to letters from the Department the 17th and 28th January, 1893, I propose this as one way of settling after and definitely that Government give us a Patent for the Smythe Parker Place on this side the River in Sec. 6 T. 39 R. 26 ; west 4th Meridian, that is to say the S.W. ¼ for my son, and the part of the N.E. ¼ on our side of the River for myself. In case there is in a position to deal with the Saskatchewan Company.

The part of the N.E. ¼ on our side of the River, contains probably 40 acres of arable land as will be seen from the map. This with the 20 acres of arable land on my present claim would give me about 60 acres arable land altogether. The remainder of my claim on my side of the River 75 acres. I propose the Government allow me to complete my 160 acres and help to cover the cost of the survey.

The whole to be covered by Patent.

Please telegraph me if so, and I will, by express, send the money, and forward the papers.

Dear Madam,

I beg to acknowledge the receipt of your letter addressed to the Minister of the Interior on the 10th instant, with further reference to your husband's homestead, and to say that the Department will immediately communicate again with Mr. John T. Moore, of the Saskatchewan Land and Homestead Company, and urge him to take speedy action in order that this business may be settled. The suggestion made by the Department to Mr. Moore was that he should allow Mr. Scott to have the Company's ~~quarter~~-section which he wishes to retain and that the Government would give the Company land of equal value in that locality in exchange. You will therefore see that the efforts of the Department were directed towards a settlement of the case which would ~~entitle~~ not entail any extra expense for Mr. Scott. I trust that Mr. Moore may yet accede to the wishes of the Minister. At all events, we will again press him to do so.

Sir,

Referring to the copy of your letter to Mr. D.W.McKenzie, of the 12th inst., Ref. 295050, I beg to say that nothing appears to have been done of late in regard to this man's application for patent for the S.E¼ section 34, Township 38, Range 27 W4t M.

The application is dated the 15th of September 1892, and Mr. McKenzie was advised on the 3rd of October following, that he was not entitled to have his residence counted prior to the date of entry, the 16th of September 1893.

Since this decision was arrived at, and which was in accordance with the then practice of the Department, the Minister has seen fit to treat cases similar to McKenzies in a more liberal manner, and under the practice now in vogue the application appears to be entitled to favourable consideration. It is therefore being sent to the Agent at Calgary for the necessary recommendation, and will be immediately submitted to the Commissioner for approval on its return.

McKenzie, whose improvements on the place had not been noticed by the Surveyor at the time the subdivision was being made. Of course, in the absence of any report from the Surveyor as to Mr. McKenzie's occupation of the land the latter's improvements were not shown upon the township plan, and this eventually led to the entry being granted to Mr. Scott's son, which the Department was afterwards found to cancel in order to protect the rights of Mr. McKenzie, so that he and Mr. Scott found themselves in possession of the quarter-section each had made improvements while labouring under the impression that it was section 34. He subsequently obtained patent for the North East quarter of Section 34, but he now complains that there are but 15 acres of arable land in it.

Without discussing the merits of the case as to the responsibility for the errors which were made in this matter, I may say that I have always been felt by the Department that Mr. Scott was entitled to consideration as he was certainly put to much inconvenience in this connection, and efforts were repeatedly made to have the Saskatchewan Land and Homestead Company agree to an exchange of the West half of Section 34 for the same number of acres available for Mr. Scott. I regret to say that it was suggested to me at one time that Mr. Scott should purchase the

fractional North West quarter of Section 6, in Township 39, Range 26, to the north, and that his son might take the South West quarter of the same Section as a homestead, but apparently this did not meet with his wishes.

I may say, that so far as I am aware, no arrangement is likely to be made, for the present at least, to have the lands of the Colonization Companies taken back by the Government, and under the circumstances I do not think that any good purpose would be served by communicating further with the Saskatchewan Land and Homestead Company with a view to their relinquishment of the West half of Section 35. It seems to me that the best plan would be for Mr. Scott to try and find some suitable Government land in the vicinity which his son could enter for, and if there should happen to be a quarter-section available in the same locality which he would like to acquire himself, I would be prepared to recommend that he be permitted to purchase it at a reduced price and on easy terms.

This is really the only settlement that I could suggest under the circumstances, and I trust that it may prove acceptable to Mr. Scott.

Yours truly,

Deputy

Ref.295050:

Ottawa, 1st June, 1896.

Dear Sir,

I duly received your letter of the 25th ultimo, covering one from Mr. Wm. Scott, of Red Deer, with regard to his claim to be permitted to acquire an additional homestead, on the ground that he was mislocated by the Government Land Guide. I find that there has been considerable correspondence in this case, and briefly the facts would appear to be that in the spring of 1892 Mr. Scott entered for the North East and South East quarters of Section 34, Township 35, Range 27, West of the 4th Meridian, for himself and his son, respectively. Owing to an error on the part of the Land Guide whom Mr. Scott had hired to select the land, it turned out that the quarter-section which Mr. Scott thought he was locating upon was not the North East quarter of Section 34, but the North West quarter of the adjoining Section 35 which had previously been granted to the Saskatchewan Land and Homestead Company. To further complicate matters, it was found subsequently that the South East quarter of Section 34, which was entered by Mr. Scott's son, had been settled upon before survey by a Mr.

F. Oliver, Esq., M.P.,

In reply to your letter of recent date I am directed to say that it is assumed by this time of your letter that you desire to abandon your entries for the S.E.¼ 20 20 27 W 4th M. on condition that you receive the value of the improvements so soon as the land is vacated -

A short time ago I made homestead entry for the S.E. 1/4 of 20 - 20 - 27, West of the 4th., and have since found that it does not suit me for ranching purposes. I have broken 11 acres upon it and cropped same, and would not like to lose the crop. I would therefore request that the Department reserve the N.W. 1/4 of 6 - 20 - 27, West of the 4th, for me until I can get the crop off my homestead. After that is done I would like to make entry for the N.W. 1/4 of 6. I would also like to purchase the West half of the S.W. 1/4 of 6 - 20 - 27, West of the 4th, at once if permission to make the interchange referred to is granted, as I would like to erect my buildings on the West 1/2 of the S.W. 1/4 of 6 and go into residence as soon as possible. I understand there is an amendment being made to the Dominion Lands Act this Session which will allow me to live on six of my homestead.

Re ee Hills Indian Farm.

A portion of this farm had been homesteaded, and in the spring of 1911, you thought that the month of July of that year would be a good time to put the balance up to tender, when active construction operations on the Calgary & Edmonton Railway would be going on.

Mr. Pearce, in his letter of 29th March, 1911 covering with now, the Commissioner now refers copy of letter from the agent at Red Deer as to what is to be done about the North ½ of 34. One Wallis Morrison having applied to enter the North West ¼. I notice that Mr. Pearce, in his letter of 31st March, 1911, said, "the buildings, if "there are any on the portion to be sold, are of no "commercial value, and the farm itself in its present con- "dition is no more valuable than plenty of free homestead "lands in that neighbourhood." The question now is what is to be done with this land.

If there are no buildings on the ¼ section applied for by Morrison, I would say let him homestead it.

One Lucas got entries to the South ½ of this section 34.

ANSWER.

Re part of N. ½ 34-46-24 W. 4th M. ----------

I am very sorry to have to say that I find it quite impossible to adjust this sale to the satisfaction of the Department owing to lack of information records of the Wetaskiwin office having evidently been lost during the transfer of that office to here.

May I be permitted to ask that a copy of this account, as it stands in your books be sent me, thus winding up this unfortunate transaction.

As stated before the only thing we had to go by, when Mr. Morrison came to the office here to make his final payment was the receipts produced by him.

I beg to apologise for the trouble that this transaction has given you, but I think it is the only way to set

Department of the Interior,

Ottawa, 27th December, 1899.

Sir,

With reference to the purchase of the NW¼ ~~34-46-24~~, W.4th M., by Mr. Noble Morrison, I beg to say that according to the plan of survey of this Township the area of the quarter section is given as 126.62 acres, the remainder being a sort of marshy lake. The land of the Calgary and Edmonton Railway runs through this land and occupies and area of 7 acresus the Company's right of waymaking a net area of 119.62 acres. In your return of the 8th of March last you report the sum of $22.13 as payment in full of principal and interest, and you say in the colum for the area that the contents for this quarter section are 160 acres. The amount reported appears to be about $27.00 in excess of the correct sum should the quarter section be sold to Mr. Morrison as containing an area of 119.62 acres; but should it be his intention to purchase the full theoretical area of 160 acres, less the area of the right of way, the sum is not sufficient to cover the amount required.

You were written to several times in this connection but have not reported clearly what Mr. Morrison's intention is; whether to acquire the full theoretical area of 160 acres less the right of way or the 126.62 acres as shown by the plan ,also less the right of way. Please report at once and should it be the greater area which is required, a statement of account will be forwarded to you showing what further sum will be necessary to be paid by Mr. Morrison.

DOMINION LANDS OFFICE,

Sir,

Referring to your letter of the 27th December, 1899, 295490, I beg to inform you that Mr Noble Morrison called upon me this morning and stated that he is desirous of getting a patent for the full area of the N W ¼ 34 46 24 W 4 M, excluding the railway right of way, but that for the portion of the quarter section which has not been included in the survey he does not think that he should be called upon to pay more than $1.00 an acre, as this portion of the said quarter section is of very inferior quality. It is probable that Mr Morrison is quite correct in this statement and that the said portion is not arable or hay land.

Will you please instruct me what can be done in the matter to meet Mr Morrison's wishes.

I am instructed by the Department that the section unsurveyed of the N W ¼ 34 16 4 W 1st which you reported on lately in connection with the Soldier settlement cannot be sold at a less price than that fixed by the regulations, viz:- $3 per acre. Inasmuch, however, as the letter from the Department dated "the 6th June, over 160 acres" &c it is possible that there may exist a misapprehension as to the land at present covered by water to which your application relates. I am consequently asking for further instruction. If there is anything to communicate, to change the decision above mentioned, you will hear from me again.

Dear Sir:

Mills Morrison purchased the N. W. quarter of, T - R - W - 5, at $3 an acre. He claims that there is 30 acres of hay land under water of a lake. There is some difficulty in connection for the land entered by this party. He offers to pay $3 an acre for it. Would you kindly let me know the best we can do, and what we can do for Morrison?

Dear Sir:

In reply to yours of Apr. 2 enclosing application of Wm. Spencer to purchase the S.E. quarter of Sec. 31-41-6 at present part of Melville, I beg to say that the Act as to land within the limits of towns and cities does not apply to lots outside of the limits of towns and cities, but I understand that the lowest price to be asked is $10 per acre. The fact that the land is sold to a person for twenty years merely does not create it to be land, under land. If Mr. Spencer is willing to pay $10. per acre for the land he can only have one quarter of the section, and he surely as soon as he is entitled to patent for it.

I beg to acknowledge the receipt of your letter of the 18th ultimo, relating to the South west quarter of Section 36, in Township 54, Range 25, west of the 4th Meridian, which you claim you own, and stating that you propose sinking a shaft on this land for the purpose of discovering coal. You ask regarding the ownership of the mineral rights.

In reply I beg to say that it would appear that the mineral rights in the land in question were reserved to the Crown when the surface rights were disposed of, and such rights now appear to be vested in the Crown.

There is enclosed a copy of the regulations governing the leasing of coal mining rights. Should you desire to obtain a lease, the application should be filed at the office of the Agent of Dominion Lands for the district in which the land applied for is situated. A fee of five dollars should be paid when the application is filed. The rental is at the rate of one dollar per acre and may be paid within thirty days. The application may be filed with a Sub-Agent of Dominion Lands.

Encl.

There is also enclosed a copy of the regulations for the issue of permits to mine coal for domestic purposes.

Your obedient servant,

J. W. Martin,
Acting Commissioner
of Dominion Lands.

As most likely you are aware we have made considerable improvements on this place such as building house, stable, granaries &c. and fencing it all in. as well as paying taxes every year.

We located thereon in the summer of 1886 before the park of the country was open for settlers and at that time we bought the East half of the Redden & Bronstad lease from Redden & Kelter paying therefor $50.00 to Redden and $120.00 to Kelter and assuming half of two years lease rent Redden & Co owed the Government which last we paid. - Redden paying the other half. Dear Sir,

You may remember me (Thomson) speaking to you last fall on your return from Ottawa in reference to obtaining from the Dominion Government if possible a patent for our Ranch which is situated in the NW¼ of section 14 in township 6 Range 30 west of 1st Meridian If I am not mistaken you said you thought it might possibly be done.

We have at present about 450 head at least. we think we are entitled to a deed from the Government for the land herein described. Either of us or both have spent considerable time every year on the Reserve, still perhaps not the full time as Homesteaders entry would require but we have always had a Man in charge and sometimes more than one. So that if you would favor us, with your influence with the Government to obtain what we want - and fully convey to them all the facts requisite as hereinbefore stated - we would feel deeply grateful to you.

As Mr Haldane is at present

If Mr Oliver can perhaps assist you in the matter he does us a favor. Let him know the agreement between Geddes & Keller & us. We will be glad to hear from you as soon as you can make it convenient.

an assignment from Mr. Geddes to this effect, and a further agreement that he would have an acknowledgement of the same made by the Department of the Interior, and he asked if this had been done. In reply he was informed that the tract referred to was recorded in the books of this Department in the name of Thomas Brunskill and Charles G. Geddes, and that no assignment of their lease had been received here.

In July, 1890, Mr. Pearce advised the Department that Mr. Morgan had spoken to him about this lease, and informed him that Mr. Brunskill had assigned his interest to one C. Kettles, who subsequently transferred his interest to Messrs. Morgan & Cummins; that Mr. Geddes appeared desirous of relinquishing his part of the lease, and that he (Morgan) desired to know what could be done, stating that Mr. Cummins and himself would be willing to take one-half of it to protect their interest. In reply Mr. Pearce was informed that the Department could not recognize Messrs. Morgan & Cummins in the matter unless they filed here an assignment from Messrs. Brunskill & Geddes to themselves, and the Governor in Council authorized the same to be registered in this Department. A letter to this effect was sent direct to Mr. Morgan in Winnipeg.

From the above it will be seen that the tract was still under lease to Messrs. Brunskill & Geddes until

until the 25th of February of this year, when the lease was cancelled. The land applied for, however, is clear in the records of this Department.

Respectfully, submitted,

Sir,

I beg to call your attention to your letter of t. 24th August, 1897, wherein you requested that an extensio of sixty days from thatdate be given you within which to square up the balance of principal and interest due by you upon your purchase of the North West quarter of Section 14, Township 6, Range 30 West of the 4th Meridian. In a letter dated the 30th of the same month, Mr. Smart, the Deputy Minister, wrote you stating that your request had been complied with, and that the Agent of Dominion Lands had been duly notified. Up to the present time, however, no word has been received from you nor any remittance received on account of your purchase. Will you be good enough to state at once whether you desire to retain possession of the land in question, as if not, it will be thrown open to settlement.
The balance of principal is $240.00, to which must be added interest from 1st to 25th June, 1894 of $1.25, and from the latter date to, say, 25th proximo, $63.63, making a total indebtedness of $304.88. A period of thirty days from this date will be given you in which to state your desire in regard to this purchase.

My dear Mr. Smart,-

I take the liberty of writing you this personal letter, as I want it to have immediate attention, and I know that you would be very glad to give me your kind assistance, which I will thank you very much to do.

I now make application for a patent for the W.½ of Sec. 14, Tp. 6, Range 10, W. 4th. M., and enclose you herewith a copy of the Secretary's letter of March 5th. 1900, which will be able to grasp the situation at once.

I want you to kindly see that a patent is issued at once, owing to the fact that I have made a sale of the above land and I want to avail myself of the funds at the earliest moment possible.

On receipt of this letter I will also thank you to send me an expense message informing me the date you will issue the patent, and greatly oblige,

Memorandum:-

William S. Lee has never up to the present time received an entry to any portion of Section 8 in Township 7, Range 2 East of the 5th Meridian, the subject of the correspondence composing this file, but another he has ever received an entry for any land in Manitoba or the North West Territories since September, 1885, I am unable to say.

So far as I am aware the only valid claim of Section 1, Township 6, Range 1 East of the 5th Meridian (Portage) is the old claim of Laird Lee now claimed, which is pending in the Department.

A.G.

A. Chisholm, Esq.,

Department of the Interior,

Ottawa, 15th October, 1896.

Case of William S. Lee.

Mr. Burgess,

Memo.

This is one of those cases of squatting on an odd section before survey, which were submitted to the Department by Mr. Pearce. Mr. Pearce, in his letter of the 23rd ultimo, immediately below, says,- "His claim is for the W.½ of section 1 - 8 - 3 west 5th Meridian. Tp. 7 - 2 W. 5th Meridian was subdivided in 1886, at which time the S. E. angle of said section was established, so that Mr. Lee should have had no difficulty in ascertaining where he was settling." If Mr. Lee's squatting on the land in question was of a purely bona fide character and only the South East angle of the homestead was established ~~IN 1886~~ when he squatted thereon, his case would appear to be one for favourable consideration - that is to say, if he has not so far obtained an entry elsewhere. As to this Mr. Goodeve says in his memo below, marked "A," -

"So far as I am aware the West half of section 1, Township 8, Range 3 West of the 5th Meridian is the only piece of land Lee now claims, which is pending in the Department." - He further adds,-

"Whether he has ever received an entry for any land in Manitoba or the North West Territories since September, 1892, I am unable to say."

The Commissioner's opinion, and I think you agreed with him, was that a squatter who has bona fide settled upon land prior to a complete survey - that is where all the lines run on the ground - is entitled to a prior right to ob entry for land open for entry, if such right is exe the manner prescribed.

Sir,

I am directed to acknowledge the receipt of your letter of the 23rd ultimo, No. 12,576, Ref. 12,821, in regard to the case of William C. Lee. As suggested in your letter the Department sees no objection to one quarter of the land in question, namely, the West half of Section 1, Township 3, West of the 4th Meridian, being sold to Mr. Lee, and has given him to homestead the remaining quarter.

As to your remarks regarding other land which may have been squatted upon by Mr. Lee, I may say that so far as the records in the Department disclose the half section in question is the only piece of land which Mr. Lee claims, that is pending in the Department. If, therefore, Mr. Lee has not received entry for any other land, you are authorised to act in accordance with the above decision.

Statement made and sworn to by David Mills concerning his residence and improvement on N.W.¼ of section 2 - Tp.7 Range 25 W.4.M.

I, David Mills, do solemnly swear that I went to reside on the N.W.¼ section 2, Township 7, Range 25, W. of 4.M. in end of December 1881 and resided on place up to end of April 1882 I built a log house which was completed in April 1882 worth $50. In 1887 I built a newhouse 17 x 18 feet. stable 18 x 20 storehouse shed 75 feet, corral 100 feet and two other buildings worth in all $750. I have resided on the Blood Indian reserve since April 1882 in house the logs of which were furnished by my self and partly erected by the Indian Department. I applied for entry in May or June 1891. The reason I did not apply for entry sooner was that I was told the land was not surveyed and I could not obtain entry. I have 1100 posts and rails on ground for fence. Have 16 horses.

posite the claim in question. He resided on it from the end of December '81 to end of April 82, 4 months in all, erected a log house, which he claims was worth $50. He did nothing further till 1887, the season i t was subdivided and probably subsequent to such subdivision. Since then he has done considerable fencing and building and appears to have gone into horses. He is not yet, nor has he ever been a bona fide squat ter on the claim.

Further, he is an employee of the Government and has been since April 1882.

Being reserved for stock watering purposes, an Orderin Council will require to be passed withdrawing it from the poeration of said reservation, and heretofore such withdrawal has been opposed. If I had known these improvements were on it at the time the reservation was recommended I shou probably have excepted thereout suf icient to protect his improvements, which in this case would be the N.½ of the said quarter section.

If under all the circumstances it be decided this claimant is entitled to entry, either as a homestead or ~~pre-emption~~, recommend he be restricted to the north half of the N.½ of said section, which will give him half a mile of river frontage, more land than in the quarter section claimed and at the same time retains portion for stock watering and shelter.

Respectfully submitted.

Sir,

Enclosed find copy of a declaration by David Mills made before Homestead Inspector Thompson on the 13th August last concerning his claim to the N.½ 2 - 7 - 25 W.4.M., ~~also sketch shewing the position of his improvements furnished me by J.G. Nelson, D.L.S. of the Indian Department.~~

In 1886 I visited the quarter section in question and found thereon nothing but an old Log shack unoccupied. In 1887 it was subdivided and the surveyor shows no improvements of any kind thereon. On 14th June 1889 I was advised by the Lethbridge Agent that it was vacant in his books and shortly after recommended that the E.½ of section 7 be reserved for stock watering purposes.

On the 26th June last the Lethbridge Agent forwarded you his application. Your file in this case, Ref 193300, is enclosed herewith. The evidence was not sufficient to enable me to report intelligently thereon and I have only within a few days obtained the information contained in the sketch

The claimant is Indian interpreter at the Blood Agency, which is on the East bank of the Belly river about op-

Sir,

Your report No.1016 of the 23rd June last re the N.E.¼ 20-20-2[illegible] W.4th M. states that Mr.J.K.Rolles, the homesteader of this land, perfected his entry in March 1[illegible] but Mr.Rolles, in his application for patent, states that he has been in continuous residence since the spring of 1[illegible]. Please state where you got your information and whether it is reliable. It seems certainly to be borne out by the report of Mr.[illegible]yer, who was on the ground on the 3rd May 1[illegible], and who stated that up to that time Mr.Rolles had not lived at all on his own homestead but had been living with his father on the W.½ Sec.21 in the same township.

Sir,

I have the honor to acknowledge the receipt of your letter dated the 30th Inst. No 24335-27 Rup 24638, and to state that I called on Messrs Shanly & Baldwin on the 17th inst. to get them to come to some settlement regarding the S½ 12-45-23 W4, but failed to get Mr Baldwin to agree to anything excepting an entry for the land. There appears to be but little doubt but that Mr Almon acting Agent at Red Deer at that time, granted an entry to Mr Baldwin for a portion of the S½ in error, as there was a previous entry for a part of the land. Mr Shanly says he would like to get the S½ but if he can't he will have that part of the N½ which he purchased. There is no doubt but that Mr Shanly would make the best settler, but at the same time I think Mr Baldwin has the best right to an entry for the land, as the enclosed affidavits and report will show. I also enclose herewith your office file.

The Agent reports in his return along with the entry the payment of the sum of $14.00 for improvements. Sir,

I beg to inform you that Edward Potdvin made application for homestead patent for the S.E.¼ of Section 12, Township 40, Range 23, W.4th., on the 25th of June last before the Agent at Wetaskiwin. The evidence of himself and his witnesses showed that his residence commenced in February, 1903, and had been continuous from that date. In view of this, and of the fact that the requirements of the Act had in other respects been observed, the Commissioner approved the application, though the certificate of recommendation has been withheld pending the discharge of his seed grain indebtedness.

Draft approved.

In your Report No.1102, dated 14th June, 1905, you say that Potdvin began residence in September, 1903. This does not agree with his application for patent, and the Commissioner would like to know how you obtained this information, as, if correct, it discredits the evidence upon which he approved the application.

Sir,

Referring to your letter of the 5th instant, Pef.29½, I beg to say that if the statement given by Mr. Potdvin to the Inspector regarding his residence upon the S.E.¼ of Section 12--46--2", W. is correct, it will be necessary for him to furnish a supplementary statement in support of his application for patent before the latter can be dealt with.

I may tell you that in the application for patent Mr. Potdvin claims continuous residence from February 1892 to the date of his application, 26th June, 1895, while in the Inspector's report his residence is stated to have been in September, 1894, consequently if this is correct the three years did not expire on the date of his application for patent and you will require him to appear before you and subscribe to a supplementary statement shewing that since he made application he has not assigned or transferred or agreed to assign or transfer his homestead right or any part thereof. At the same time he should give some satisfactory explanation for the discrepancy between the dates in his application for patent and the Inspector's report.

This applt. was duly accepted & signed. But afterwards the report of the H.o Insps. showed a discrepancy as to the date of commencemt. of residence. The applt. in his letter of 4th Dec. 97 maintains the correctness of his evidence & says the homesteader must be at fault.

Shall we ask for Supp. declr. or allow applt. to go through?

The discrepancy is too great to put the application through just now. The applicant being a French speaking man who not at all intelligently that his explanation is correct and that Coleman misstook what he said. Sir,

I beg to return herewith the papers which accompanied your letter of the 13th instant, 29807 and to say that Mr Coleman, whom I have consulted in the matter, tells me that it is by no means impossible that both he and the Wetaskiwin Agent may have misunderstood Edouard Potvin's account of his early residence upon the S E 1/4 12 45 28 W 4 M. Mr Coleman further says that there is not the shadow of a doubt as to the man's good faith; that ever since patent was applied for the family has been in residence, and that Mr Potvin himself recently returned there after being for some time absent working for wages.

Under the circumstances I think that Mr Potvin is entitled to his certificate, and beg to recommend accordingly. The final evidence in the case seems to be such as to [illegible] cation. Even supposing that the applicant, [illegible] ment to the Homestead Inspector, [illegible] on the statements [illegible] ch the case has been suspended, it need not materially affect from the value of the evidence given by applicant and witnesses, which shews a full compliance with the essential requirements of the Law.

THE CANADIAN NORTHWEST.

Opinion of Two Brown County Farmers.

To Mr. W. A. Webster, Immigration Agent, Aberdeen, South Dakota Nov 30th, 1891.

Dear Sir: We have recently returned from the Canadian Northwest where we spent a month in examining the agricultural resources of that country. We found Winnipeg a spanking city, full of life and business. From here we went west to Prince Albert, 120 miles. This town is situated on the Saskatchewan river and contains 1,200 inhabitants, schools, colleges, churches and mills, in fact well equipped in everything required to make up a good substantial town. Steamboats run on the river an amount of logs rafted down that river and sawed into lumber at the Prince Albert mills, giving lots of employment both winter and summer. Lumber here is cheap. After driving over as much of this district as time permitted we pronounced it a first-class country for mixed farming and a stockman's paradise. Plenty of timber for all purposes, water, rivers, lakes and spring creeks, hay to cut and grass. From here we went west to Edmonton. We examined this district thoroughly. After driving over it for several days, and visiting a number of farmers and stockmen we pronounce this the best country we ever saw for mixed farming and especially for stock raising. Stockmen here are all making money. Steers selling for four cents there we can get only one or two cents in South Dakota. Taxes are very low. There is yet lots of homestead and pre-emption land over eighteen can take up a quarter section, timber, water and hay and grass without limit, grain as good as any country. We know that this is just the place for men to make homes and where the country will meet a certain reward. In conclusion we tell our friends in South Dakota that are not satisfied with their success there, that if they will go to either Prince Albert or Edmonton and go to either mixed farming or stock raising we believe there is no place on this continent where success is more sure to crown their efforts. We find a great many very anxious to go to Northern Alberta, but the great drawback seems to be the cost of getting there. We cannot close this letter without thanking you for your many kindnesses and also Mr. G. H. Campbell for his many courtesies while in Winnipeg; Mr. L. A. Hamilton of the C. P. railroad, for passing us over his railroad and Mr. Combs of Prince Albert for his many favors while there.

Opinion of Four Bon Homme County Farmers.

Scotland, S. D. June 20, 1892.

To W. A. Webster, Colonization Agt. Aberdeen, South Dakota.

Dear Sir: We left Scotland, S. D. about three weeks ago and came to the Canadian Northwest with a view to seeing for ourselves as to whether the country was all it was represented to be. We were particularly desirous of going into stock raising and it was principally with this subject in view that we visited that country.

We proceeded from Winnipeg direct to Calgary, where we remained three days, thoroughly examining the country. We then took the C. & E. train and proceeded to Strathcona, a town about forty miles south of Edmonton, where we stopped off. From here we drove [illegible] over the country, [illegible] and obtaining [illegible] as possible as to the [illegible] portion of the country [illegible]

As [illegible] here, we have no hesitation in saying that this is without exception the best stock country we have ever seen [illegible]. While here we met [illegible] Labo, Washington Territory, [illegible] and infact almost every state in the Union, and there was but one opinion expressed by these and that was the equal of this country as a stock country. We never believed that such a country as this could be found so far north. The [illegible] are surprisingly mild, [illegible] lakes, near [illegible] trees for shelter [illegible] by protection [illegible] more than [illegible] cold [illegible]

The [illegible] here [illegible] ignited with the [illegible] and those of them who had [illegible] Acres were [illegible] crossing that [illegible] We saw cattle [illegible] the market [illegible] fat and fit for [illegible] equal to our best [illegible] We are well aware that the [illegible] spring we [illegible] with nothing [illegible] with the natural grass and necessities, but [illegible] truth and we [illegible] ity as we found it.

Speaking [illegible] are satisfied that [illegible] has been given [illegible] been exaggerated [illegible] than it has been represented to be, and we have no hesitation in advising any of our friends who want new homes for themselves to go to the great Canadian Northwest.

Yours truly,

Adam Shaffer, Bon Homme Co., S. D.

For further information write or call at my office, W. A. Webster, Emigrant Agent, Aberdeen, South Dakota.

Report of Four North Dakota Farmers.

To W. A. Webster, Canadian Colonization Agent, Aberdeen, South Dakota.

Dear Sir:—As you are aware, we left Dickey county, North Dakota, on the 24th of November last, for the purpose of examining the Canadian Northwest in our own interest and that of many of our neighbors in Dickey county. We spent six weeks in our examination, visiting many localities, talked with the farmers, saw their farms, stock and improvements; examined a great deal of free homestead land, found splendid soil, plenty of timber for building, fencing and fuel, coal, water, hay and grass in abundance, any quantity of small fruit, plenty of game in the bush and fish in the lakes. We consider the country far ahead of your part of North Dakota, and we are going there to make our homes. Three of our party took up homesteads one of us buying railroad land. Each quarter contains about forty acres of timber. We believe Alberta has no equal as a stock country. We never saw such stock as is grown in Alberta, almost without the help of man. We made enquiry as to the price of agricultural implements as compared with the price in North Dakota, and we find that nearly for quality implements are fairly as cheap in the Canadian Northwest. We also carefully examined the relative prices of groceries and clothing, we found wearing and food goods one-third cheaper, groceries near the same. As many of our neighbors in North Dakota are anxious to find some place where it is possible to raise a crop to pay taxes, we have no hesitation in telling all such that the Canadian Northwest such a place as we found. We found the cities of Winnipeg, Brandon, Calgary and others far up to and our expectations. We were glad to find taxes very low as compared with North Dakota. We found excellent roads. We have located at Lacombe, between Calgary and Edmonton and we and our friends will do well to look over this locality before finally locating.

In conclusion we beg to thank you for valuable assistance rendered us in the way of transportation while on our trip.

Sir

Yours of Dec 9 received & contents perused will say in reply, As i done a good deal of Emigration work in the early Nineties both in time and money & brought a larg amount of settlers into the country I made application for another quarter of land in 1893 to the then Government and the time run over & i got no satisfaction, although the Government promised me another quarter but i did not get the Government promis so i wrote again to have them settle me file on a Section of land Sec but delay was so long that in the meantime Some one else filed on said land. The Land Agent in Nelsonwin was instructed to let me file on said quarter but it was gone so i did not get it, I feel if the Government should give me a clear Deed of N.E. 1/4 of the N.W. 1/4 as compensation for my time and money & influence in bringing in Emigrants into this country I the would do not feel ing out of the way. Of course if the Government dont see fit to do so why i will have to pay for said land as i dont want to loose it, of course if i had a bin a good Conservative i presume i would have got the land without waiting so long I think it is a small compensation for my work and hardships, Awaiting your reply Yours very Truly

Sir,

~~No S.E. 12-46-26-W. 4th M.~~

I beg to inform you that Messrs. Odell & Connell, Barristers, Vegreville, Alberta, advise that a bond for $[illegible] given by one Edward Judvin for seed grain advanced to him in connection with the S.E. 12-46-26-W. 4th M., appears registered against the above described land, standing in the name of Christian Johants, he being one of the bondsmen under the bond executed by Mr. Judvin to secure the advance in question.

In this connection I beg to refer you to an Order in Council dated the 14th July, [illegible], passed under the provisions of Chapter 16 of the Act 10-11 Victoria, under which all persons who were at that date indebted to the Crown on account of moneys ip (but not as principal) for seed grain were relieved from all such liability. I may also add that public notice was given that all persons whose patents when recorded in the Land Titles Office were exempted by certificates of liability as surety for seed grain indebtedness and whose duplicate certificates of title have been issued subject to such indebtedness should forward their duplicate certificates of title to the Registrars who have been instructed to record such duplicate certificates of title by removing from it [illegible] the notification of seed grain liability. It is requested, therefore, that you will take the necessary action to remove the registration in question from the said S.E. 12-46-26-W. 4th M.

In any event the indebtedness under the bond in question has been satisfied and a discharge will be issued to you in due course.

A copy of this letter is being sent to Messrs. Odell & Connell for their information.

Your obedient servant,

[illegible]
Deputy Registrar of Land Titles Offices.

Dear Sirs:-

Re. N. E. 18-45-27-4. 4th M.

Our client, Mr. Alfred Dahms, of this place, is the owner of the above mentioned quarter section. The Battle River runs across this quarter section. He is being subjected to some annoyance because people from various parts of the District come onto this quarter section and take away gravel. He is not quite sure as to what his rights are and we are writing you to ascertain what the attitude of the Department is. Most of the gravel is obtained outside the present high water mark of the river and we are inclined to think that this gravel belongs to Mr. Dahms. The public seem to be under the impression that it belongs to the Government and each one is entitled to help himself.

Mr. Dahms proposes to put a fence across the river on his line to keep people out and also to keep his cattle

Dear Mr. Stewart:

Mr. Alfred Dahms, is the owner of the N.½ of 12 - 45 - [illegible] W. 4. The Battle River runs through this land, and in some places the channel has changed, leaving several beds of fine gravel in the old river bed, with [illegible] dry land. He [illegible] to ascertain from you what are his rights in connection with this gravel; whether he has the privilege of disposing of it to the best advantage, is it Public Property, or does it belong to the Dominion Government.

He also wishes to know whether he has the right to fence the river in order to keep his stock from wandering away. They pasture on both sides of the river and cross it at will at almost any point. He does not wish the fences run right across the river and as there is no navigation on it, either here or [illegible] it would be a great benefit to him if he could get it fenced his way. He finds, however, that [illegible] sides are composed of soft [illegible] the river [illegible] and [illegible] the gravel.

Any information you can give us in connection with this situation will be greatly appreciated.

Dear Mr. Montgomery:

I have your letter of the 27th July last requesting information on behalf of Mr. Alfred Dahms in connection with his ownership of the North half of Section 12, Township 46, Range 23, West of the 4th Meridian. You state that the channel of the Battle River which runs through the North East quarter of this half section has changed its course leaving several beds of nice gravel and that other people are coming down to the river, cutting Mr. Dahms' wire and taking gravel.

In the Letters Patent issued for the North half of the section the boundary of the lands granted is, in each case, the bank of the river, and, therefore, the title to the bed of the river and the gravel therein, not having been patented, still remains in the Crown.

In fencing the bed of the river Mr. Dahms has enclosed property that is not his, but I may also say that the gravel should not be removed without written permission from the Department, regulations having been provided to apply in such cases.

Yours faithfully,

M.J. Montgomery, Esq.,
Mayor,
Wetaskiwin,
Alberta.

This is surely a matter upon which lawyers should advise their client and it really is not a matter upon which the Department should be called to give an opinion.

Mr. Sulma' lawyers were informed that it was considered that the various points at issue were matter, respecting which the Department should be called upon to offer an opinion. The letter now under consideration appears to be a sequence to the previous enquiries.

According to the plats on file, the bed of the river is clearly the property of the Crown, the banks of the river being used as the boundaries of the property. Mr. Montgomery might be advised of this fact and that no one has the right to use the navel without first obtaining a permit from this Department, also that Mr. Sulma may fence his own property but not that which still stands in the name of [illegible]. A letter in reply.

Re Alfred Dubay.

You have asked for a report on the letter of the 17th ult. addressed to the Minister by Mr. H.S. Montgomery, Mayor of [illegible], Alberta.

Mr. Montgomery states that Mr. Alfred Dubay is the owner of the land therein described and that the channel of the Battle River which runs through the North East Quarter has changed its course leaving a gravel bed of considerable extent. Mr. Dubay wishes to ascertain what right he has in this gravel and also whether he has the right to force the river to keep to its present course. Applications are coming in to the river, asking for permits to take gravel.

In reply [illegible] Mr. Dubay [illegible] the Deputy Minister [illegible] the 23rd April following, [illegible] as follows:-

"I have gone into the matter of the alleged encroachment of the Battle River on the land of Alfred Dubay, [illegible] and I find that the river has changed its course [illegible] and has left a considerable gravel bed [illegible] the river. I do not think that Mr. Dubay has any right to the gravel [illegible] the river, but I think he should be allowed the first opportunity of purchasing the gravel from [illegible] the river."

In fact it does not appear clearly that Mr. Alfred Dubay had title to all the land up to the bank of Battle River and it would appear that [illegible] gravel can be provided that they take the gravel from the bed of the river. [illegible] Dubay can prohibit people from trespassing on his land in the usual way and if Mr. Dubay is accustomed to [illegible] of the gravel from the bed of this river he [illegible] to the rights.

Dear Mr. Montgomery,-

I have your letter of the 27th July last requesting information on behalf of Mr. Alfred Dahms in connection with his ownership of the North half of Section 12, Township 45, Range 23, West of the 4th Meridian. You state that the channel of the Battle River which runs through the North East quarter of this half section has changed its course leaving several beds of nice gravel and that other people are coming down to the river, cutting Mr. Dahms' wire and taking gravel.

In the Letters Patent issued for the North half of the section the boundary of the lands granted is, in each case, the bank of the river, and, therefore, the title to the bed of the river and the gravel therein, not having been patented, still remains in the Crown.

In fencing the bed of the river Mr. Dahms has enclosed property that is not his, but I may also say that the gravel should not be removed from the bed of the river without written permission from the Department, regulations having been provided to apply in such cases. The question of the ownership of land uncovered by recession of a river is at present before the Courts for decision, and the Department cannot express any opinion.

Copy for A.D.L. Edmonton, Alta.

6th March, 1930.

Gentlemen,

Re N.E.¼ 12-45-23-W. 4th M.
Alfred Dahms.

Replying to your letter of the 17th ultimo, relating to the rights of Mr. Dahms in the above mentioned land, and to the rights of the public to take gravel from the bed of Battle River, which runs through this quarter section, I beg to say that this matter has been under consideration before and I would refer you to my letter of the 25th April last on the subject.

In the letters patent issued for the North half of the section, the boundary of the lands granted is, in each case, the bank of the river and, therefore, the title to the bed of the river and the gravel therein, not having been patented, still remains in the Crown. The gravel should not be removed from the bed of the river without written permission from the Department, regulations having been made to apply in such cases. Of course Mr. Dahms can prohibit people from trespassing on his land in the usual way and, if he is occasioned any damage by reason of the taking of the gravel from the bed of the river in his quarter section, he can appeal to the courts.

This appears to be a matter upon which you should advise your client and is really not a point upon which the Department should be called to give an opinion. It is observed that you did not furnish any particulars as to who is taking the gravel.

Your obedient servant,

Commissioner.

Memorandum

These papers are not official: they refer to a disputed account between Lalande and his lawyer. I did not see that anything could be done for him and have said so in my replies, of which I have kept no copy. His case is a very hard one; his cattle having been seized and taken away, his calves and pigs were starved and died. In the district where he resides, settlers rely altogether on cattle for their living. Without it, they must starve. That is the position Lalande and his family are placed in at the beginning of winter. Perhaps I am mistaken in thinking that nothing can be done in this matter: if so I would be glad that so much of the correspondence be made official as may be necessary.

Lalande writes in a very excited frame of mind and his explanations are not very clear. As far as I can make out, the facts would be as follows:

While at Edmonton, Lalande became acquainted with a Frenchman named de Journel, employed as a clerk in the office of Mr. Bown, a Solicitor of that place. Every time Lalande went to Edmonton, he would go and see his friend and have conversations with him on various topics. They exchanged many letters and Lalande made frequent

use

The Secretary

Department of the Interior

use of his friend's services at Edmonton. It appears that every conversation was charged as a consultation, every letter received or sent and everything done for Lalande charged according to tariff.

In October 1895, Lalande was sued before --Macnamara, J.P. for starting a prairie fire. Lalande says that instead of causing the fire, he put it out. Macnamara would not hear him in his defence because he did not speak English. Lalande was fined $25.00 or two months in jail. He appealed from this judgment and after spending 18 days in jail at Fort Saskatchewan, he was released on bail. Subsequently, Macnamara' judgment was quashed. In this difficulty de Journel, under Bown's name, acted as Lalande's Solicitor. For protecting the bondsmen and securing the costs of appeal etc., Lalande gave a chattel mortgage to Bown on the 23rd October 1895. The mortgage was for one year. Lately, de Journel sent Bown's account, amounting to over $170.00. Lalande was much surprised at the amount and said he would go to Calgary and obtain advice. During Lalande's absence, Bown took away not only the cattle covered by the mortgage, but also two cows recently purchased.

Lalande states that the ground upon which Macnamara's judgment was quashed is the refusal of the latter to hear Lalande because he did not speak English.

I have no means here of ascertaining what the truth is in this respect. It does appear to be true that an initial ~~(corrected)~~ not disputed in the mortgage was taken on mistake, but as there was a quantity of property comprised in the mortgage which was not seized, it would appear that the mistake occasioned no appreciable damage.

The thing spoken of as "a clear dollar" referred to was received by Mr. Lown & was handed by him to Mr. De Rouville. Mr. Lown says that Mr. Lalonde's request, to receive Mr. De Rouville's cheque for a bill for board & lodging.

Mr. Lalonde is, I believe, [illegible] French Advocate. He [illegible] own for about [illegible] a demand against Mr. Lown's bill [illegible] very easily [illegible] Mr. Lalonde's statements have been given. It is my opinion Mr. Lalonde's statements [illegible] entirely from his own [illegible]

The terms of payment of the mortgage are in the following words:- "the same to become due & payable monthly from time to time as incurred commencing from the 23rd. October 1895 the first of such payments to become due & payable on the 22nd. November 1895."

Mr. Lelonde also acted in a professional capacity for Mr. Lelonde in a number of small matters. He rendered a bill of fees & disbursements amounting to about $160.00 & appears to have notified Mr. Lelonde that he wished a settlement & finally that a seizure would be made under the mortgage if a settlement was not made promptly.

At this stage in the affair Mr. Lelonde appears to have taken his farm-team & driven to Calgary 150 miles for the purpose of consulting with Judge Rouleau, not finding the Judge, he took advice of the Rev. Father Fouquet who seems to have misunderstood the circumstances & to have advised him wrongly in consequence.

During his journey or waggon of 300 miles the seizure was made.

As to the circumstances of the seizure, Mr. Lelonde claims that the bailiff took away the cattle seized without letting the family know that he was doing so & that they therefore thought the cattle had strayed away.

Dear Sir.. I have the honor to acknowledge the receipt of your letter of the 9th. Inst. enclosing a communication from the Department of the Interior respecting Mr. Leon Lelande & requesting the papers returned.

Mr. Leland was convicted before Mr. J. F. Wilson J. P. & was sentenced to a penalty of the Provincial Police ordinance & was committed for default in payment of the fine.

He employed Mr. J. C. T. Lewis, Advocate, Edmonton to appeal & Mr. Lewis did appeal & also applied for a writ of certiorari for the purpose of quashing the conviction on which application was refused - & the appellant by the appeal proceedings was released on recognizance. Mr. Leland was subsequently committed to the Edmonton Gaol under a warrant issued by the Stipendiary Magistrate for the purpose of procuring Mr. Leland's release & the Stipendiary verbally refused upon being informed of the facts of the case.

A writ of habeas was subsequently sworn out not only in the Supreme but also against Mr. Lewis the person who had the custody of the writ & discontinued.

Your letter bearing date September 28th., 1886, was forwarded to His Honour the Lieutenant Governor for the consideration of the complaint of Mr. L. Acting upon the communication, His Honour the Lieutenant Governor submitted allthe documents to Mr. N. D. Beck, Crown Prosecutor at Edmonton, and I beg herewith to enclose his reply, after investigating the circumstances.

Memorandum:-

Mr. Rothwell,

Please read Mr. Beach's letter of the 12th instant. It appears to me that this is a local matter entirely, and that all we can do is to express to Mr. Lalande our regret that he should have experienced the difficulties he complains of; that it would seem the remedy has always been opened to him.

Department of the Interior,
Ottawa, 30th October, 1896.

Memorandum : 29641 -

Mr. Hall,

I have read over the accompanying correspondence, and although Mr. Lalande's case is one of great hardship, it is, as you say, purely a local matter. The action taken here upon the 20th ultimo is all that we can do for him, and although the correspondence goes to shew that Lalandes confidence in his solicitor was taken advantage of, Mr. Gordon's letter of the 19th instant and the enclosure from Mr. Beck make it certain that the North West Authorities are not inclined to interfere.

Although I do not agree with Mr. Beck that "lalande's misfortunes have arisen from his own stupidity and negligence," and although, from an immigration standpoint, it is very regrettable that any settler in the North West should have been treated as this man has been treated, we are powerless. Under the criminal law cases of this nature are arising all the time, and even though the innocent sufferer, under proceedings which though legally taken against him have been unjustly taken -- as is evidently the case here -- may be able financially and otherwise -- which is apparently not the case here -- to look for redress, as a rule he will have nothing but his trouble for his pains.

We cannot help Mr. Lalande, and I agree with what you say in your memorandum except that I do not think he ought to be told that the remedy for his difficulties has always been open to him. If any unfortunate who was arrested, as Mr. Lalande was, knew as much as Mr. Beck does, he would not have met with all the difficulties poor Lalande did, but then he would not have had to look to a Mr. Bown for information and protection.

Dear Sir,

Your letter to the Rev. John Wood late Secretary of the Society, File No. 32[illegible], was been handed to us. I have taken communication of the same and wrote to Wetaskiwin for information regarding the matter.

This morning I am in receipt of the reply from our agent there. He says that they have not availed themselves if anything on the land referred to. There are two small cuts for buildings, which seem to have intended for living house and stable; but the walls have been roughly put up, and have been standing there for years, without a roof of any protection; so that the logs are of no value whatever to us. The buildings stand on the West side of the river, near the N.W.Corner of the quarter section- Some old rails on the other side of the river opposite the houses show that there had been a corrall there in time past .

Therefore as we have not availed ourselves

of

of the unfirished ruins; and as they are of no value to us, or to any one else, we must decline to pay for them.

I may also mention, in connection with this matter that Mr. F.H.Finsen, who applied to cancel Mr. Anderson's entry for the S.W¼ 34-44-23 W4th M., has applied for other land, being unwilling to pay for the improvements on this quarter section- and the application of the Swedish Church to purchase the remaining portion of the S.W¼ may therefore properly be entertained.

Dear Sir,-

Mr. V. Anderson of Worcester, Mass., has entered as a homestead, S.W.qr. of sec. 34---44---23---W4th. Meridian in the neighbourhood of Wetaskiwin. I understand that the time within which he should go into occupation of his land has expired or is about to expire. I learn that Anderson is ill and has been prevented on that ac count from leaving Massachusetts. Under the circumstances I would be much obliged if the time within which he should go into occupation could be extended say for 60 da s.

From what I know of the case it would hein the interests of settlement, to grant an extension if your regulations will permit.

Subdivisions 4, 5 & 6, containing 96 acres according to the plan of survey now in existance, were sold on the 15th February, 1895, to the said Society at $3.00 per acre, a patent therefor having been issued to the purchaser on the 12th February, 1897.

According to a later plan of survey, the portion sold to the Society contains 106 acres, and not 96 acres only, as shown on the earlier plan.

As Legal Subdivision 4, 5 & 6 have been patented to the congregation as an ordinary sale, as already stated, I see no objection, upon the Society filing here a Certificate of Title in His Majesty's favour of Legal Subdivision 3, to this Legal Subdivision being sold to the congregation at the current rate of $3.00 per acre.

Memorandum:-

I beg to return the letter dated Montreal, the 4th instant, from the Rev. Mr. McIntosh, President of the Canada Congregational Missionary Society, in which he states that that Society is the registered owner of the whole of Legal Subdivisions 3, 4, 5 & 6, Legal Subdivisions 4, 5 & 6 having been purchased outright by the Society and Legal Subdivision 3 having been granted to the latter, subject to the land being used for church purposes only. He asks that Legal Subdivision 3 be freed from this condition by the Society paying the Department for it as Legal Subdivision at the rate of $2.50 per acre, the price which was paid by the Society for the remainder of the quarter-section.

It is further stated that the church was built on Legal Subdivision 3, but was afterwards burned down, and that as the locality of the church was found to be inconvenient for the congregation a new church was built nearer the Town of Witaskiwin.

The records of the Patents Branch show that Legal Subdivision 3 was patented on the 2nd March, 1905, subject to the land being used for church purposes, to the Canada Congregational Missionary Society, in connection with its Mission at Witaskiwin, and that fractional Legal

Sir,

I am directed to acknowledge the receipt of your letter of the 30th ultimo, No. 334808, Ref. 95238, respecting the military homestead entry granted to Thomas Cinnamon for the South half of Section 28, Township 46, Range 20, West of the 3rd Meridian, which entry is cancelled, and ~~requesting to say~~ that, in view of the report by the Homestead Inspector and of the fact that Mr. Cinnamon has obtained authority dated the 10th January last to take another homestead, it seems advisable to open the land for entry, and to say in reply that, so far as the records here show, there does not appear to be any reason why the land should not be thrown open for entry. If, as stated in the Agent's letter of the 20th May last Cinnamon was reinstated in his entry, on the personal instructions of the Minister on his visit to Battleford in 1893, he failed to advise this office of these instructions and therefore of course the books do not show the transaction However, as Cinnamon is evidently intending to make another entry there is no reason to keep this land closed against any person applying for it.

Sir,

Referring to your letter dated the 26th ultimo, No.331531 Ref.95238-I have now the honourto enclose to you my report (No.108) of the inspection made by me ofr the S.1/2 28-46-20 W 3rd Mer., entered for as a Military Homestead, by Thomas Cinnamon,which lands formed the subject of my letter to the Honourable the Minister of the Interior dated the 20th May 1895.

Since the date of that letter I had learned that Cinnamon's present address was Manawan P.O. Alta.

From the information conveyed to me in your letter above referred to-paragraph 2- I now convinced that neither Mr J M Skelton or Thomas Cinnamon's father were authorized by him to make complaint to the Minister on his visit here,otherwise he would have acted upon the instructions given to his father by the Minister,and have applied for his Patent if he felt that there was just cause for his doing so,under the circumstances of the case,and not have sought entry on other lands elsewhere.

James A. Smart, Esq.,
Deputy Minister of the Interior.

For a reply to Mr. Oliver's letter of the 30th by Mr. Tom Sherman to be allowed another homestead, I send herewith his letter on file and a copy of my reply, addressed to Mr. Oliver. You will observe that from the nature of the Homestead Inspector's report made in July last it would not appear that Sherman had any improvements of any kind on his homestead, or, consequently, his entry has to be cancelled. He was given permission to make an ordinary homestead entry subject to the cancellation of his military entry, and, if he proves eligible, he can take it so.

Encl.

Ottawa, July 9th, 1909.

Dear Sir,

I duly received your letter of the 8th inst.,
enclosing one from Mr. Dan Gleeson of Fort Saskatchewan, in
which he applies for another military homestead.

On making inquiry into this matter I find that, from
the nature of the Dominion Inspector's report made in July,
1908, it would not appear that Mr. Gleeson had any improve-
ments whatever on his former homestead, and consequently the
Department was quite justified in cancelling the entry.

He was given permission to make an ordinary homestead
entry subsequent to the cancellation of his military homestead
but as he is still eligible, there would appear to be no
objection to his doing so now.

I may add that the fact there is no way in which a second
military homestead could be granted him.

I return the letter herewith.

Yours truly,

Deputy Minister.

RECEIVED

EDMONTON, ALTA.

I, Thomas Cinnamon,

of the Village of Fort Saskatchewan.
District of Alberta in the
North West Territories of Canada,

DO SOLEMNLY DECLARE that

(1) In or about the year 1885 I entered for military homestead, S½ Sec. 28 Tp. 46 R 20 W 3.

(2) That within four years after said entry I erected a house stable and outbuildings on said homestead and cultivated from fifteen to twenty acres on said homestead and during the next three or four years I raised three or four crops on said land.

(3) That in the year 1892 the said buildings were burned down.

(4) That therefore I made no application for patent was because I wanted to have the homestead transferred.

(5) That in the year 1895 the said homestead was cancelled on the report of the inspector that there were no improvements on said homestead.

(6) That I can produce several disinterested witnesses to prove that I had made more than the necessary improvements on said land.

(7) That I received no cancellation notice as I was absent at Big Gully Creek getting feed for my stock namely about seventy five head

Dear Sir,-

Mr [illegible] of Fort Saskatchewan made application for permission to purchase a military homestead, which application was refused on the ground that [illegible] Homestead Inspector's report, he [illegible] had not improvements on his claim. [illegible] J.G. Harrison, Dominion Lands Agent at [illegible], forwarded a letter to your Department enclosing affidavits supporting the contention of Mr Cinnamon, that the report of the Homestead Inspector had not been correct. In your reply to Mr Harrison, (copy of which was sent Mr Cinnamon), you stated that as Mr Cinnamon was not the original warrantee his homestead rights are exhausted and that nothing further can be done. We beg to point out that if you would kindly look the matter up, you would find that Mr Cinnamon made entry for the S.E. [illegible]-16-4- and that he was the original warrantee. Mr Cinnamon was granted a military homestead and made entry for the above land. [illegible], we understand, was sent to him cancelling this homestead but as the affidavit discloses, he did not receive the notice. We could prove by several disinterested witnesses that more than the necessary improvements were made on the said lands.

Mr [illegible] was [illegible] and
in consequence of the hostilities of 1885 and from [illegible] affidavits
which you had, we cannot see any reason why he should not be
given the privilege of re-locating. It appears to us to be
an extreme hardship that this man, who was the original owner
of the [illegible] Mount, should [illegible] technicalities be com-
pletely [illegible] in securing what belongs to him.

We would be obliged if you would look into this
[illegible] and advise us whether or not allowing him

Dear Sir:

There is also some correspondence in your department in reference to the application of T. Clarke of Fort Qu'Appelle for the privilege of re locating his filing on certain lands. It appears from a statement that I have had from Mr. Clarke which I enclose herewith, that there was some mistake in the description in connection with Fossil if there was not a mistake in the initials of the Christian brothers, of which there are three. If you can clear up the enclosed statement Mr. T. Clarke has certain rights. I would be very glad if you can do anything to secure him his.

Memorandum:-

I beg to refer you to my memorandum of the 1st August last, respecting Mr. Tom Cimmon's application for permission to enter for another homestead, and to the Order-in-Council's letter of the 3rd ultimo, advising the Acting Commissioner at Edmonton that Mr. Cimmon had not the original warrantee as required his additional rights after the completion of his military homestead entry for the S.½ Sec. [illegible]--30, West 3rd M., and that no further action be taken in the matter.

In this connection I beg to enclose for your personal Messrs. Short, Cross, Palmer & Hall's letter of the 1st instant, in which they state, amongst other things, that Mr. Cimmon locates the said land as the original warrantee. This is not in accordance with the facts as disclosed by the records of the Department, as Mr. Cimmon in satisfaction of his claim for service as a member of the Battleford Town Guard elected to take scrip for $80, which was issued in his favour and afterwards sent to Mr. Bruce A. Vaux, Battleford. The land above mentioned was entered for by Mr. Cimmon as a military homestead as the assignee of James E. O'Neill the original warrantee, and such military homestead, as explained in the memorandum already referred to of the 6th ultimo, was subsequently cancelled.

now allow him to select a half-section of available land in lieu of the S. ½ of Section 28, Township 46, Range 20, West Third Meridian, and to exercise in connection therewith his homestead right, and, on proof of the performance of the required duties, issue a Patent under the provisions of the Warrant which he formerly held.

Respectfully submitted,

There is a ruling on fyle from the Department of Justice that the location of a Military Bounty Warrant exhausts the privilege granted thereunder, and therefore it cannot be used twice for that purpose. In accordance therewith Mr. Sinnamon has been refused the privilege of a second application of his Warrant.

Upon examining the papers I find that, although Sinnamon's entry was properly cancelled by the Agent in default, nevertheless, he did perform certain duties which might entitle him to consideration, that is to say, he lived upon the land for a brief period and, when absent, resided with his Father. He built a house on his homestead which was occupied by himself and afterwards by his father. It was destroyed by a prairie fire and not rebuilt. He broke and cropped ten acres, which, however, were subsequently allowed to grow into weeds. Bearing in mind the isolated position of the Battleford Settlement at that time, I think Sinnamon may be considered to have made fairly good improvements.

As far as can be ascertained, he has not yet availed himself of the privilege of a fresh entry, and, such being the case, still has the right to take up another homestead. Upon consulting Mr. W. O. Cote I find that in cases somewhat similar to the present one the Department has allowed a settler to take up a half-section of land in exchange for a Military Homestead which has been abandoned and where the Warrant has been cancelled.

Mr. Sinnamon cannot regain his original half-section, as the land has been otherwise disposed of, but it might be considered whether the Department would not

MEMORANDUM :

I have looked into the case of Thomas Finnamon referred to in the letter of Mr. Frank Oliver of the 28th. inst., and beg to report as follows :

Mr. Finnamon homesteaded the S. ½ of Section 28, Township 46, Range 20, West Third Meridian, and on the 27th. of July, 1886, applied a Military Bounty Warrant upon the land. This Warrant he had purchased from one J. D. O'Neill, and consequently appeared himself as a substitute in the transaction, and not as the original warrantee.

Some years later the members of the Battleford Home Guard agitated for the recognition of their claims and these were ultimately allowed. Accordingly, scrip to the value of $320.00 was issued to Thomas Finnamon and forwarded on the 17th. of June, 1892, to Bruce A. Lawson at Battleford. Finnamon's military homestead entry was cancelled in default on proceedings instituted by the Agent at Battleford. Subsequently his entry was restored to him by direction of the then Minister, the Honourable T. M. Daly, but finally cancelled on the 30th. of July, 1895, he being given permission to make an ordinary homestead entry in lieu thereof.

To the Hon. Minister of the Interior, Ottawa

(Dept of Interior) Dear Sir,

Yesterday I telegraphed to you to authorize the Dominion land agent at Regina to issue the homestead entry for S.E. ¼ of sec. 18 - Tp. 31 - R. 11 W. of 2nd Meridian. I had intended to go home myself to make the entry but was detained here by business and returned last night. I intended to build an immigrant shanty on the land and then go home for my family, but on thinking the matter over I have decided to bring them out here at once. Should I do so I will be obliged to live in a tent for some months, as I could not get a house built before the winter sets in. Should I bring them out I will require to build a house on the land and also to break a few acres of it. I have also a pre-emption adjoining the homestead, which I intend to break this season. Should I bring my family out this fall I will require to build a house on the pre-emption also. I would like to put the shanty on the homestead, and a house for the family on the pre-emption. Should I bring them

Lumber which I have arranged for, to let the settlers have at cost. For doing all this to encourage settlers, and their convenience, I ask nothing contrary to the Dominion land Act. only that I dont intend to live on myself.

Intending to purchase, to indicate settlers for three lots. I must do this, and it would be rather hard for me to buy the land while others get free homesteads. There has already eight of the party that came with me taken homesteads and two of them bought half sec. each and two on sec. each, so I have no doubt there will be quite a lot coming to settle next spring.

Hoping to hear from you soon.

My dear Minister,

Underneath is some correspondence between the Department and Mr. Jacob Y. Shantz, with regard to his desire to have reserved the S½ of 18, 31, 1, West 5th, for the purpose of building a shed for the reception of German emigrants which he expects to meet at that point in the course of a month or so. Mr. Shantz offers to build the shed at his own expense, maintain it in good condition and have some one in charge of it, if the Government will agree to give him a free title to the land. Of course, we have no power to do that, and I think we should write to Mr. Shantz, expressing regret and ~~xxx~~ and telling him what the facts are.

However, in view of his past services in the cause of immigration and of the services which he is now endeavouring to render us in bringing German settlers from Pennsylvania, I think we might order the local Agent to hold the land until Mr. Shantz has had ample opportunity to decide whether he will care to become an actual resident upon it, or to buy it at the regulation price.

Yours faithfully,

The Hon. E. Dewdney,

Minister of the Interior,

NEW HOMES!

Great Convenience of getting

FREE HOMESTEADS.

For the convenience of intending settlers, I have erected a building 100x20 feet, 46 miles north of Calgary, at Didsbury Station, for settlers to stop in, select their homesteads close by or at a distance, as may suit them best. Arrangements have also been made to have lumber delivered at this point, if intending settlers will let me know what kind of house and the size, the quantity and quality of lumber they want, as it will only be there for those that give their orders, and must be paid when delivered to them. Lumber costs $15 to $25 per thousand delivered, siding and flooring planed and matched.

It is not my intention to urge people that have good homes to leave and go to the Northwest and Manitoba, but to assist those who want to go, because they are not in a favorable position, or have no homes of their own; also more particularly those that have an idea, that it would be better in the Western States, and make the mistake that many have made heretofore.

We have proof for 18 Years,

that those who settled in our North West prospered better than those in parts of the Western States; and many of our Ontario people as well as others from the Western States, are now coming to our North West. I have met deputations from North Dakota, Nebraska, Washington, Idaho and Michigan, and many have taken up land, and they say that large numbers will come next Spring. We will welcome any C.O. may wish to join in to make a colony at this and Didsbury next, either by letter or otherwise.

THE LAND IS GOOD,

for many miles around, and there is any amount of coal and good water; this part of the country would be a great advantage. This part of the country is equally well situated for ranching and dairying as the western part, and cattle can winter out. Stock of horses are very good and they are in good condition.

I do not want to [illegible] that I speak the part of the North [illegible] the honest advantages [illegible] through the arrangements made, and the comforts of a colony [illegible] well as [illegible]

160 ACRES

Of Government land is free to settlers, except a few entry fees. The Railway Lands can be bought [illegible] yearly payments with 6 per cent. interest. Every description of R. R. & Land [illegible] Ontario. Nothing new will be used to go in on the railway lands. [illegible] dren from 5 to 12 years half price.

(Department of Interior

Sir

Yours of the 16th received & think there is misunderstanding about the Building of the Immigrant Shed. The building is already there up the Arrow and a well 32 ft clear with it. water last Oct. but 47 in. The building is 20 ft. wide by 100 ft long. roof tarred first then tar paper on the ends and tongued & grooved siding on the sides and also tar paper on the roof between boards and shingels so that it is light and warm.

The reason that I build this without first selling the matter, was because after looking over the land some of the party with me took up homesteads, eight I think, and three see. where bought from the Co., I thought it would be a great convenience and encouragement to get settlers in the N.W.T. as I was encouraged by prominent men, such as H. H. Smith Landcommissioner H. Mydonald, Winnipeg & Metcalf. M.P. and others I thought, it was an inducement and not costing the Gov. anything as the land would be taken as homesteads anyhow. and could be arranged by a lease.

Jacob G. Shantz,

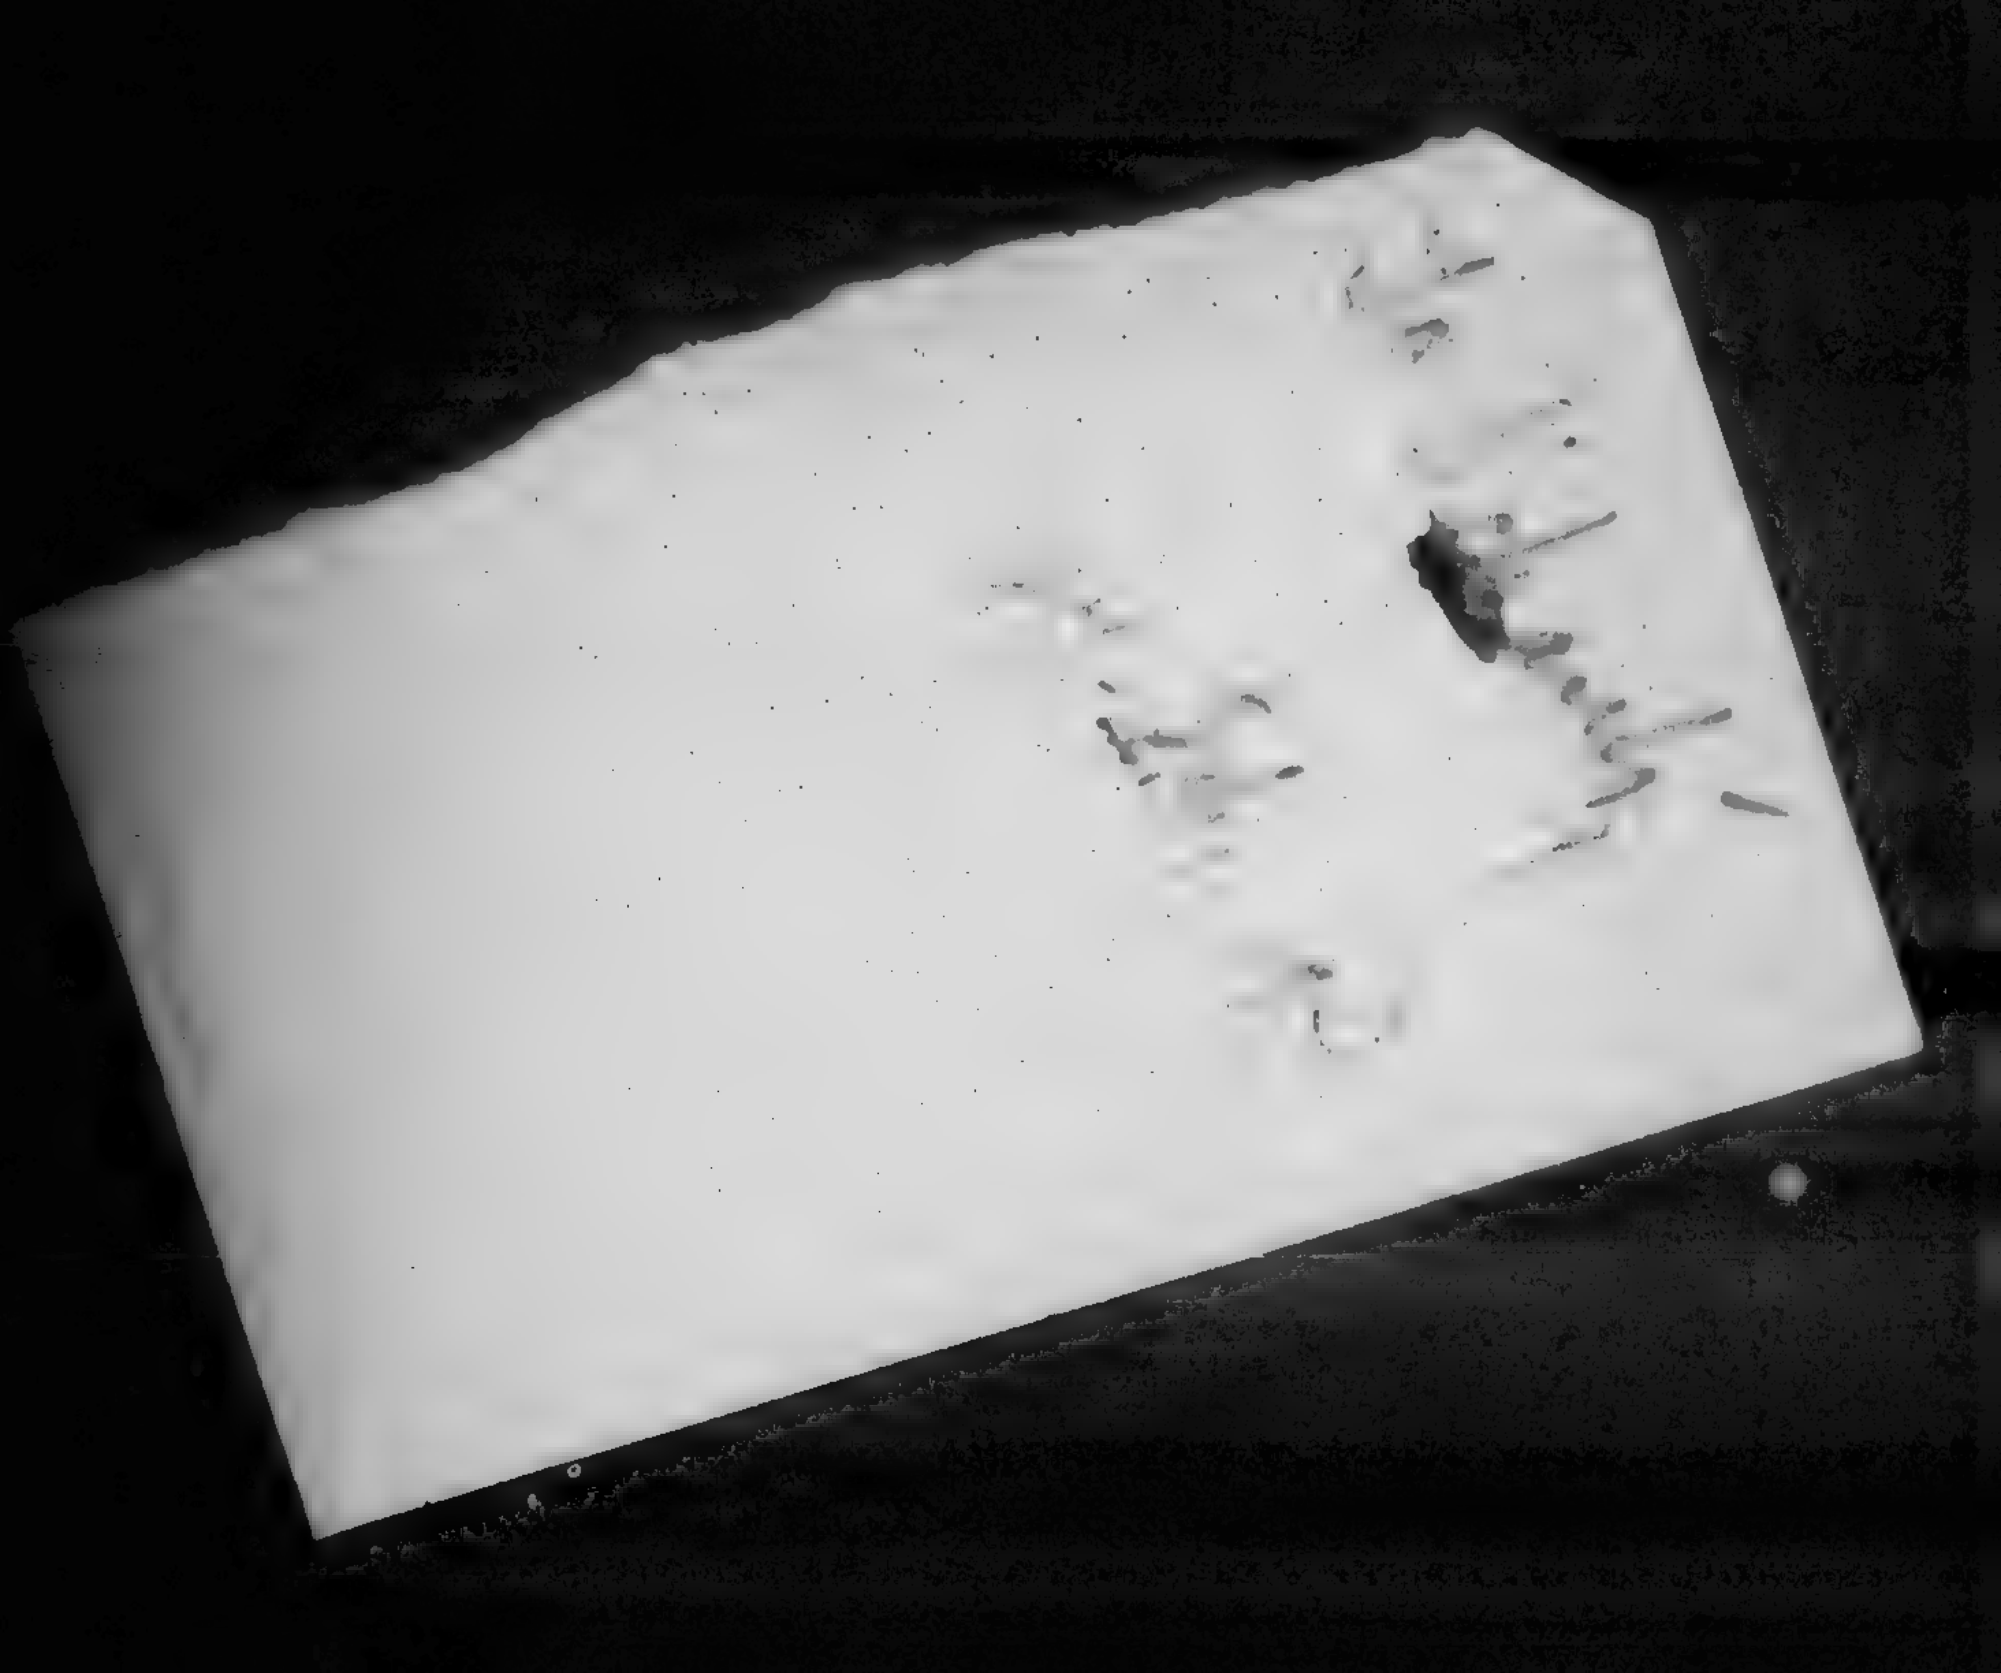

I have to put a man there to take care of the place, and sell to the settlers when they come. There are quite a number going from here this spring and several friends coming out from Kansas, who can stop in there with effects, arrangements made, for Summer. As you will see in the inclosed petition I hope the matter will be reconsidered, If I am in the wrong I am willing to submit to what is right. There is a large tract of good land in the surrounding of this place, but no wood for a long distance, for this reason there was non taken yet, and I think no doubt the shed will be needed four years, and to induce Pennsylvanians to settle, in our St. We must give the best inducements we can.

Wishing to be excused for my lengthy explanation

I remain Sir Yours
Obedient servant

Dear Sir

I feel it a duty to let you know about the Settling, and the use of the Immigration Head which I built. Two years ago last fall in Spring of 1893 quite a lot stopped in it, some from Kansas, and some from Ontario. till last year quite of the country, some made it their home in Wetaskewan whereas others settled here, but I had a caretaker in the year through who showed landseekers around.

This Spring 1894 April 18th I accompanied some Families from Ontario, and the same time a lot others came from Mich. so that the Immigration Head was crowded, and is yet, but the are going out on their homesteads, gradually. Many more from Mich. and Kansas have taken Homesteads, on the 5 years term last fall, so I will commence soon, they are getting settling duty done for this year from others.

Sir,

I am directed to inform you that a report has recently been received at this office from the Dominion Land Inspector from which it would appear that the building erected by yourself at Baldur, and used as an Immigration Hall, continues to be of some convenience to newly arrived settlers in that locality. I am, therefore, to say that the Department is willing to continue the lease for another year upon the same terms as before, which were fully set out in the Departmental letter to yourself of the 27th of February last. You will oblige by advising the Commissioner of your acceptance of this offer.

Actg D. M. I. Re Rent of sheds, Didsbury, Alta.

Dear Sir,

After reading the 3 memoranda beneath, I beg to recommend the payment of rent due in this case, viz: $200.00 per annum for say 2½ years' rent and services; total $500.00.

It is true that this item was not especially provided for in the current year's estimate, but it can be paid from the General Vote, and the Vote supplemented next Session if necessary. In previous years accounts were held over in June and paid in the following July, but the payment of such an item after 2 years will no doubt be questioned by the Auditor General, and the longer we defer the payment the greater would be the difficulty. The principle governing appropriation rules is that as far as practicable expenditure should be made in the year the liability is incurred.

I note that one of the conditions of the agreement with Mr. Shantz is that this allowance for rent and caretaking should be credited to him on account of sale of land, which has not yet been effected. If, however, you decide to complete the sale, a cheque may immediately thereupon be issued for the $500.00 due to Mr. Shantz and deposited to credit of Receiver General

Calgary, December 31st, 1895

Sir,

In reply to yours of the 16th instant re the advisability of keeping the Immigration Building at Didsbury open for the use of the public, I beg to report and say that during the year there were only eight persons all told stopped off at the station, and car of settlers' effects.

Yesterday I stopped off at Olds and drove down to Didsbury and went and saw the buildings, are [illegible] as follow :- In the one and Mr. Detwiler and his family are living and in the other a family (a Mr. Troyer) who came from the C. of York in Ontario on the 4th November last. Then there is about the one half of the building (the centre) which is used by Mr. Detwiler as a sort of store room and granary, being at the present time pretty well filled with seed grain

It is my opinion that there is no need that this building should be kept open for the use of incoming settlers as with the exception of this Mr. Troyer and family I am not aware that it has been used by any others, there being none arriving at that point except as above stated during the year now about closed.

I have the honor to be,

THE CROPS IN ALBERTA.

EDITOR THE TELEGRAPH.

Dear Sir, I am frequently asked about the crops in the North West, and as the reports circulated are so wildly different, I will give the facts as regards Didsbury Alberta, N. W. Territory. Some reports have it that the crops in general were badly frozen. The wheat was doubtless somewhat damaged. It ripened late owing to the cool and wet weather. The growth was rank yet the yield was enormous. Wheat yielded 25 to 45 bushels per acre, oats from 60 to 85, barley 48 to 70, and vegetables in like proportion.

It is not my purpose to persuade people who have farms and are well to do in Ontario, to leave and go to the North West, but to such as intend going to some new country, I can recommend the country name I as likewise several other places in the North West in preference to either the Southern or Western States.

extent cannot be stated. It is insured for $9,000.

Mr. G. W. Gilbert was crushed against the Bank of Commerce building at Sarnia by a runaway team, Tuesday. His skull was fractured in two places. He will probably die.

WILL SHE US TROUBLE.—A special from London says that it is understood that the Imperial Government fully recognizes Canada's grave peril from invasion if war were declared by the United States, and it is quite prepared to co-operate in putting the Canadian militia on a first-class peace footing if Canada seeks British aid.

CATARRH RELIEVED IN 10 TO 60 MINUTES —One short puff of the breath through the Blower, supplied with each bottle of Dr Agnew's Catarrhal Powder, diffuses this Powder over the surface of the nasal passages. Painless and delightful to use, it relieves instantly, and permanently cures Catarrh, Hay Fever, Colds, Headache, Sore Throat, Tonsilitis and Deafness. 60c at Landreth & Co., Druggists.

From delayed despatches which have reached London from South Africa, it appears that Dr. James, when he organized his force, was under the impression that the inhabitants of Johannesberg were in deadly peril, and he risked his life and reputation in an attempt to rescue them. The London Times says the march will remain a glorious tradition for the Anglo Saxon race.

KILLED BY AN UPSET. While Mr. Michael Fitzpatrick, an old and respected resident of Percy township, Hastings, and four of his family were returning last week from a visit to one of his farms, a few miles distant from the homestead, the pole of the carriage became detached while going down a hill, the vehicle upset, and the occupants were thrown out, all being more or less injured. Mr. Fitzpatrick so seriously that he died two hours after the accident. The old gentleman was more than seventy five years of age, and had been a resident of Percy town ship for fifty years.

CHILDREN FROZEN. On Saturday week last two children, sons of Ole Martinson, were found by their father in the most pitiable condition. It appears that the man, who is a fisherman, residing at Clear Water Bay, had gone to visit his nets, and the children, the youngest only five years of age, followed some time after and kept travelling until one fell exhausted and was frozen to death, and the other had both hands and feet frozen and was about to drop when picked up. The father had remained away all night and discovered his children on his return Saturday morning, while the mother thought he had taken them with him. The surviving child will probably lose several of its toes. Rat Portage Record.

MICHIGAN LETTER.

EDITOR TELEGRAPH.

Dear Sir,—Well, Christmas is over, with all its enjoyments. And with us, as with you, it was a green Christmas. On Dec. 17th it commenced to rain, and rained for three days steadily, with occasional showers for three days more. Those of little faith who predicted last summer that it would never rain again wondered when it did come, if it would ever stop. After the rain was over, our snow was of course all gone, and the roads were rather muddy for several days, but the last few days they have been pretty good and the weather beautiful. It turned cold yesterday and this morning it commenced to snow, and has snowed all of six inches. I expect we will have sleighing again by to-morrow. The Christmas services were very interesting. At the M. E. Church a short programme was given, and quite a number of presents were distributed. The Church was crowded. At the U. B. Church the programme was "An old time Christmas party." It was got up by two smaller classes and some of the teachers and was a grand success. The old fashioned fire place with its kettle hanging up, and its mantel with old-fashioned table ware and tallow candles, were reproduced, while grandma sat near by in the rocking chair. The children recited and sang Christmas songs, giving us a good illustration of the "Good old times" when our parents and grand parents were little boys and girls. We almost wished it had been the reality. What interested the children most, however, was the appearance of Santa Claus filling the stockings they hung by the fire place. But everybody present enjoyed the entertainment. The church was filled with people.

The Clemens Reunion was held at N. Clemens' in Gaines on Christmas. Twenty-two people were present. The only visitors present from a distance were W. B. Bowman and wife from Oakfield. A general good time was enjoyed by all present. It was decided to hold the next Reunion at J. Rosenberger's, of this place. The Stauffer Reunion was held at N. Shirk's, about a mile from this village, on Christmas Day.

The D. Kinsey family had a Christmas dinner at Mr. Charlie Kinsey's.

Mr. Allan Gale, telegraph operater at Ramus, spent Christmas week with his parents and friends here.

Norman Amon, of Vestreburg, spent the day with his parents.

Mrs. Jos. B. Weber and daughter Carrie, of Leighton, spent Saturday with her father, Mr. Geo. Kraft.

Cupid has been busy again. No fewer than two weddings in this vicinity took place on Christmas Day, and Joseph Shis ler and Mrs. Ellen J. Brown were mar

There still remains the best of Government land open free to settlers. That is to say, 160 acres for only an entry fee of $10. This, too, near station, and along the railroad. An immigrant shed is erected at the station for settlers to occupy until they have located their homesteads and erected buildings.

We have proof, extending over twenty five years, that is to say, the Government is in possession of the evidence that Manitoba and the N. W. Territory is the best country in America for general agricultural purposes. land which the Hudson Bay Co. had in possession for nearly 200 years, for trapping and hunting purposes, and of which, notwithstanding its capabilities, they raised neither grain nor vegetables, excepting what was required for their own immediate use. The District of Alberta is particularly well adapted for dairying and cattle raising, on account of its rich hay meadows and pastures. There is not much snow in Winter, and the sowing season ranges from the first to the middle of April.

Yours truly,
JACOB Y. SHANTZ.

Big Blaze in Guelph.

On Saturday night last "The Lion", J. D. Williamson and Co's well known dry goods house on the corner of Wyndham and McDonnell streets, was almost completely gutted by fire. The blaze was discovered about 10:30, and it was six o'clock the following morning before the determined efforts of the firemen gained the mastery. The fire originated in the staple department, behind the counter on the McDonnell street side, and was of small proportions.

When the brigade arrived a line of hose was run through the front door, and the fire in that quarter was soon extinguished, but while efforts were thus being successfully put forth to subdue what was regarded as an incipient blaze, the flames had crept along the joists of the basement, and thence through a flue to the upper flats of the establishment. Before the firemen were aware of it, the work room on the second floor was a sheet of flames.

At one time it looked as if the whole block, containing Neil's, Fitzsimmon's, Mooney's and Henry's stores, was doomed, and with it probably the Mercury office, and the immense factory of the Bell Organ and Piano Company, which are separated only by a few feet.

The ruins of the store presents a woeful appearance. Most of the stock is entirely destroyed, and the balance is badly damaged by fire or water. J. D. Williamson and Co. estimate the damage to the stock at $30,000 and their insurance is $25,000, divided among the several companies, including the Wat. Mutual, Lancashire, Commercial, and others. The building, owned by the J. D. Williamson estate, is badly damaged, but to what

I lost a pair of scissors out of my fishing-book at the end of the lake. The next year I was fishing here again and hooked and killed a very large pike. I felt something hard inside him, so I opened him and what do you think it was?" "Be gorra, then, your honor, I'd think it might be your scissors only for one little thing?" "What is that?" asked the other. "It's only this, your honor, that there never was a pike in all the Killarney lakes since the world began." Afterwards the same Englishman tried the same story on a gillie in Scotland. When he asked him, "What do you think was inside the pike?" the gillie replied, "Your scissors and nae guts. I'll fish nae mair wi' ye" and off he walked.

"But you," exclaimed the ardent lover; "you are peerless!"

"True," she replied scornfully; "but that is easily remedied."

John Sampson's Conversion.

"But there!" said Samuel, as he reached the end of his story. "There's a lot' many Christians, as they do call themselves, that do read the Bible in no better fashion than old John Sampson. * * *

G'wan, Jess!"

He shook up the reins and awaited the question which he knew would not be long delayed. "Who was old John Sampson?" I asked.

"Another of the many people that I knew before you came into these parts," was the answer. "Wheal Dream had not been stopped in those days, and John Sampson came from over to Tallywarn to work there, and took lodgings with mother."

"And he did not read his Bible very wisely?"

Sam'l chuckled. 'He didn' read it at all first going away,' he answered. "Mother was a woman of some conscience; she used to wonder whether it wadn' laid upon her to turn him to doors and starve, rather than have such a man under a Christian roof. I believe he was sober enough and no great swearer. Indeed, so far as I can remember him, he was a man that hardly ever talked about anything. But he never went to chapel.

"He used to spend Sundays on the moors in good weather, and when it rained he would sit smoking in a little shed where the donkey-cart was kept. It be was by when mother prayed before sending us to bed he would go outside and sit on the garden wall with his pipe in his mouth. I've known her to pull down the window and pray almost in a shout, on the chance that some word in season might strike him like a javelin and bring him to a proper frame of mind.

"He stopped in Pentreath for some years, and 'twas always the same with him. Then one day he came into the kitchen with a very strange look upon his face. 'Beg gin' your pardon, Mis' Gurney,' he said, 'but could 'ee give me the loan of a Bible?'

"I can see mother's face now, for I was growing a big boy by this time. 'A Bible!' she said. 'There's want a Bible! Praise be for that! I'll give 'ee a Bible.'

"Well, she gave him a Bible, and after that she watched him pretty closely. And, 'Ah!' she said one day, 'the influence of a Christian family is a thing that must tell.' For old John Sampson stuck to that Bible like a limpet to a rock, and was all the time reading it. Mother noticed that he began at the beginning and read straight through—genealogies and all; and was sitting in the doorway reading away for dear life. So she went forth and told the news.

"Mother was pleased enough to have matters as they were for a time. However, after a bit, she thought 'twas a pity the old man shouldn' go further, having begun so well. So one Sunday morning, when he took up the Bible and was going out sit on the little seat that stood against the front of the house, she spoke:

"'Wouldn' 'ee like to come to chapel, John?' she said.

"He looked back with a curious bit of a smile.

"'No,' he said, 'I'd rather stop here and read.

"Very soon John Sampson went into town one Saturday by Jimmy Hayle's van, and brought back a fat red book, which turned out to be a dictionary. After that he always had the two books by him at the same time. He would stop in the midst of his Bible-reading and turn over the leaves of his dictionary like a man hunting for some thing. But he never seemed to find it—whatever it might be. And presently he finished the last chapter of Revelations, and shut up the book with the air of a man come to the end of a long job, and not too well pleased with what he'd done. He laid it down upon the table.

"'I suppose you haven't got another Bible in the house? I should like to get the loan of it, if you have.'

"'Why, man,' said mother, 'Isn't your Bible, that I gave 'ee, good enough for 'ee? What difference is there between one Bible and another?'

"'If you've got another,' he said, 'I should like to get the loan of it.'

"Well, mother was only too glad to have the old man read the Bible at all. She humored him and fetched out the great, big Family Bible. And he began again at Genesis and went right on to Revelation. He still kept the dictionary by him as he read, and would still turn away from his reading about once in ten minutes to 'look it in that dictionary for something he never seemed to find. More than once mother hinted about his going to chapel, but his answer was always the same. 'No,' he would say, 'I'd rather stop at home and read the Bible.'

"And when he came to the end of the Family Bible a strange story began to be told about him. For he went forth and borrowed another Bible and commenced again at Genesis. At the end of a year he had come to Revelation again, and then he went and borrowed another Bible. 'Twould be a bold thing to say a man was touched in the head and gone totelish because he was all the time reading the Scriptures. But what puzzled everyone was that John Sampson should never be willing to read the same copy more than once.

"At last, after much talk upon the subject, everyone was convinced that he was really a little bit dotty; for a man came to Pentreath selling cheap Bibles, and John bought three copies, varying in size like three children o' one family. He put two in his drawers, and went through the other in the usual way.

"Now, can'ee guess what he read the Bible for? No need to answer, for you wouldn't be right if you guessed till Doomsday. Nor did anyone in Pentreath ever dream of what had worked the change until John Sampson died suddenly, when he was about half-way through the third of his Bibles. Of course, they searched his bureau and so on; and at last they found an old pocket-book. In it was a piece cut out of the 'All Sorts' column of the Argus:

"'Anyone who discovers a printer's mistake in a copy of the Bible is entitled to receive a reward of one guinea.' And the secret was out."

ORIGIN OF JINGO.

How It Came to Apply to Advocates of a War Policy.

The origin of the word "jingo" is interesting at this time when one is confronted with it so often. At the time of the close of the Russo-Turkish war, which, as all readers of history know, terminated so disastrously for the Turks and caused a feeling of apprehension in England that the Russians

Stating that henceforth the Immigrant Sheds at Lindsay will not be wanted, and that the Hon. Mr Cauchon will be the final settlement,

I am sadly surprised, as it would be contrary to the purpose making I gave to the intending settlers inquiring about details of the country, as to the best path and most convenient place to settle in the N.W. Territories if I would use the Sheds for other purposes.

I mentioned different new settlements, but Lindsay the most convenient place to stop, that there is a good Immigrant Shed there (good water) to lodge in, till they could look around, select their homesteads and put up a shelter, as it would be a disappointment if it was used for other purpose.

I understand that I have to pay the balance of the half fare, as I could scarcely afford to let it remain to be made an Immigrant Shed, besides it would need some body to look after, and take care of it.

Sir,

In reply to your letter dated the 2nd Inst., file 38, Im. I would suggest that the Immigration Department issue a cheque covering the amount viz; five hundred dollars, $500.00 covering the rent of Shed at Didsbury, which should then be transferred to the Lands Department; this Office cash book has no column for contra accounts. In your letter of the 17th of January, you mention this land in the Edmonton District. I now to inform you that it is in the Calgary District.

Sir

Yours of the 4th inst was received on due time, I beg to be excused for not answering sooner. As I wanted to get information from the east in regard to the emigrant stock at Salisbury Point. I thought perhaps if the Government would know that I was in use all the time and as the prospect that it will be largely needed next year they may see fit to start in the commencement. To continue, I will say that I visited the above mentioned farming district and was shown some by the excellent crops, and as shown some by the excellent crops, and as all information given, but as there is no timber within about 15 miles they ye further, both had it not been for the convenience of the steel and a few first class settlers, I likely no settlers would be there. Through the steel being there and my effort for a start at that place, as well as other places. There are now 29 settlers around Salisbury Pla. the have emigrants from Illinois, Ohio, and a number in ent, about the county, and, how to get there & have no doubt some will go next year, others as soon as they can arange matters to go.

I might mention that I had inquired of some of the Gov. officials when I build the shed whether I could get the half fee, I required for doing so, the reply was that there was no law for it, but that the Govt. ought to rent it to the extent of the value of the hay &c, and you the management that it was well worth it, besides it was not taking money out the treasury as it be homesteaded anyhow.

I had no agency nor any remuneration, the last four years but I have a good deal of correspondence, considerable from Germany all parts of the western States as well as in Ont. the present year, may not know that I have written German pamphlets at two different times and one in English. Consequently my address is known in Germany and the U.S.A. When ever I get a correspondence I give all the information in writing and besides made a passage of Gov. Legislature.

I refer you to the Hons. Speaker minister of Agriculture and the Hon. Hespeler, Immigrant agent, for Manitoba in the Ministerial administration as to the interest, and hardships I went through in settling Manitoba, as well as ever since.

I also give you a statement of what has been done in way of improvement on the half sec. has been cropped this year, (some 12 acres was cropped three years) a well with plenty good water a frame stable 36 x 16

To the Honorable the Minister
of Interior Ottawa

Dear Sir Allow me to give a brief statement
of my efforts to start a settlement at Lidstone
Ala. I left Ottawa the 4th of May reached
Ala. the 11th. In the summer of 1892 a few of my friends
for the Interior to go with them to
Alaska to select a suitable place on which to start
the Doukhobor settlement. I had been strongly
recommended by the C.P.R. officials before I left
Ottawa and a small immigrant shed was a handy
shelter on account of the heavy storms there were
at Lidstone Landing over the country there
Lakes. I found the land come Mr. Smith at Mission
Creek
overed with a heavy growth of fine spruce timber
neither I could get a lot to suit me. I saw it was
I would just as well go
on, he told me that there was no land open for
unless I would settle on a claim and live
only a mile. But he told me the Chief
Inferior had power to lease the Steamer
to any of the half dozen
Bay and there
Lake Tuesday afternoon

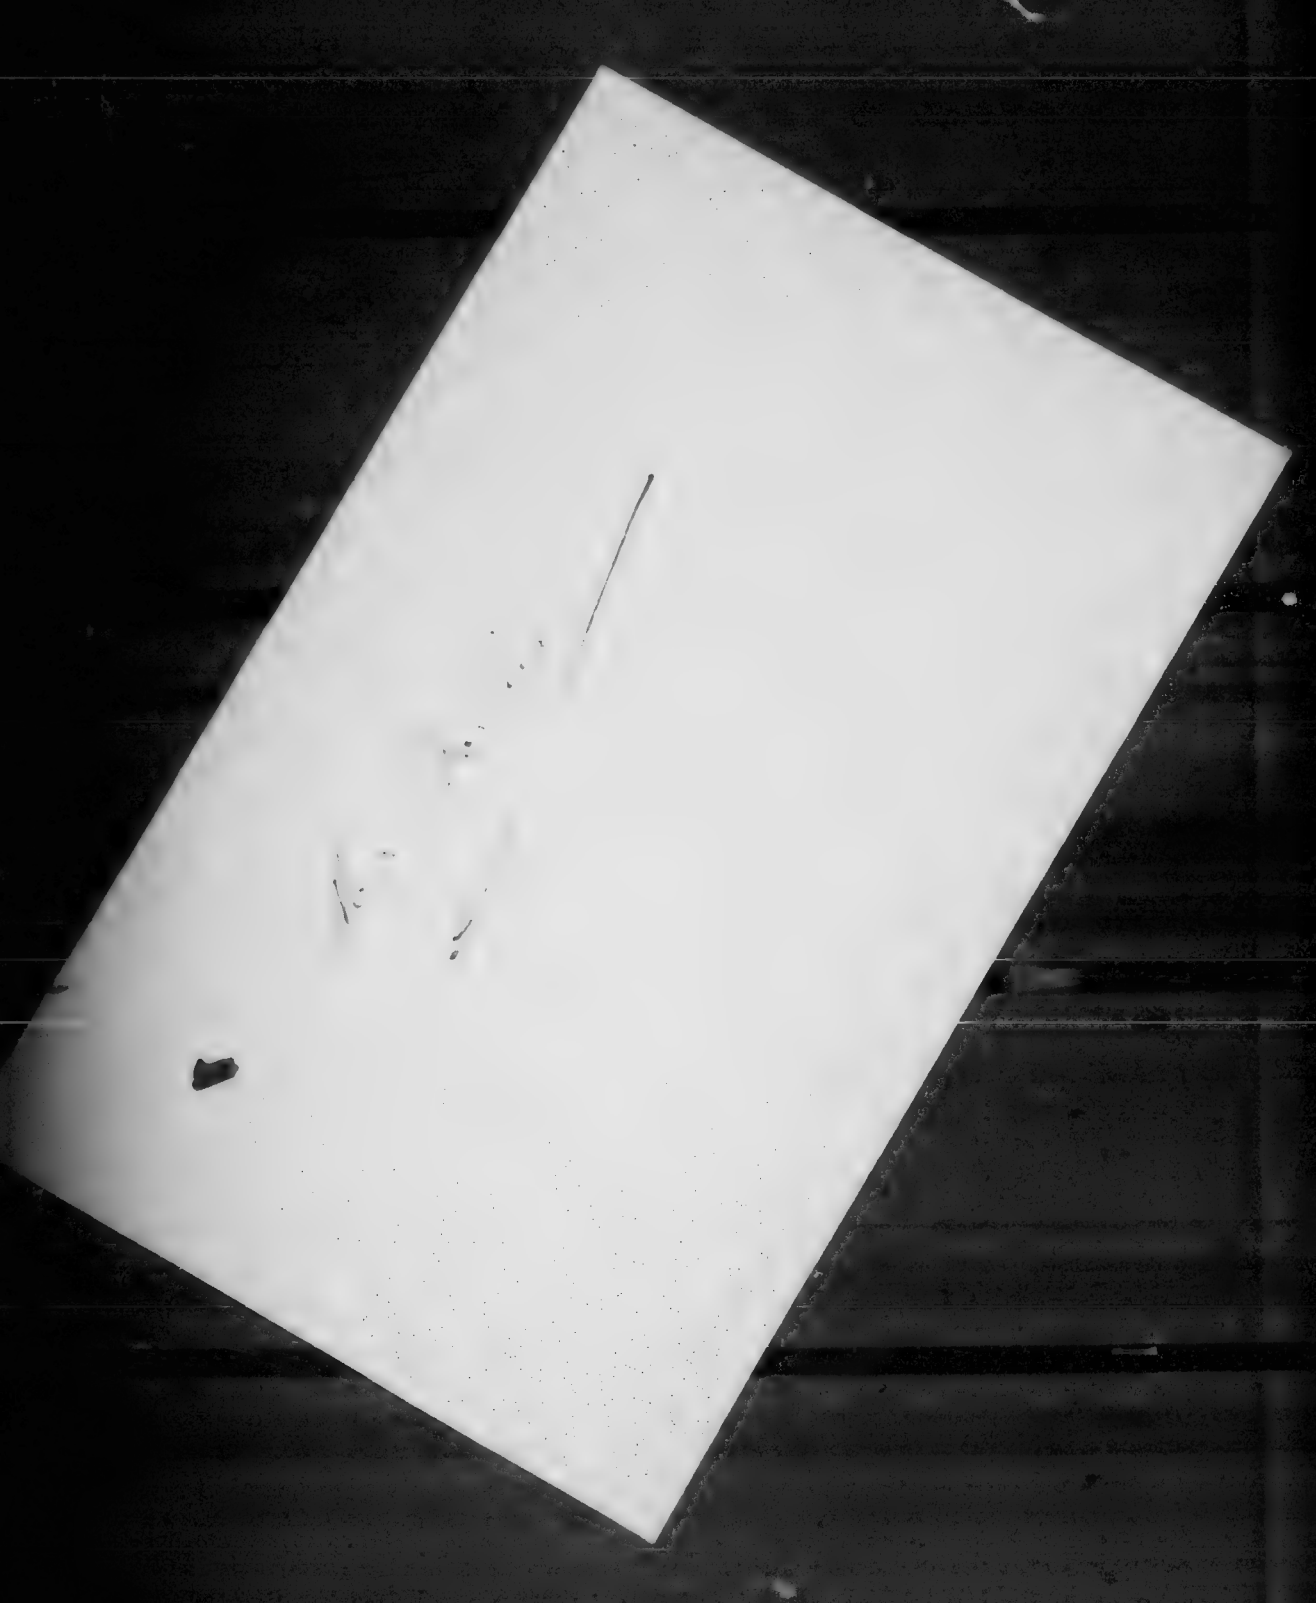

ust and a well stay, and good water formed.
In good faith I built the shead before first season
the Minister of Interior.
On my way home I saw him. ~~on my way home.~~
he agreed to allow $20 a rent for a year, as part pay for the
half sec.
If I would build a caretaker and shave posts to
ground, and continue from year to year furnishing
it was rented, for five years. which would have
paid for the half sec.
This rent commenced in Feb 1893, in the
summer of 1893, and 1894 the shead was occupied
with settlers coming, and a great deal of time taken
by the caretaker to show them around.
By 1895 it was only occupied by such that stopped
to see the country, but located on other places
Consequently, the Minister gave me a lot 2½ years
$500 a staying he thought they had no further use
for it. But in 1896 and 1897 it was occupied by
several by a few coming settlers and they staying
some eight came and no more intend to come
in Oct. intend to stop in the shead during the
winter and get out timber during winter.
As the timber is far to before and the most to pre
be build with lumber, they need the shead the
longer, and there is no other place for them to stop
The privilege of the shead is an inducer
for settlers to come. By correspondence from,
various parts of the United States, and Canada as
well as now and then from Germany I have
reason

I presume to believe that for a few years confirmation
there will be more blessing at this place than before it
was very much decreased on account of drouth and grass
but it proved quite [illegible] some settlers came in.
Please excuse me for mentioning why I still get
[illegible] correspondence two different times I wrote
a Statement of Manitoba and its progress in German
which was printed and sent by that my address is known
in Germany. and also one in English in 1873,
and employed by the Mackenzie Gov. to accompany
the Mennonite deputation [illegible] to Manitoba, and afterward
in 1875 the loan that was granted by the
Mackenzie Gov. was distributed [illegible] with the aid
of a Mennonite committee, and also collected it.
I make no claims for that simply that you may
know why I get the correspondence, still yet
although having no agency.
All the claims which is made is for rent in the sheet
to continue by keeping a caretaker and the three people
around, to pay the balance of the half sec.
The five years formerly mentioned is past
but I am willing to come if for that purpose
after five years if needed
The cost of the sheet, stable and the well.
was $900 ⁰⁰

DOMINION LANDS OFFICE,

Calgary, Jan. the 11th, 1898.

Sir,

I beg to report that I have made enquiries regarding the building erected at Didsbury by Mr. J. Swartz for Immigration purposes. The building is occupied and has been for over two years by Mr. J. B. Bitwiler who is the local Preacher at this point, and he also keeps the Post Office.

The emigrants occupied the building in 1896, and I have been informed by Mr. Clark who is the Conductor on the road between Edmonton and Calgary that no emigrants got off there since he is on the road which is nearly three years, so I think Mr. Swartz has been well paid for the building and for all the use emigrants made of it.

I think if he was paid a small rent when it is used by emigrants should be sufficient.

By consulting the file you will observe that you wrote almost the same letter on the 17th December, 1897. On the 23rd December of that year I wrote Mr. C.W. I presume a mistake has occurred through my not having sent this report to you instead of to the Superintendent, and I now beg to enclose copy of Mr. Sutter's report, which I trust will be satisfactory, as I am informed the same condition exists now as at that time.

Hon Clive Phillipps Wolley

Dear Sir

I will give a statement of my transactions to get a settlement started at Vidsbury to be presented by Mr J B Jetniker to you as he knows my doings and can testify to the truth of the matter in a large measure.

About 12 to 15 years ago our Waterloo Co. people Immigrated largely to Michigan Iowa and Dakota. I thought if we could start a settlement at some point where many could settle together we would keep many in our own country of those continuing to go to the Western States

In 1892 Myself and 6 others with me that wanted to settle somewhere, wanted me to show them some place the most convenient where there is good land We went to Old (there was no building at Vidsbury) where there was Two buildings and a Station a few homesteads taken it did not suit us there We came down to Vidsbury Siding, and looked all over the country there. We liked the country around there, the question was how can we locate here where there is no wood no shelter and no water (it was dry at the time)

I told them If the Gov. allow me a half section I would put up an Immigrant Shed and dig a well I came to Calgary and asked the Gov officers if they thought

Jacob F. Stuart

159

I could get a half sec. without nothing on it my fly
they said it is doing a great deal but there was no
law for it, advised me to see the land commissioner
on Winnipeg. But as I was there and had a few
men to help me I took the risk without first seeing
the Minister of Interior.
When I came to Mr. Smith Com. on Winnipeg he told
me, if the Shead was needed, the Minister had a
right to rent it from me. so he agreed to allow me
$200.00 per year on payment of the fees of the
land. Providing it was needed, and I was to keep
a man in care of it and show people around when
they come. He allowed me $500.00 for 2½ years, and
closed down on me, thought it was no further needed
&c. so happened that the third year only a few settlers came
and since that, it was much needed.
I think if I had not built that shed, stable, and well that
many fine of the class, or any other settler would have
had a number on the U.S. &c. I got 1000 large bills
printed, stating the privileges, and canvassing to get
them I circulated them like amongst people that had
formerly left here. The consequence was that it turned
the tide to Alberta from here and quite a few that
left here are coming back from there.
The shead stable could well cost me $300.00 not is so
constructed that a family can live in comfortable
at one end, it is 20 x 100 ft.

Jacob J. Shantz

159

If you kindly take the matter in hand as a member
and friend. I will gladly pay you for your trouble
By sending out these books and pamphlets written
in English and German pamphlets for the Gov. my
name and address is widely known, so that
I get inquiries that wants to know all about
the country even now and then from Germany. I
had two different sort of Minn. inquiries about
the 160 Ac. men partition from Alberta District.
and some yet a better stating that about 30 families
intended to leave for the 160 Ac. of Canada tho staying
owned from Dakota and Mich. also.
I have a great deal of callers about the country
and how to get those allotments sometimes through that
Ontario. Living four are leaving for the U. S.

Sir,

I beg to enclose a letter from Jacob Y. Shantz, making a claim for the balance due him for construction of the immigrant buildings at Dilsbury, Alberta. He states his case very clearly, and it can be either substantiated or contradicted from the fyles of the Department. As to the success of the Settlement, and the usefulness of the Immigration Hall during the present, and past few years, and likely for some time in the future, I can give you every assurance. Kindly look the matter over and give the most favorable consideration possible to Mr. Shantz' claim, and acknowledge for transmission to him.

Sir,

Your letter of the 2nd instant, to Mr. Turriff was handed to me, and I beg to enclose herewith, for your information, a statement of Mr. Shantz' case, prepared by the senior clerk of the Immigration Branch, dated the 4th of December, 1897.

Encs.

I also enclose a copy of a letter from the Commissioner of Immigration at Winnipeg, dated the 15th of January, 1898, and copy of a report from Mr. Sutter enclosed therewith. Also a copy of a letter from the Assistant Secretary of the Department to Mr. Shantz, dated the 2nd of February, 1898.

Mr. Shantz wrote again to the Minister on the subject on the 26th of September, 1898, and on our referring a copy of his letter to Mr. McCreary, he reported on the 4th of October, 1898, that the conditions as stated in Mr. Sutter's report of the 11th of January that year remained unchanged, and Mr. Shantz was notified accordingly on the 11th of October, 1898.

This closed the matter as far as Mr. Shantz' claim for further compensation was concerned.

Since then, I understand that he has made a payment of $100 on account of his purchase, and that very favourable terms have been given him for the payment of the balance.

Sir,

I am in receipt of yours of May 14th with memo from L.M.Portier regarding claim of J.Y.Shantz for rental on his building at Didsbury to be applied in payment for his land. I am somewhat at a loss to understand the case. It appears as though the Department took the stand that the building erected by Mr. Shantz has not been used as an Immigrant Shed since about 1898. As a matter of fact there has been a great deal more immigration into the Didsbury settlement during the past two years than any previous season, and I have every reason to believe that the Shed erected by Mr. Shantz has been used by these immigrants. If he is the owner of the Shed I presume he is entitled to rental for it; and, I presume the Department would not take the ground that the settlers establishing themselves at Didsbury are not as valuable as any other settlers in any other part of the country for whom such accommodation is usually provided. I quite understand that you would necessarily feel compelled to accept Mr. Portier's report as to the parties occupying the building; but it is quite possible that immigrants for the Didsbury Settlement

House of Commons

got off at Olds, that being the nearest point where there is a Station Agent. There is no question whatever that in '98 and '99 the Settlement increased very, very largely, whether the settlers got off at Didsbury Siding or at Olds Station.

I would respectfully suggest further inquiry as to what use has actually been made of this building of Mr. Sharpe's, by immigrants, since the Season of '96, before a decision is reached in the matter.

Sir,

I beg to acknowledge your letter of the 25th ultimo, stating that you are now prepared to pay off your indebtedness for the South half of Section 18, Township 31, Range 1 West of the 5th Meridian; and in reply to inform you that the amount of principal due at the present time is $341.25, and not $360.00 as mentioned by you, there being the area covered by the right of Way of the Calgary & Edmonton to be deducted from the area of the half section in question.

In reply to your question about an assignment of the land, I am to say that it is allowable to assign this land to another person on fulfilling certain conditions. The deed has to be filed with the Department here, and must be an unconditional assignment; $1.00 registration fee must accompany the transfer, and in order to show that the assignor is in a proper position to transfer the land, there must also be filed an abstract of title, and Registrar's certificates. On receipt of these documents, and the fee, if satisfactory, the assignment can then be registered in the books of the Department, and the patent will be issued in the name of the assignee when the land has been fully paid for. For your information I enclose a copy of Circular Letter of 23rd January la
